

VISIT A. F. Campbell's Montague, Friday, and be measured by Mr. MacLean, W. R. Johnston's expert, for your spring suit.

GIRL GUIDES MEET - The regular weekly meeting of the First Montague Girl Guides Company was held in the Legion hall Monday evening under the leadership of guide Anna Power.

Continued from page 1

Opposition Leader

could not get off the Island by car but had to ship their cars to Borden by train. The money was there to at least look after one of these roads because we voted it.

The leader of the Opposition charged that in some way the public's money was being spent extravagantly by the Department.

Each spring the Department employees have to go out and haul the fill off the road that has been hauled there the fall before. It is a needless expense," he stated.

"Last fall one road should have been worked on and one left open," he stated. "The Department has all sorts of equipment and engineers to do this work."

"Every year we vote large sums of money to advertise the Province for the tourist industry but it is no use spending out money if it is not going to be used."

When our tourists leave this Province they take back stories of our road conditions, which is poor advertising."

"The Leader of the Government has more or less condemned the West River Bridge," stated Mr. Bell and he has also intimated that he will dispose of the Rocky Point Ferry.

"I will never agree to the disposal of the Rocky Point ferry. I would be very much surprised if the Junior Member would have the temerity to propose it."

"The only thing offered to those people over there is that the Government will take off the ferry. I trust we will not hear of this again for a long time or at least until the Government is ready to build that promised bridge."

Farm Income Down

The Leader of the Opposition quoted figures to show that the farmers income in this Province was down by nearly \$9,000,000 this year over last. In 1952 the total income to farmers was \$31,258,000 and in 1953 it was \$22,540,000.

"When Prince Edward Island loses \$9,000,000 a year in agriculture it is a serious condition. We have about 9,000 farmers in the Province so that they average a loss of about \$1,000 each. The Government should take heed when the income is reduced approximately 30%."

He stated that during the first eight months of 1953 Island farmers had borrowed \$1,000,000 from the Farm Improvement Loan plus untold amounts of money from finance companies.

"This year payments are coming due on previous borrowing," he stated. "I wonder what will be the finish. How will our farmers carry on? I have a feeling things are going to be very serious during today only."

HOSPITAL AUXILIARY MEETS

The April meeting of the King's County Memorial Hospital was held at the nurses' home on Friday evening. There were fifteen members and eleven guests present.

The meeting was opened by repeating the Lord's Prayer in unison. The minutes of the March meeting were read and approved. The treasurer presented the financial report which was also approved.

The treasurer reported that several cash donations had been received from the surrounding institutes, also two very nice blankets were received. As more blankets are needed it was decided to send all discarded woollens for more blankets.

Among other articles mentioned which were required were standing lamp, toaster, furnishings for another room, pillows. After further routine business the meeting was adjourned.

A special hour followed which was pleasantly spent in a jolly measuring party. A delicious lunch was served with Mrs. MacDonald and Miss Apt as hostesses assisted by Miss Power, Miss Roche, and Mrs. McCarthy of the nursing staff.

The meeting was held in the Legion hall Monday evening under the leadership of guide Anna Power.

Bills Considered in Legislature

Second reading was given to four bills and third reading to six bills in the Legislature yesterday afternoon.

The following bills were given a second reading: The Dairy Products Manufacturing Act, 1954; An act to amend the Public Departments Act; an act to amend the Gas Tax Act; an act to amend the Game Tax Act.

The amendment to the Public Departments Act was made in order to make the act conform with the Legislative Assembly Act, stated Premier Matheson.

The Premier pointed out that at some future time a Government Minister might be very capable to act as head of Department of Highways but might not be as capable in Public Works and according to amendments the Minister would be able to combine the duties of one department with the duties of another.

The Public Works Department could be joined with the Health, Welfare or any other Department he stated.

He stated that this was purely a matter of convenience and he hastened to assure the members of the House that there was no change contemplated.

The following clauses shall be added to the act: "There shall be a Department of the Government of the Province called the Department of Highways, over which the Minister of the Crown styled the Minister of Highways shall preside."

"There shall be a Department of the Government of the Province called the Department of Welfare over which a Minister of the Crown styled the Minister of Welfare shall preside."

The Act will also provide for the Department of Provincial Secretary.

