**IN MEMORIAM**

**MRS. JOHN HORTON**

On July 9, 1954, the people of Bethel and surrounding districts were saddened to hear of the death of Mrs. Mary Ann Horton, widow of the late John Horton.

She was born at Mt. Albion 88 years ago, and was the eldest daughter of the late Henry and Mary (Martin) Sealey. After her marriage she moved to Johnston's River, where she was an esteemed resident for over 60 years. About three years ago her health began to fail and she moved to the adjoining district of Bethel to live with her son and daughter-in-law where she peacefully passed away on the above mentioned date.

Although not in the best of health for the past few years, she was seldom heard to complain and was never bed-fast until two days before her death, when she was suddenly stricken with paralysis just after she finished eating her morning meal.

She was a home-loving woman, a devoted wife and mother and her hospitality was well and favorably known to all her friends and neighbors.

Her husband predeceased her in March 1949. Of their family of two sons and two daughters, only one son survives, John Samuel of Bethel and two grandsons: Lloyd and Wendell Horton, and one great grandson. She also leaves to mourn two sisters, Mrs. Margaret Coburn of Haverhill, Mass., and Gertrude, Mrs. Leigh Ferguson of Bethel, P. E. I.

The funeral was held on July 11 from the Cutcliffe Funeral Home and was largely attended. The service was conducted by Rev. Dr. A. S. Weir of Cornwall and Rev. T. R. Goudge of Pownal United Church.

E hymns sung were: "The Lord is My Shepherd," and "A Bird With Me."

The pallbearers were: Messrs. Charles MacLennan, James Jenkins, Thomas Brazil, Gerald Power, John H. Myers and Robert Jenkins.

The remains were laid to rest in Pownal Cemetery beside those of her late husband.

**Fifty-five of the finest musicians in Canada will be heard here this evening at the Prince of Wales College Auditorium at 8 p.m. when the Central Band of the Royal Canadian Air Force, (shown above) under the direction of Squadron Leader E. A. Kirkwood, presents one of its famed concerts. An orchestra from the band will play after the concert at a huge public dance at the Rollaway Club.**

These musicians in Air Force blue have built an international reputation for fine music, not only of the military band variety. One of the big reasons for their popularity is their versatility. The Central Band is just as much at home playing popular or light concert music as it is with conventional military marches.

With special arrangements by Sgt. Ken Campbell and Cpl. Pierre Regnier, the band's large musical repertoire includes many works previously not available to brass-ensemble ensembles as well as all the best known military music.

The RCAF Central Band, probably the only band to play a concert at Times Square in New York City on Saturday night is particularly popular each year at the Central Canada Exhibition. The Exhibition's general manager has described this organization as "the finest and most versatile on the North American continent with the ability to play crowd-pleasing music for all tastes."

One of the special features of the outfit is the Central Band Male Chorus, composed of 25 band members, under the direction of Sgt. Campbell. When the Male

**Chorus takes the spotlight, the remaining 30 musicians provide the musical background.**

The Central-Alres, a dance band of 15 musicians, is another highly popular unit within the band. Another important unit is the Fanfare Trumpet Team consisting of seven members of the brass section and a timpanist. The majestic tones produced by this team have filled the air on many state occasions in Canada's capital.

S/L Kirkwood who was appointed conductor of the Central Band in May, 1942, came to Canada from Belfast, Ireland, where his familiarity had been closely associated with the musical life of the city. In April, 1951, S/L Kirkwood was appointed to the position of Supervisor of Music for the RCAF. The conductorship of the Central Band is now combined with this position.

When not on tour, the Central Band is kept busy supplying background music for National Defence motion pictures and recording radio programs for home and overseas use.

The high calibre of musician in the band is reflected by the recent influx of players from the Welsh and Coldstream Guard's bands of England. These fine British musicians have found that they must play with their utmost ability to keep up to the standards of this RCAF organization.

Unique in Canada, not only in structure but for its arrangements, the Central Band of the RCAF is contributing much to Canadian art through the universal language of music.

**Believes Polio Transmitted By Coughs And Sneezes**

CALGARY, (CP)—Strong indication that poliomyelitis is transmitted chiefly through coughs and sneezes is contained in the report of a survey of Alberta's 1953 polio outbreak.

Statistics prepared by the provincial department of health, covering 1,437 of the 1,560 cases, show that of the apparent modes of

**SPURS HOUSING**

OTTAWA (CP) — The Ottawa branch of the Trades and Labor Council is sponsoring a housing project in the west end of the city to give employment and provide new dwelling space. Work has started on a first project of 44 units to be rented to families with children of school age for about \$60 a month. The government Central Mortgage and Housing Corporation and the city will help finance the project.

