other measure authorizing the government to advance money to the provinces for relief purposes and to aid in agricultural production and rehabilitation, practically a renewal of the old act will be the next consideration. The \$50,000,000 vote is intended to cover all relief activities.

This will be a short week with the House adjourning until April 20 for the Easter holidays. Efforts will be made to have all relief legislation through the House before the adjournment but it is doubtful if it will also get through the Senate in time to get Royal assent until parliament reassembles. The government has been without statutory authority to give relief since the old act expired March 31.

It has been a particularly difficult session for the Prime Minister, Finance Minister Dunning, Labor Minister Rogers and Revenue Minister Isley. All except Mr. Mackenzie King will take advantage of the Easter recess to seek recuperation away from Ottawa. The Prime Minister will probably remain in the capital at his summer home, Kingsmere, in the Gatineau Hills.

Nationalization of the Bank of Canada, the Canadian National Canadian Pacific Act and other important measures on the order paper, will go over until after the recess. With the appearance on the order paper today of the motions precedent to merger of departments which will be reorganized as the department of transport and the department of mines, resources and colonization, practically all forecast legislation has been brought forward.

Establishment of a commission to investigate the distribution of unbranded coal, and the creation of parliamentary under-secretariats, remain the only unfulfilled promises in the Speech from the Throne.

Assurance has been given the coal inquiry will be proceeded with but appointment of parliamentary secretaries will not be effective during the present session.

Conferences between Finance Minister Dunning and provincial governments of Western Canada are to be held as soon as convenient to discuss financial relations and it is quite possible, as a result of Alberta's refusal to enter the loan council scheme, that project will be dropped.

Ontario Legislature Faces Final Week

TORONTO, April 5.—The Ontario Legislature swings into the final week of the session tomorrow with the separate school tax bill, granting separate schools a larger share of corporation taxes, the main item of unfinished business.

The government hopes to have the order paper cleared up so no prorogation can take place Thursday afternoon but this all depends on the progress made by the school tax measure. Debate on it opens tomorrow afternoon.

Attitude of the Conservatives towards the measure will determine the length of the debate. An opposition caucus was held yesterday when the party's stand on the bill was discussed.

Carleton And Vicinity

Mr. and Mrs. Ian McGregor of Cape Traverse are receiving congratulations on the birth of a son on April 1st.

Mr. Elmer Francis who represents the P. E. I. Potato Growers Association at Carleton has moved with his family into the house owned by Mr. Montague Campbell.

Many friends of Mrs. Fidele Peters of Augustine Cove will be glad to learn that she is convalescing after her recent illness, and hope to see her around again in the near future.

Mrs. Ernest W. Harper of North Carleton has purchased a new Ford V-8 sedan.

Mr. and Mrs. Reg McParlane and family also Mr. and Mrs. George Muttart all of North Carleton motored to Summerside on Thursday.

TO JOIN ARCTIC EXPEDITION

(C. P. By Guardian's Special Wire) HALIFAX, April 5.—Three and a half years in Canada's bleak north country faced three members of the British Canadian Arctic expedition arriving here today on the steamship Alania from England.

All three young Oxford and Cambridge graduates, C. W. Rowley, archaeologist, P. D. Baird, geologist, and R. J. O. Bray, ornithologist, left immediately by boat train for Montreal to meet T. H. Manning, leader of the expedition. Their ages range from 23 to 25 years.

The expedition plans to leave Churchill late in May for the Arctic. They expect to travel about 10,000 miles.

They will map the west coast of Baffin Land studying life and geology of the country. One of their tasks is to attempt to discover the cause of an epidemic which is believed to have wiped out an unusually well civilized tribe of Indians on Southampton Island about 30 years ago. They will dig out the tribal village and study its stone buildings.

Other members are expected to join the expedition before it leaves for the north.

IN MEMORIAM

MRS. ANNIE MACDONALD

The death occurred on March 31, 1936 of Mrs. Annie Macdonald, Dundee, in the eighty-second year of her age. She was the youngest of the family of Roderick MacLeod and his wife Margaret Martin, Grand View, and the last surviving member. In 1884 she married Malcolm J. Macdonald, the ceremony being performed by Rev. Mr. Goodwill, Orwell Road, Mr. Macdonald died in 1926.