The Premier stated that the Guardian writer's interpretation of the amendment to the Legislative Assembly Act in yesterday's paper was not correct. He referred to the paragraph which read: "The Premier stated the Minister of the Department of Public Works and Highways the Department could be termed Public Welfare and Highways while the Department of Health and Welfare could be named Department of Health and Public Works."

The amendment to the Gas Tax Act provides for a penalty for any false returns or statements. Anyone found guilty of an offence against the Gas Tax Act shall automatically lose the right to receive rebate on gasoline purchased for a period of five years and on conviction will be subject to a fine of \$100 and costs or in default of payment to imprisonment for a term of 60 days.

Hon. W. E. Darity, Attorney-General stated that there was \$390,000 being rebated during the present year and that this was considerably out of line it was found on a check with the other Provinces.

He said that this year it had been found that there was quite a number of cases for rebate in which there was a deliberate change in the amount of gas bought on certain slips.

He said that the inspector went out and checked and found that in some cases people had put down for rebate for about 52 gallons where they had only purchased five gallons.

The amendment to the Game Act will change the name of the P.E.I. Fish and Game Association to the P.E.I. Fish and Game Act.

The Dairy Products Manufacturing Act, 1954 provides legislation for the proper inspection and grading of dairy products, sanitation of buildings, sampling, testing and purchasing of milk and cream, the keeping of records and the permits to build a plant.

Without subsidy or guarantee, we got clear of the Eskimo after losing money and then entered a contract with the Blue Peter line."

He stated that he noticed there were increases in salaries to many of the so-called top officials in the Government but there were none for the low-bracket men. "I refer to the employees at Falconwood who work eleven hours a day and their take-home pay is from \$70 to \$80 a month. He added that deck hands on the Rocky Point ferry received a take home pay of \$133 a month and they had to work long hours.

The Leader of the Opposition recalled there had recently been a lot of publicity about Mermaid Lake which had been sold by the Government in 1952.

He stated that the Government had owned the lake at Mermaid and had leased it out in 1935 on a 25 year lease with certain restrictions. According to these restrictions the rights of the farmers to water their cattle at this lake were reserved, he stated.

The same reason in 1952 the Government passed an Order-in-Council disposing of the lake for \$150 without any restrictions or regard for these farmers' rights. We find that there were no provisions made for the people to water their cattle. New the Government is going to buy the lake back. They will probably pay \$1,000 for it. That's the way to do business.

In conclusion Mr. Bell stated that the Province was not getting anything from Ottawa in the way of PELLAGREX (Nixon)

Will help prevent your PIG RAISING PROBLEMS. Pellagrex contains the iron, vitamins and trace elements needed by:

-Pregnant Sows -Suckling Pigs -Weaner Pigs

ENTOMOLOGISTS DISCUSS PROBLEMS AT ANNUAL MEETINGS YESTERDAY

"We hope that the Entomological Branch of the Science Service Laboratory will be of great assistance in implementing the Government's policy of promoting the canning of fruit and vegetables in this Province," said Hon. C. C. Baker in addressing the annual meeting of the Acadian Entomological Society yesterday.

Delegates from the four Atlantic Provinces were welcomed by the Minister of Agriculture who stated that it was an honor and a privilege to appear before such a distinguished gathering. He expressed the appreciation of his Department for the work carried out by the entomologist who wages continual warfare against insect pests. In this respect he made particular reference to the work being done in the control of the root maggot and the barley jointworm.

Mr. Baker wished the meeting the best of success in their deliberations and regretted that they could not have had their sessions in the summer time when they could admire the beauty spots of the Island to a greater advantage.

The guest speaker at the morning session was Dr. G. B. Oakland, Head of the Statistics, Research and Service Unit, Ottawa, who spoke of ways of improving accuracy in experiments. He pointed out that there have been in the past 50 years, many ways of recording statistics and that we are still learning a great deal about the subject.

Three methods of improving the accuracy of the experiment suggested by Dr. Oakland were analyzing, by variation and by related measurements. The talk was of a highly technical nature which to the delegates present proved most valuable and resulted in some very good discussions.

Afternoon Sessions

The afternoon sessions were taken up with the subject of Forest Insect Control. This was ably dealt with by Dr. E. E. Balch from Fredericton, N.B., and Dr. F. E. Webber, a film showing the work being done by aerial spraying of the budworm infested areas of the New Brunswick forests was much enjoyed. Mr. C. C. Smith spoke on methods of insecticide application against forest and ground trees in association with ground equipment. Mr. W. A. Reeks discussed the matter of common sense as an ingredient in chemical control of insects.

