Dr. Bonnell is Preacher At Georgetown  
A large audience, made up of worshippers from far and near, attended St. David's United Church, Georgetown, on Sunday afternoon when the special preacher was the well-known minister of Fifth Avenue Presbyterian Church, New York. Dr. Bonnell was at his best as he dealt powerfully with his theme, the conquest of fear. Multitudes today, said the preacher, are haunted by fears of various kinds, and these fears, like Banquo's ghost, spoil the feast of life. By bravely facing such fears, by receiving divine forgiveness wherein they are caused by evil in the life, by making restitution wherever necessary, and by opening the life to the incoming of God, peace will take the place of fear, and the previously tormented will be found "sitting and clothed, and in his right mind."