The late Mrs. Macdonald spent a long life of usefulness in Dundee, respected and beloved by her neighbors. During her latter years she was painfully crippled with rheumatism but always maintained a cheerful spirit. She was devotedly cared for by her sons and daughter Elizabeth. Two sons, John A. and Alex H., and one daughter, Elizabeth survive her. Two daughters, Margaret and Mary, and two sons James and Roderick predeceased her. James served overseas with the C. E. F. and was later drowned in Oregon.

The service which was conducted on April 2nd by Rev. D. M. Sinclair was largely attended. Interment was in the Orwell Head Cemetery.

The pall bearers were Angus R. Macdonald, Bruce MacLeod, Neil MacBeth, Finlay Matheson, A. W. MacPherson and Sam Martin.

Governor - General's Son Arrives In Halifax

(C. P. By Guardian's Special Wire) HALIFAX, April 5.—Hon. J. N. S. Buchan, 24-year-old son of Canada's Governor-General, arrived here today on the liner Alania and was met by Lady Tweedsmuir.

Mr. Buchan planned to spend several weeks in Canada on his first visit. Since 1934 he has been assistant district commissioner in the Uganda protectorate, British East Africa.

Stepping briskly down the Alania's gangplank with his mother, Mr. Buchan was whisked away to Government House where he met Lieut.-Governor W. H. Covert of Nova Scotia.

Before leaving for Ottawa by boat train, Lady Tweedsmuir and her son were driven through Halifax, accompanied by Commander I. W. Murray, senior naval officer of the Halifax dockyard and honorary aide-de-camp of the Governor-General, and Lt. S. G. Rivers-Smith of the Royal Navy, an aide-de-camp.

BANNISTER CASE GOES TO JURY TODAY

Defense Lawyer Charges Witness Was Under Police Influence In Giving Testimony.

(C. P. By Guardian's Special Wire) DORCHESTER, N. B., April 5.—Charges that Frances Bannister, 15 year old sister of Daniel Bannister, charged with the murder of Philip Lake was under police influence even when she was testifying on the witness stand during her trial, were levelled here Saturday by H. Murray Lambert, defence counsel.

The silver-haired Moncton lawyer who has already defended two other members of the Bannister family, both successfully and unsuccessfully, made the charges during his address to the jury, Arthur Bannister, 18, has been convicted of Lake murder; his mother, Mrs. May Bannister, has been acquitted of kidnaping and conspiracy to kidnap but found guilty of being an accessory after the fact.

"All the time Frances Bannister gave evidence, there were five or six Royal Canadian Mounted Police constables in their scarlet tunics down the left of the witness stand," Mr. Lambert said. "They did not sit there while any other witness gave evidence."

"I submit that she was under the influence of the police even while she was giving evidence. She has been in their custody since the eighth or ninth of January last and during the time she was on the witness stand, they sat down there with their eyes on the girl."

Mr. Lambert attacked the evidence of several other witnesses called by the Crown. Without naming them he said he doubted their testimony. "I think they thought it was a good way to get a lot of publicity. Some of them even got their pictures in the papers," he said.

The evidence against the accused was circumstantial only, he charged. Chief Justice Barry had proceeded as far as the summing up of the Crown's case when he adjourned the court until Monday. The remainder of his charge is expected to take about an hour and the case will be given to the jury.

Highway Traffic Act Passes Committee In Provincial Legislature

Late Mrs. Christina McInerney Laid To Rest Thursday

The funeral of Mrs. Christina McInerney was held from the Church of St. Aloysius, Richibucto, N.B., at 9 a. m. Thursday. The body arrived from Montreal by train and reposed over night in the old homestead. Solemn High Mass of Requiem was sung by Rev. J. B. Pittman, Richibucto, assisted by Rev. Dr. R. M. McDonald, Rexton, as deacon, and the Rev. Zoel Landry, Richibucto Village, as sub-deacon. The choir was under the direction of Edmund Bourgeois and Oswald LeBlanc.

