THERE is a curious diversity of taste among smokers as to the kind of pipe they prefer. Some like like the clay pipe best, others prefer the briar root, others again the meerschaum, some must have the pipe well seasoned before they can enjoy it, others again must have a new pipe and throw it away when it gets a little old. But though this diversity of taste among them is curious it is not at all curious that there is substantial unanimity among them that the "Myrtle Navy" brand of Messrs. Tackett & Son is the genuine article.
