

The Liberal-Conservative Candidate Dr. Jenkins.

Liberal-Conservative committee rooms: Connolly's building, Queen Street, Store lately occupied by W. & A. Brown & Co. Open all hours.

THE DAILY EXAMINER. AUGUST 7, 1884.

ELEVEN REASONS

Why the Liberal-Conservative Candidate Should be Elected.

1. Because no interest can be promoted by the election of an opponent of the Government.

2. Because no interest in the County demands a contest at this juncture but that of Mr. L. H. Davies; and electors should show Mr. Davies and all other factious politicians, that they do not care to be put to the expense and loss of time involved in an election when there is no necessity for it, and no public good to be promoted or gained.

3. Because there is in Mr. Welsh's "Independent candidature," at the instance of "red hot Grits," an attempt to play fast and loose with the County which should be punished.

4. Because the Liberal-Conservative Government, led by Sir John A. Macdonald, have acted in a more friendly spirit towards the Island than their opponents have acted.

5. Because the Liberal-Conservative Government gave us the Cape Traverse Railway in spite of the protests of Mr. McKenzie that the Dominion had "done very well for the Island" and had "carried out the Terms of Union to the utmost possible extent."

6. Because, notwithstanding the false statement of Mr. Blake that the Dominion is losing millions of dollars by the Island, the Government continue to make liberal grants for the maintenance of our Railway, etc.

7. Because the general policy and administration of the Government are admirable, and have been followed by results which, when compared with the "fly-on-the-wheel" policy and administration of the Grits, are truly splendid.

8. Because the honor of the country has been saved, and our Great Lone Land opened up for British settlers, without loss to the tax-payers, by the construction of the Canadian Pacific Railway—a gigantic task, successfully undertaken by the Government, though their predecessors had repeatedly failed in it.

9. Because we are more likely to obtain Reciprocity by supporting the present policy of the Government than by throwing our markets open to the Americans free gratis for nothing, and going down on our knees to beseech them to give us fair trade in return.

10. Because the country is prosperous under the Liberal-Conservatives, and does not need "Independent-Grits" to assist in its Government.

11. And because, while trade has been expanding, and while the wages of the people have been increasing, the prices of most of the commodities of life have been lowering, and "goods" are now "cheaper than ever."

Editorial Notes.

—Mr. L. H. Davies is off to Belfast again, though Mr. Welsh said he could do better without him. It was understood that he would not go into the district again—but any dodge to get clear of "that man Ferguson!" Mr. Ferguson, however, got wind of the dodge, and followed after.

—Reports from the Liberal Conservative organizations throughout the country are very encouraging. The associations formed have appointed canvassers for each School District, who are at work for Dr. Jenkins. The officers of the several organizations will please report the names of their officers to the Secretary of the Association in Charlottetown.

—In its report of the Eldon meeting the Patriot says—"The EXAMINER reporter was present at the meeting. We will see whether he will give a truthful report or not." Well, let the electors who were present, judge. We have to point out one or two errors of omission in the Patriot's report. There is in it not one word about Dr. McNeill's reference to Mr. Donald Farquharson's plea for the use of money; not one word about the cheers for the "Liberal-Conservatives," the counter cheers for the "Independents," and the significant failure to raise a cheer for the Grits!

—The Summerside Journal, which has all along opposed the Government, puts the question in this way:—"Our policy as Islanders, we would say, is to endeavor to return a man who will

succeed in obtaining some measure of justice for this Province, and induce the Dominion Government to give larger grants for the improvement and construction of our public works. But we fear if the electors of Queen's County return Mr. Welsh, the Liberal Candidate, who is, as every one knows, a pronounced opponent of the present Dominion Government, they will defeat the object they seek to obtain. The present Government at Ottawa, all must admit, is still very strongly entrenched in the favor of the people, judging from the fact that during the last two years, since the General election, that of the twenty or more by-elections held, but few, if any, has the Government lost, and their present majority in the House of Commons is something over seventy, so there is little or no chance that we can see for a change during the coming three years, or before the next general election, so that any thing we, as a Province have to expect must be from the present Dominion Government. To elect Mr. Welsh, then, could have no good effect that we can see, but rather the contrary. He would go to Ottawa, not as a supporter, but as an opponent of the powers that be, and it is unreasonable to expect that he would have as much influence as Dr. Jenkins, a pronounced supporter of the Government."

Meeting at Pownal.

LIBERAL-CONSERVATIVE CLUB FORMED.

A meeting of the representatives of the different school districts in the Lot 49 polling district was held at the store of P. M. Jenkins, Esq., Pownal, on the 5th inst. A Liberal-Conservative Association was formed, and members of the association from each school district were appointed to make a personal canvass of the district. The officers of the association report that they intend to work to secure a large majority for Dr. Jenkins on the 19th inst.

Dairy Association.

KING'S COUNTY.

