ALLAN LINE.—There will be at least seven of the Allan line steamers sailing from Halifax in December.

The steamer "Carroll" will sail for Boston to-morrow evening, at 3 o'clock. This will be her last trip for the season.

The man (i) who leaves his horse to wander about the street, such a night as last night, should be what?

Mr. EARLE has received per "Prince Edward" a splendid assortment of English Upright Pianos. Call and see.

The ridiculous and cowardly prosecution of the Rev. Stephen Lawson, by Mr. W. D. Stewart, is commented upon and condemned by several newspapers of the sister Provinces.

CUNDELL'S Edition of Wright's Map of Prince Edward Island, corrected to 1877, mounted on rollers, in case and in sheet, just received and for sale at Harvey's Book Store.—2i pd

RECAPTURED.—Moydagh, who escaped from the King's County Jail on the 11th of last March was re-captured at Somris on Tuesday morning last, by the keeper of the Jail, Mr. Logan.—Advertiser.

A DINNER was given to S. R. Thompson, Q. C., of St. John, one of the Canadian Counsel before the Fishery Commission, at the Halifax Club on the evening of the 23rd. Sir Hugh Allen was among the guests.

A LAD 13 or 24 years old, named Flahaven, had his knee-cap nearly cut off, on Saturday last, on board the Hon. J. C. Pope's barque "Kismet," lying at Railway wharf. The Captain of the vessel was cutting a stick, when the axe, which he was using, flew off the handle and struck the boy, inflicting a wound as above stated. The leg was immediately dressed by Dr. Shreve.—S. J.

The "huge serpent," which caused so much excitement up the river a few years ago, has been seen again in the Deschenes Lake. Its head is represented as resembling that of a horse; it goes through the water with the speed of a small tug, and hisses like a dilapidated steam engine. It has, no doubt, many other accomplishments not known or enumerated.—Ottawa Herald.

SERGEANT HARTLY, this morning, identified before the Stipendiary Magistrate, the two deserters—Fahey and Hanns—who deserted from the H. M. 20th regiment, on the 15th of August last. They were ordered to be given into the custody of the Sergeant, who will transfer them to Halifax to-morrow morning.

The bark "Katie Stewart," owned by Hon. John Lefurgy, of Summerside, arrived at Mumbles on the 29th and landed the crew of an Italian bark—the "Prospero Padra," from Boston—which was abandoned on the 14th inst. She passed the bark "Kwasind," from Pitts Cove, Nfld., abandoned.

POSTPONED.—The Literary and Musical Entertainment to be given by the "Reform Club" at the Athenaeum has been postponed on account of the dirty weather, to Tuesday night, the 4th December next. The programme is an excellent one, and a rare musical and literary treat may be expected, and the price is within the compass of all—only 10 cents.

CANADA is to receive a visit from a distinguished Irishman next spring, Sir Edward Grogan, who represented Dublin in the Imperial Parliament before Sir Arthur Guinness. Sir Edward, who is uncle of Dr. W. George Beers, of Montreal, made a good deal of stir in Irish politics in his younger days, and comes here with a view of studying the political and social aspect of the Dominion. It is probable that he will embody his experiences in Canada in a book.

DIED FROM INJURIES.—Edward McGrath, who fell from Lord's wharf to the deck of the schooner "Hattie" on Thursday morning, was, yesterday, removed to the hospital on Grafton Street, where he died at about 12 o'clock last night, from injuries here received by the fall. He has no relatives in this city, and the place of his former residence is unknown.

