THE PROGS.—North-west to north-east winds. Fair and cold

I. O. F.—Regular meeting of Court Avondale tonight at 8 o'clock, in the Mechanics Hall, new Prowse block. A full attendance is requested.

THE MAILS.—The boats left Cape Traverses this morning at 8:40 and go over to Tormentine at 12 o'clock. The boats from Cape Tormentine left at 11 o'clock bringing 60 bags of mail. They were not reported at this side at the time of our going to press.

THE STANLEY.—The Stanley arrived in Pictou this morning shortly after ten. She brought over nineteen passengers, five hundred barrels of flour, three carloads of seed and a lot of sundries. A special left here at 11:15 to bring the passengers to town which got back at half past three.

FUNERAL AT SOURIS.—Mr. R. F. McDonald, of Souris, has the sympathy of all in the loss he has sustained by the death of his wife, a most estimable lady and a great favorite. Her funeral took place on Sunday and was attended by an unusually large number of people. The mournful procession was headed by the Souris band, which played appropriate music. The pall bearers were John McLean, Fred Morrow, Captain Lavie, James McQuaid, Michael McCormack and M. Paquette. The service at the church was conducted by Rev. D. F. Macdonald, assisted by Revs. A. J. McIntyre and Dr. Walker. There were many exquisite floral tributes from friends in Charlottetown and Souris.

ONE WAY TO BE GENEROUS.—In the Baptist Church of a New England village was an old man who had all the Christian graces save one, and that one was the grace of liberality. He would do anything in the world for the cause of religion but give up his money. At the close of the financial year of 1898 the church found itself \$400 in debt. A church meeting was called, and it was voted to circulate a subscription paper on the spot, and endeavor to thus raise the sum needed. This was done, and the old gentleman did not put his name on the paper. The result was rather disheartening, \$200 only having been pledged. Silence reigned for a moment, when one of the most generous men in the church moved that "we double our subscriptions." Instantly the old gentleman was on his feet, and with extraordinary fervor, "I second the motion." He evidently felt that he was thus doing his part in hastening a most desirable result.—Harper's Round Table.

PERSONAL.

CITY COUNCIL MEETING

Important Legislation to be Asked for—Other Business.

At the regular monthly meeting of the City Council last evening Councillor Crabbe brought up the matter of the appointment of an inspector of milk and milch cattle and of dead meats. He referred to the prevalence of tuberculosis and the danger that lurked in the milk of cows infected with this disease. He urged the importance of having the tuberculin test applied, and of having the milk-dealer's premises thoroughly inspected. Regarding the sale of meat in the market he said that in some instances the article offered was unfit for food and its sale should be prohibited. He had asked the Recorder to look into the Act of Incorporation with a view to ascertaining what power the City had respecting the appointment of an officer of this description.

The Recorder said that the Act of Incorporation did not give the Council the power to compel the people to have their herds examined. It would be necessary to have legislation before action is taken along this line. He was of the opinion that an inspector should be appointed to inspect the premises of people dealing in milk and examine their cattle with a view to the application of the tuberculin test. He also deemed it advisable to have meat offered for sale in the market subject to inspection.

Mayor Warburton spoke of the dangerous nature of tuberculosis, and urged the importance of having the tuberculin test applied to the herds of vendors of milk.

Councillor Nicholson thought that there were some other matters regarding which legislation was also advisable, and submitted the following resolution:

Resolved, That the Mayor, Recorder and a special committee consisting of Couns. Nicholson, Hooper and Horne be appointed a committee to draft a bill embodying changes in the Water and Sewerage Act covering such emergencies as the retirement of Mr. Laird; also a further bill altering the City Incorporation Act by providing for election by ballot and a more equitable system of representation in the City Council, and for the regulation of clubs and places of amusement or resort of boys; and for the formation of a School Board consisting of ladies, having special control of morals and subjects especially within woman's province; also for enlargement of the powers of taxation, and further to obtain leave to purchase an electric light plant for the city and issue debentures for the purchase of said plant. The above committee to report back to this Council at a meeting of citizens to be called for the discussion of the same.

Councillor Lyons seconded the motion, which was adopted after some discussion in which Councillors Nicholson, Crabbe, Horne, Lyons, McCarra and Taylor took part.