Relatives present at the funeral were Judge H. O. McInerney, K.C., and R. G. McInerney, Saint John, sons; Mrs. Vivian Graham and Miss Grace McInerney, Montreal, daughters; Arthur O'Leary, Richibucto, brother; Mrs. R. O'Leary, Richibucto, sister-in-law; Mrs. S. L. Gregory, and the Misses Kathleen, Elize and Eleanor, Richibucto, and Mrs. J. H. O'Neil, Moncton, nieces and Harry O'Leary, Richibucto, nephew. The mourners from outside points included Fred A. O'Leary, Campbellton, half-brother, and J. Leonard O'Brien, South Nelson, N.B. The pallbearers were L. Vautour, C. Hudson, R. McInerney, F. Sayre, F. Ferguson and W. E. Forbes. Interment was made in St. Aloysius Cemetery.

Mrs. McInerney moved from Richibucto to Saint John in 1901 and after the death of her husband, George V. McInerney, K.C., M.P., she lived for a time in Charlottetown and Chatham, subsequently removing to Montreal.

New Glasgow And Vicinity

Miss Alma Rollings was a visitor to Charlottetown last week, the guest of her sister, Mrs. Fenton McLure.

Misses Hazel Sellar, and Edna Dougherty, Hunter River, were visitors to Summerside Saturday last.

It is pleasing to report that Mrs. C. H. McGuigan, who is a patient in the City Hospital, Charlottetown, is much improved in health.

The sympathy of this community goes out to Miss Christine McLeod, on the death of her mother, which occurred at Hunter River on March 26th.

The Young People's Study Group of the New Glasgow Christian Church, met at the parsonage for their regular meeting Wednesday evening April 1st, after the usual business session the group spent one hour of study under the direction of the Pastor, Rev. W. G. Quigley.

Miss Francis Neill, clerk at Mr. H. B. Cutcliffe's, Hunter River, has returned to her duties after spending a pleasant holiday in Fredericton.

It is with deep regret that we note the passing of Mr. Matthew Gallant of New York, and formerly of Oyster Bed Bridge, P. E. Island. The news of his death came as a great shock to his parents Mr. and Mrs. Peter A. Gallant on March 19th. The particulars stated that their son had been working on a steel bridge, and fell from his ladder and only lived ten minutes after the accident occurred. His remains were forwarded to Prince Edward Island for burial, his brother of Dalhousie met the remains at Moncton and accompanied them to the Island. There are left to mourn besides his heart broken parents, two sisters, Mrs. Angus Doucette, Oyster Bed Bridge, and Miss Aldona R. N. at home also two brothers, Cyril at home and Angus in Dalhousie, N. B. The funeral was held on March 26th from the St. Augustine Church, Rustico. Interment in the Rustico Cemetery.—G

must have both speed and regularity. Speed, they say would dictate the choice of the route by way of Newfoundland and Ireland. This route, however, would be subject to extreme weather influences. The more southerly route, involving Bermuda and the Azores as stepping stones, would be longer and require greater flying time.

One expert said the choice might be said to lie between bringing London and New York within 48 hours of each other, by the northerly route, or a service taking three days by the Bermuda-Azores route. With the new British liner "Queen Mary" capable of crossing the Atlantic in four days, the opinion of British air experts is that aviation will have to operate the fastest route. They hasten to explain, however, that even on a three-day schedule an air service would be advantageous if four round-trips were made weekly, because of the regularity.

New Act Will Impose Heavier Penalties For Drunken Driving, First Offenders Being Liable To One Year's Suspension Of License

Provincial Legislature April 4. The House met at 10.50 a. m. Mr. McLaac presented a petition for an Act to incorporate the Prince Edward Island Cooperative Livestock Marketing Board. A bill in accordance with the petition was read a first time.

On motion of Hon. Mr. LePage, first reading was given an Act to rent certain lands in township No. 31 in the trustees of the United Church of Canada at Pincetown Road for cemetery purposes.

Premier Campbell presented petitions from the Mayor and Councilors of the town of Summerside for authority to borrow a sum not exceeding \$20,000 for street work and other purposes, and also to amend the Incorporation Act to permit of certain land remaining vested in the Crown. Bills in accord with the petitions were read a first time.

The Premier presented a communication from the Lieutenant Governor containing a minute of the meeting of the Privy Council of Canada in connection with the Statutes of this Province in the year 1934, as approved by the Minister of Justice.

THIRD READINGS The following bills were read a third time and passed: An Act respecting advertisements along the public highway. An Act to amend the law of inheritance and to regulate the distribution of the estates of intestates.

An Act to amend the judicature Act. An Act to amend an Act to provide for the removal of prisoners for surgical treatment in certain cases. An Act to amend the Land Assessment Act 1924.