Mr. A. D. Pickett acted as chairman in a discussion concerning Fruit Insect Control. Others taking part were Messrs. N. A. Patterson, of crown lands while other Provinces were becoming prosperous through them.

"Holiday Revue" Pleasing Program At Montague Hall

"Holiday Revue" by Trinity United Church junior choir, under the direction of Mrs. D. M. MacDonald, was presented last evening to a capacity audience in MacKenzie hall, Montague. A feature for every month of the year was the order of the program with each month being introduced with an appropriate reading by Mrs. C. A. Shaw.

January, the first month of the year, opened the program with the song "Winter Wonderland" and "Marshmallow World" sung by the senior girls choir consisting of Judy Cudmore, Veronica Taylor, Kay and Shirley MacLean, Capri, enla Llewellyn, Betty Stewart, Marcia MacDonald and Annie Beaton.

February with St. Valentine's was represented by a drill by the following girls of the junior choir: Gwenie Clark, Myra Beck, Irene and Shirley Stewart, Nancy and Faye MacLeod, Sandra Llewellyn and Peggy MacLeod.

March featured a talented young singer, Miss Florence MacDonald in "Dear Old Donegal" and a dance, the "Irish Jig" by five little girls, Patsy Sinclair, Sandra Stewart, Marion and Marjorie Clark, and Florence MacDonald.

In April a timely "Housecleaning" skit was presented by Dorothy MacDonald, Veronica Taylor, Judy Cudmore, and Myra Beck, who also sang the Easter Parade. Three tiny tots, Joan Coffin, Jean MacLeod, and Sandra Shaw were heard in a Maytime drill and song "Wedding of Jack and Jill" with Dianne MacLeod, Jill Taylor, and attendants. In July, Dominion Day was observed by a reading, "Canada" by Dorothy MacDonald and song by the boys' choir which consisted of David MacLure, David Mosher, Merrill Wigginton, George Beck, Billy Vanderstine, Wayne Johnston and

SOME DEER STILL EXIST IN KING'S, FISH, GAME ASS'N DIRECTOR SAYS

"What has become of our deer? Mr. Louis Cantelo, Seven Mile Road, director of the King's County Fish and Game Association, stated to the Guardian yesterday that although some had undoubtedly been shot, others killed by cars, and a doe losing its life at the fish hatchery at Cardigan, there was still a sprinkling of deer existing in Kings. Two fawns were reported, he said, in Kings County last year.

Mr. Cantelo was happy to report that deer No. 138 comes to his farm each morning to be fed. The deer is about three years old, but as yet has no young. Mr. Cantelo believes there is only one buck deer on P. E. I.

He also reports that the Huns and native partridge came through the winter well, and have now paired off for the mating season. Rabbits and foxes are plentiful in King's County, Mr. Cantelo said.

Doug McGowan, and Mrs. C. A. Shaw. Finally came December and Christmas with the Nativity Scene by members of the girls' and boys' choir, and the beautiful "Christmas Rose" sung by Mrs. Arnold Wightman.

Accompaniments for the entertainment were Mrs. J. M. Fraser, Mrs. D. M. MacDonald, Mrs. A. Hume. Dancing by the pupils of Mrs. Doug McGowan; production and costumes by Mrs. D. M. MacDonald, and readings by Mrs. Cyrus Shaw.

NO TRADE TALKS LONDON, (Reuters) - Foreign Secretary Eden informed a questioner in the House of Commons Wednesday that east-west trade will not be discussed in conjunction with Indo-China and Korea at the forthcoming Geneva conference.

Malcolm MacDonald. August was delightfully represented by a graceful "Ballet Valse on Toe" performed by Misses Glenda Jamieson and Marcia MacDonald. September and Labor Day featured a back to school program with solo by Judy Cudmore, chorus by the girls' choir, and tap dancing by Shirley MacLean, Florence MacDonald and Heather Jamieson.

A suitable playette, "A Thanksgiving Spread" was presented by Merrill Wigginton, David MacLure, Wayne Johnston and Malcolm MacDonald.

In keeping with Armistice Day in November, Miss Florence MacDonald sang "Something About A Soldier." At this time Rev. J. M. Fraser expressed sincere thanks and appreciation to those who were responsible for the evening's entertainment, mentioning especially Mrs. D. M. MacDonald, Mrs.