The sum of \$1000 was ordered to be paid the City School Board on account of the estimates for the current year.

Councillor Crabbe reported that the Finance Committee had waited upon the School Board to see what reduction could be made in their estimates, and that they had declined to make a change in this direction. The Board had however appointed a committee of three to confer with representatives of the Council regarding the proposed change in the title of West Kent School property.

Councillor Crabbe gave notice that at the next meeting he would introduce the usual assessment by-laws.

A letter from Carvell Bros. regarding Pownal wharf was referred to the Finance Committee.

The bills ordered to be paid included \$500 to Col. Waring for sewerage plans, \$83.75 to McLeod, Morson & McQuarrie or professional services in 1897, and \$44.74 for medical and other expenses in connection with a recent case of diphtheria. Meeting adjourned.

POLICE COURT.—Two drunks Robert Davis and John Spencer—were disposed of this morning. They were fined \$2 or ten days each.

FLOATING THE GRANDS.—The work of floating the Dominion Coal Company's barge Grands, stranded on the Mi-couche shoals last fall, is to be commenced forthwith.

WANT INTEREST GUARANTEED.—The Brandon City Council has decided to ask the Manitoba Government to guarantee for 50 years the interest on Brandon's bonds, amounting to \$500,000.

POPULAR LECTURE.—Professor Caven has consented to deliver his popular lecture on "Two Scenes in Canadian History" in the public hall at Montague about the first week of April next. See later notice.

'Twill be Great Fun.—An exciting game of hockey will be played at the rink tomorrow night. Two teams picked from the Abegweit will be dressed as negroes and farmers. Great fun may be expected as the players will do their best to make the game interesting to all who attend.

FRUIT GROWERS.—The Superintendent of the P. E. I. Railway has agreed to issue tickets at one first-class fare to all parties attending the Fruit Grower's meeting in Charlottetown on the 21st inst., provided they present a certificate of attendance from the Secretary of the F. G. A. to the conductor when returning.

THE GUN KICKED.—At Newmarket, Ont., one day last week Robt. Ginty undertook to blow out an accumulation of soot in the stove of a smokestack with a charge of buckshot. He put in a very heavy charge, and, resting the gun on his knee, fired it off. The result was the gun kicked so strongly as to break his leg between the knee and thigh.

WOMAN'S SPHERE.—At the literary meeting in the Methodist Church last evening, Mrs. Walter P. Dault read a splendid paper on "Woman's sphere and work," which gave rise to an interesting discussion. Miss Dutcher, who presided, tendered the thanks of the meeting to Mrs. Dault for her excellent paper. After singing the National Anthem the meeting closed.

EPWORTH LEAGUES.—There was a good attendance at the second annual meeting of the Epworth Leagues of the Summerside District, which was held at Kensington a few days ago. Some interesting addresses were delivered and valuable papers read. Officers were elected as follows: president, Rev J. Goldsmith; vice president, Mr. Lewis Trueman; secretary, Miss Bentley; corresponding secretary, Miss Jessie Strong, Summerside; treasurer, Miss Bertie Wigginton, Victoria.

FINE PORKERS.—Mr. F. Younker, of North River, delivered at the packing house today five hogs weighing 1,065 lbs., six months old. These are considered one of the finest lots of bacon hogs yet delivered to the pork house. The hogs are of great length and depth of side, firm-fleshed, scantily haired and fine limbed. These characteristics are very pronounced, and are the prime requisites of the bacon class. Mr. Younker may well be complimented upon his success in growing the ideal bacon hog.

THE DUKE OF YORK AS A CARPENTER.—"It is not generally known," says a London contemporary, "that the Duke of York is an expert carpenter, and, if necessary, could handle a plane or use a chisel with many a man who earns his livelihood in that way. An interesting story is told of him in this respect. Some years ago the late Duke of Clarence locked his younger brother out of a room into which he particularly wished to enter. The Duke of York, then Prince George, simply hinted that if his brother did not open the door he would quietly put his foot through a panel of it. No heed was paid to this threat, and after a lapse of a minute or two Prince George proceeded to carry it into execution. After this was done conscience smote him and he knew he would get into a bother. So he obtained the necessary wood and setting to work at once planned another panel, put it in the door, got the bright coloured paint to match the other panels, and no one was any the wiser."
