P.E.I. Rifle Ass'n Names Four Life Members

By STAN BOWLES
Guardian-Patriot Staff Writer

Four members who have each been active in the sport of rifle marksmanship were made the first life members of the P.E.I. Rifle Association at the annual meeting last night. It was held in the YMCA.

The four who started their activities in the sport between 1907 and 1912, are Capt. Alan J. McCabe and Sgt. P. J. Landrigan, both of Charlottetown, and Lieut. Percy T. Hooper and Sgt. Roy L. Coles both of Milton.

Lieut. Ralph E. Jenkins, Charlottetown, was re-elected to the office of president for his fourth successive year. Lieut. Jenkins won in a close vote against his opponent Lieut. Mary MacLennan Lea, Murray Harbor.

In his report on the activities of the 1962 season, the president dealt briefly with several of the highlights, such as the Inter-Maritime Match at Bedford N. S., the provincial prize meet, and the Dominion meet in Ottawa.

He paid special tribute to fine showings made by Flt.-Sgt. Mike Susick of Slemon Park, who finished up 23rd in the Bisley aggregate, a position that might well bring him a place on the 1963 Canadian team.

Tribute was also paid to Lieut. George Rogers, who last week was appointed adjutant of the Bisley team. This in itself is an outstanding honor.

Other reports received, were on the inter-Maritime team by Sgt. Roy M. Vessey, team captain, and on the Ottawa team, from team captain CPO Stan Bowles. Sgt. Landrigan submitted the financial report, which showed the association to be in a healthy state.

NEW MEMBERS

The report of Lieut. A. K. Mutch, chairman of the council, in his report made a number of suggestions for the new council to consider for providing young sho.ters to enroll in the organization.

He urged that all the present members get out and do all they could to bring in new members, pointing out that added strength gives more stability to any club.

Lieut Mutch, who was re-elected chairman of the council, invited council members to suggest items which the members could take under consideration for discussion at the next meeting, set for Thursday, March 14. at the YMCA at 8 p.m.

Among the suggestions, was the finding of a suitable candidate to take over the office of secretary-treasurer, which Sgt. Landrigan agreed to retain until that meeting. Also the matter of coaching at the weekly practice prize shoots.

It was felt that by this method, a lot of shooters, who find it difficult to read weather conditions would gain valuable knowledge, and also the executive could learn through those doing the coaching, who were the shooters that would work well under a coach in the firing of team matches.

In order to ensure that the council would in future take over more of the duties of operating the association, that body starting on May 7 will meet regularly once a month and on the first Tuesday of each month throughout the shooting season.

Lieut. Rogers reporting on the recent annual meeting of the DCRA, which he attended, said that he had learned that the No. 4 rifle now in use will continue to be the principal weapon for the coming season.

NEW BARRELS

With regards to the rebarrelling and rechambering of these rifles to take the new .762 ammunition he announced that the first of the new barrels would not be ready until the latter part of June.

Originally the DCRA had hoped that they would be ready by early spring, but production problems crept in and resulted in a two or three month delay.

Other officers elected were: patron, Lieutenant - Governor F. Walter Hyndman; honorary president, Lt.-Col. D. A. MacKinnon; vice - presidents, Kings, Lieut. Mary Lea; Queens, Capt. Roy McCabe; Prince, Tpr. Harold Jones.

COUNCIL MEMBERS

Other members of the council are: Tpr. R. B. Barwise, Sgt P. J. Landrigan, CPO Bowles, Flt.-Sgt. Susick, Sgt. Eric Coles, Sgt. H. T. Vesey, Tpr. R. A. Vessey, Sgt. Roy Vessey, Sgt R. L. Coles, SSM D. Ed Hilton's SDU varsity cagers play host to UNB Red Raiders tonight at Saint Dunstan's in their last regular Mar. Intercollegiate Basketball League game of the season.

The Saints, rated by coach Hilton not quite as strong as last year after losing two big players in Len Sirois and John Heine, have been improving every game out and although they lost to the powerful Acadia Axemen last week, looked good holding the Nova Scotians to a mere 52 points, one of their lowest scoring games of the season.

No matter who wins or loses tonight between the strong UNB five and the Saints, basketball fans can be assured of plenty of exciting and fast action.

Maritime Fishermen Increase Sales Volume

With fish and merchandise sales totalling $6,500,000 the United Maritime Fishermen Limited showed a sales volume increase of $1,500,000 for the fiscal year ending Dec. 31, 1962, according to statistics revealed by general manager, S.J. Campbell, at the opening session of the two-day convention held at the Fort Cumberland Hotel, Amherst, which concluded Wednesday.

In welcoming the 105 delegates and visitors, Joseph Gaudin, North Rustico, P.E.I., president of this central marketing agency serving the organized inshore fishermen of the Maritimes, stated that 1962 has been a banner year for the United Maritime Fishermen Limited. Mr. Gaudin underlined the fact that this co-operative had a very enviable record in its 30-odd year history it has never experienced an operational deficit; in fact, 1962 showed a very substantial surplus.

The president paid tribute to J.H. MacKichan who served the UMF as general manager for two score years and whose retirement commenced Jan. 1. A testimonial dinner in his honor was held at the Fort Cumberland Hotel in conjunction with the convention.

LARGE INCREASE

The substantial increase in sales was attributed mainly to two species of fish, live and processed lobsters and fresh and frozen fish products.

The directors' report indicated additional membership in New Brunswick. It was noted that during the past year the central lobster cannery at Richibucto Village, N.B., was destroyed by fire during the lobster production season. Temporary arrangements were effected that proved quite satisfactory and operations were carried on without much loss of efficiency.

A new modern plant is nearing completion and will be in operation in the spring. This new plant will be one of the most modern of its kind in Eastern Canada.

Mr. Campbell added that two new modern groundfish processing plants commenced operations at Baie Ste-Anne and Lameque, N.B., while the Pubnico Co-operative enlarged holding facilities at its modern and efficient salt fish plant. A new plant is now under construction at Alder Point,, N.S., and should be in operated in late 1963.

ACTION REQUESTED

During the year Mr. Campbell was appointed to a committee representing the Fisheries Council of Canada which presented a brief Jan. 28 to the Government of Canada concerning territorial limits.

Action requested by the committee was as follows: declare certain bodies of water as Canadian National waters; establish a straight base line to enclose the national waters; proclaim an exclusive fishing zone to seaward of the base line; recognize and negotiate historic treaty fishing rights; make a unilateral declaration with regard to these decisions, and enforce these steps.

The brief requested that the Gulf of St. Lawrence be recognized as Canadian waters.

The delegates present requested that a study be made relative to the processing and marketing of herring with the object in view of considering the possibility of establishing a plant with the facilities necessary to process this fish to meet new markets and to fill the gap brought about as a result of the shut-down of the pet food plant in Maine where in the past the surplus volume of herring was disposed.

Mr. Campbell, who served as assistant manager for approximately 15 years, has assumed the duties of general manager, following Mr. MacKichan's retirement. Arthur LeBlanc, field representative for N.B. becomes assistant manager and secretary to the board of directors. J. R. MacLellan is office manager and Austin Floyd is in charge of the merchandise department.