An Act to amend an Act to provide for the transfer of prisoners between the several jails of the Province in certain cases. An Act to amend the Prince Edward Island Joint Stock Companies Act.

An Act to further amend the Chancery Act. An Act to amend the Prohibition Act.

HIGHWAY TRAFFIC ACT On motion of the Premier the House resumed committee reading of the Highway Traffic Act, Mr. Wright in the chair.

Sec. 85 (1) provides: "When loss or damage is sustained by any person by reason of a motor vehicle upon a highway the onus of proof that such loss or damage did not arise through the negligence or improper conduct of the owner or driver shall be upon the owner or driver."

Mr. Baker believed some protection should be accorded the driver of a motor vehicle who is picked up voluntarily.

Premier Campbell said the law now protects the driver except in case of negligence on his part.

RUNKEN DRIVING Sec. 84 provides: "(1) The license of a person who is convicted of driving a motor vehicle while under the influence of intoxicating liquor or drugs, shall forthwith upon, and automatically with such conviction, be suspended for a period, (b) not exceeding six months for the first offence; (c) not less than six months and not exceeding twelve months for the second offence, and for the third offence his license shall be cancelled and he shall be disqualified therefrom holding a license. (c) And in addition if the person convicted is the owner of the motor vehicle such motor vehicle shall be impounded as provided in Section 71."

The Premier explained that the section is the same as in the existing statute. It has been urged, however, that for intoxicated driving a period of six months' suspension of license should be increased to two years, and that the person so convicted should not under any circumstances be reinstated during that period. The difficulty is that the suspension takes place and almost immediately after the suspension is made, the person applies to the Provincial Secretary for reinstatement and follows this up week after week, and month after month. Whether or not he eventually gets back his license

before the time is up, it causes a great deal of inconvenience and nuisance.

Hon. Mr. Prowse said he did not think the law could be too harsh with regard to persons driving a car under the influence of liquor, because they must be made to realize that they are driving a very dangerous vehicle. The enforcement of this clause should be strengthened. "People should be made to realize that this is one of the things that must be strongly enforced. You have got to be sober when you are driving a car, I don't care who he is. I believe they should be given some consideration in their permit again, but I think this provision of six months is not a bit too stringent."

Mr. Acorn: "I don't think six months is sufficient to read, a period of one year for first offence, and for a second offence that the driver's license be cancelled and that the Provincial Secretary have no discretionary power to reinstate until the period has expired."

Hon. Mr. Prowse: "I think that is pretty stringent. You might get a man on the first offence and it might be the first time he took a drink. The term of six months seems to be sufficient."

Mr. Barbour: "If he gets six months in June, he would really be out about a year anyway; but if he gets six months in November he would be free to go on the road again in the Spring. Perhaps one year would be a better regulation."

Hon. Mr. Prowse: "That is so; I had not looked at that side of the question."

Premier Campbell: "One year is really the equivalent of six or seven months on the road. It would not work any additional severity."

Mr. Acorn's amendment was carried without opposition. It provides for suspension of 12 months for first offence and not less than 12 months or more than two years for second offence.

The bill was reported agreed to with amendments. At 3 p. m. the House adjourned to meet at 3 o'clock on the afternoon of Tuesday, April 14.

The Premier announced that he was the intention to commence the budget debate on the evening of April 14.

Passengers Removed From Burning Norwegian Steamer

(A. P. By Guardian's Special Wire) SAN FRANCISCO, April 5.—The 16 passengers of the burning Norwegian steamer Tricolor were transferred to the British tanker Yarraville in the North Pacific today, the liner President Grant reported to Globe wireless here.

The Yarraville reported the blaze "no better and no worse." It indicated the blazing vessel was racing either for Yokohama, more than 1000 miles distant, or for Honolulu, some 1500 miles away. The Tricolor sent an "urgency call" soon after the fire was discovered yesterday. Darkness and heavy seas prevent the Yarraville from taking off the passengers on her arrival. Both ships awaited daylight for the rescue work.

"Wireless advised said the passengers included eight women, five children and three men. Their names were not given.

The Tricolor, 6350 gross tons, left Yokohama March 31 for San Francisco. The Yarraville, making 8 1-2 knots, left Dairen, Manchoukuo, March 30 for California ports.