THE BELIVIAN ALBERTITE AND OIL COMPANY.—Our reliable contemporary the "Truro Sun," says: "The valuable property of this Company is situated in the Parish of Dorchester, N. B., directly opposite the village of Hillsboro, and opposite the wharf of the Albert Mining Company. Albertite is a mineral rock from which oil of the most valuable kind is extracted. At first Albertite was sold as low as \$8 per ton; very soon \$19 and \$20 per ton was the market price. The Company lately formed in New Brunswick with Blair Botsford, Esq., of Sackville, as President—have the best leads and as valuable Albertite property as can be found in any locality. The Albertite rock of the district, now owned by this Company, has undergone a most careful analysis by some of the most eminent assayers in the Province, and shows that the property owned by the Company lately started under the name and designation at the head of this article, contains vast quantities of rock oil similar to that of the celebrated Hillsboro Albertite. From reading the careful analysis of this rock by competent assayers, and from diligent research and inquiry on our own part, we feel convinced that the Belivean Albertite and Oil Company is a good investment, and that a profitable return for stock taken in this Company may be reasonably expected. We would ask our friends to get the Prospectus issued by the Company, and carefully peruse it, and see if they do not find an opportunity for investing their surplus funds, that as far as human foresight can go, will prove profitable and highly remunerative to the lucky stockholder. Let our capitalists look into the matter and see if a profitable investment is not before them."

THE funeral of the Hon. Patrick Walker, this morning, was largely attended. The Caledonia Club (of which he was for some years Chief) led the procession.

A. P. WRIGHT, Esq., Inspector of Weights and Measures for the Dominion, arrived at Charlottetown on Tuesday night last. His mission is, we learn, to fit up offices for the different Deputy Inspectors, and provide them with instructions and apparatus as will be required to carry out the provisions of the Weights and Measures Act.—Adv.

THE "Shamrock" is expected to leave Montague Bridge to-day with a full cargo, shipped by Owen Connolly, Esq. The brig, "Maggie A.," McEachern master, is loading at the Railway wharf by Messrs. Hyndman Bros. The schr. "Ada," McPhee master, is also loading at the Railway wharf with a general cargo for Newfoundland, by Messrs. Hyndman Bros. The brig, "New Era," is loading at the Queen's wharf, by Hon. D. Gordon. There are a number of large schooners in port loading with produce.—Adv.

A FINE NEW VESSEL.—The new brig, "Archibald," owned and loaded by Messrs. A. A. Macdonald & Bros. of this town, cleared at the Custom House to-day for the old country, and will sail with the first westerly wind. Her cargo consists of 18,500 bushels oats, 320 boxes potatoes, 300 pieces deals, valued at \$8,500. The "Archibald" was built at Cardigan Bridge, and her construction was superintended by Mr. John D. Lewig, who has good reason to congratulate himself upon the appearance and workmanship of this vessel.—Adv.

A MUCH REPAIRED STEAMER.—We notice that the "Northern Light" is reported in good order. It would be interesting to learn what this very improbable feat cost, and how many good Grits had a finger in the pie. There is little doubt that a rare job has been perpetrated in the building of this vessel, and also in her repairing, and the facts should be elicited. The scandalous way in which first a Pictou Grit, then a New Glasgow supporter, then a Charlottetown elevator, got each a five thousand dollar job on the vessel, is a matter of common knowledge in Eastern Nova Scotia, and we presume ere the close of next session will be of the country at large.—Pictou Standard.

SOME of the Indians on Lennox Island have been dangerously ill for some time past; but are now—owing to the timely aid, skilful treatment, and kindness of Dr. Byrne—fast recovering. The poor Mic-Mac on Lennox Island, appears to be sadly neglected, when sickness lays him prostrate. There are about thirty families on the Island, and no provision, it seems, is made, nor any arrangement entered into, with any medical man to attend on the poor "pale-faced" creatures. Dr. Byrne has kindly volunteered his services in aid of these poor sufferers, without expecting any (we believe) remuneration. Heretofore, if a medical man sent in his bill for medical attendance and medicine, the Indian Commissioner was sure to make an objection, and finally a lawsuit, the upshot is now, no medical man will attend. Reform is therefore loudly called for. Where now, is the Indian Commissioner, while sickness is in the wigwam? We understand he has not been on the Island for some time. Whenever he is wanting, "broder says not dare."—Com. to JOURNAL.

The Situation in France.

The French situation remains unchanged. The next move is expected to come from the Senate, which adjourned until Thursday. The General opinion seems to be that this adjournment was for the purpose of giving time to the Government to win the support of the Orleanists for extreme measures; nevertheless the dispatches this morning indicate a calmer feeling than on the previous day.