A meeting was held in Montague New Hall on Tuesday evening, the 5th inst., for the purpose of organizing a Dairy Association for this section of King's County. W. H. Lynch, Esq., of Danville, Ont., kindly delivered a lecture on this very important subject. John Hamilton, Esq., was appointed chairman, and introduced the lecturer. All present were well repaid for coming to hear him, and received many valuable hints in the dairy industry. Mr. Lynch is well informed on this subject. At the close of the lecture the meeting was addressed by G. F. Owen, F. G. Boyver, J. D. Dewar, R. W. Sprague, Esq., and others. The Association was organized on the motion of Mr. Boyver, seconded by G. F. Owen, by appointing John Hamilton, Esq., President, Jas. D. Dewar, Esq., Vice-President, and the undersigned Secretary. It was resolved that the next meeting be held at the New Perth Schoolhouse, on the first Tuesday in September, at eight o'clock in the evening, and desirable that all interested in this very important branch of industry should then be present. Some important papers will be read, and by-laws submitted for the future government of the Association.

At the close of the meeting a unanimous vote of thanks was tendered to the Lecturer. JOHN D. BELL, Secretary.

Grand Picnic at Crapaud.

On Saturday last about twenty-seven carriages left Crapaud Corner laden with the beauty and fashions of the place, for Dunk River, at a distance of sixteen miles; all anticipating a grand time. The ladies smiling and the young men joyful, arriving there in good time for tea. We spread the good things provided by the ladies on a beautiful green near the brink of the river and not very far from the Salmon Hatchery. After partaking of all the delicacies of the season, one of the party complimented the ladies on the way they had provided such luxuries for the occasion.

Three cheers was then proposed for the ladies and also three cheers for Dr. Jenkins, the candidate for Queen's County. Both were heartily responded to by all present.

We then wended our way to the Hatchery, of which Henry Clarke, Esq., is the manager. Mr. Clarke kindly invited us to inspect the premises; after which we started for home, all being satisfied with the day's pleasure.—Com.

Irish Interests.

LARGE REDUCTION OF RENT—CONDITION OF THE COUNTRY IMPROVING.

A letter from Mr. Parnell to a local Secretary of the National League in Ireland has just been made public. In this Mr. Parnell, says he anticipates, as the outcome of the Parliamentary Committee's report, that an important improvement in the condition of the laboring class in Ireland will be effected. Officials of the local government board have given evidence confirming the report circulated by the Irish party that a measure is to be proposed, giving local authorities power to take or lease land, whether attached to laborers cottages or not, for the purpose of letting it to the laborers at moderate prices. The measure will also empower the authorities to make repairs in the cottages. A return has just been made to Parliament in regard to the operation of the Irish arrears of rent act. According to this, the sum of £2,570,000, which was owing to the landlords by the farmers, has been wiped out under the act since 1882. Of this large amount Ulster gained £820,000 in remissions of rent, Leinster £250,000, Connaught £1,000,000, and Munster, £500,000. The National papers, commenting upon this return, state that the land act has already secured to the farmers a permanent reduction of rent exceeding £500,000 yearly. The Bishop of Limerick, the Earl of Westmore, and other members of the commission which has been considering the condition of education in Ireland, state that the curtailed rents were earlier and more readily paid last year than any time since the Parnell agitation began. The relations now existing between landlords and tenants are amicable. Primary schools established for the benefit of the tenants are everywhere appreciated. The government has resolved on a large reduction of the forces in Ireland.

Sexton's Back Down.

A special to the Toronto Mail says:—It is evident that the departure of Michael Davitt is disarranging the plans of the Parnellite leaders far more seriously than they are willing to admit. Your correspondent had a brief interview with Thomas Sexton, M. P., just before he started for New York to attend the Irish National League Convention, to be held at Boston on the 14th inst. Sexton was profuse in his explanations for the sudden change in the plan of his travels, which formerly embraced a tour of the United States and a visit to Australia, but which now contemplates only a hurried visit to Boston and immediate return to Ireland. He would not admit, what every one else believes, that Davitt's threat to meet him on the platform wherever he went in America had frightened Parnell and himself into a change of programme, still he did not distinctly deny this, but skillfully parried all questions that were meant to lead up to it. He said his presence would soon be urgently required in Ireland to attend a number of conferences which are soon to be held. First there was to be a conference of the representative Irish National League throughout Great Britain early in September, and as a member of the executive council of that organization it was incumbent upon him to attend; secondly there was the necessity of preparing for the autumn session of parliament, and thirdly and chiefly there was to be an important consultation of the executive league upon the general political situation, especially with a view of meeting an attempt to supplant the duly constituted leaders of the league, such as that made recently at Belfast. These all seem to be very good reasons why Sexton should speedily return from America, but the very natural comment upon his present explanation is that all these coming events were known to him two weeks ago when he publicly announced his tour of America and Australia, and did not then deem them sufficient reasons for renouncing his trip.