**SALARIES DOUBLED**

OTTAWA (CP) — Board of trustees of Ottawa Civic Hospital has approved salary boosts to attract more interns. Salaries of junior interns are increased from \$50 to \$100, and seniors from \$100 to \$200 per month.

**REALLY CLEAN**

PENKBRIDGE, England (CP) — Residents of Wolverhampton road claim the cleanest thoroughfare in this Staffordshire village. Firemen hosed down the road after three drums of liquid soap fell from a passing truck and split open.

**INFANT RESCUER**

HULL, Que. (CP) — Robert Lebeau, 4, is credited with saving occupants of a three-family house here when fire broke out. Robert, son of the building owner, was playing in the backyard when he spotted smoke from an upstairs window and ran into the house to give the alarm. Firemen estimated damage at \$10,000.

**To Slim Down One Size**

By Ida Jean Kain

Here's a morale boosting promise: You can slip down a full size in four to six weeks time. It is a definite help to know the number of pounds that bulge between you and the next smaller size dress. Once you know the facts, you have a definite goal to work toward, and you're eager to start. It really is easy to slim down one size.

On the pounds between size score — this varies from 10 to 16, depending on stature. In large sizes there is a 16 pound difference; in medium sizes a 12 to 14 pound difference, and in small sizes there is a 10 pound difference.

Those are standard differences. However, the number of pounds between you and the next size dress depends on how close you are to top weight on your present size. No use shaming the facts — if you can barely squeeze into a size 18 for example, then it stands to reason you will need to reduce the full 16 pounds in order to ease into size 16.

But if size 18 is a loose fit, and you can't quite wear size 16, then a half dozen pounds off the right places will turn the trick. It is helpful to know the score. Many an overweight who is crowding a size 20 does try to reduce, and takes off 10 pounds. But that weight loss doesn't change her dress size; she still has to wear a size 20. So she is discouraged and resumes her old habits of eating — and later has to wear a 20½. Had she realized that another six or seven pounds off would let her wear size 18, she would have continued the reducing program enthusiastically.

It is also helped to know the number of pounds between a half size and a short size. For example, if you wear size 18½, make your near goal an 18 short. There is a weight difference of 12 pounds between the two sizes. The 18½ is proportioned for wider measurements. The size 18 short is designed for a younger looking figure. So it will really give you a feeling of triumph to slim off 12 pounds and be able to wear size 18 short!

The standard difference between measurements is 1½ to 2 inches through the control measurements bust, waist, abdomen, hips. That is, there is a 1½ to 2 inch increase through the bust, waist, abdomen and hips with each increase in dress size. The leaflet Perfect Dress Size Chart will enable you to figure your perfect size at normal weight.

**Mace & Orange Sweet Bread**

Mix and sift 3 times, 2½ c. once-sifted pastry flour (or 2½ c. once-sifted all-purpose flour), 3½ tpsps. Magic Baking Powder, ½ tsp. salt, ¼ tsp. ground mace. Cream ½ c. butter or margarine and blend in ¾ c. fine granulated sugar; beat in 1 well-beaten egg, 1 tsp. grated orange rind and ¼ tsp. vanilla. Add dry ingredients to creamed mixture alternately with ¾ c. milk. Turn batter into a loaf pan (4½" x 8½") which has been greased and lined with greased paper. Bake in moderate oven, 350°, about 1 hour. Allow loaf to cool in pan. Spread sliced cold bread with butter or margarine for serving.

Always Dependable

**OLD STANDBYS**

WINNIPEG (CP) — Jack Elliott of Winnipeg told the Manitoba section of the Canadian Restaurant Association: "People complain we have only peas and carrots for a vegetable. So we put on mashed turnips and buttered spinach. Then they ask if we can substitute peas and carrots."

**SNAPPED IN THE ACT**

HAMILTON (CP) — Ron Beauchamp was annoyed by some animal which upset his garbage can every night. He rigged up a camera with a trigger attached to the can. When he developed a picture next day, it showed the marauder — a raccoon.

**WELCOME CLOTHING**

WINNIPEG, (CP)—Clothing sent to northern mission fields is most acceptable to Indian women who have adopted the attire of civilization, says Rev. Kenneth Gaetz, missionary at Hay River in the Northwest Territories. He told the women's missionary council of the Pentecostal Assemblies of Canada here: "Nothing is wasted in the mission fields."

**POWDER PUFFS**

OTTAWA (CP) — Canadian women must be using more make-up. The bureau of statistics reports 24,600,136 powder puffs were factured by the textile industry in 1952, compared with only 3,405,744 in the year previous.

**Hurt Easily**

Your Mrs. Jones does herself, and attempts to hoodwink those about her, when she professes magnanimity, hospitality, appreciation and solicitude in relation to them. Actually her performance is wholly self-concerned. She is bidding and bargaining for their affectional support in a morbidly calculating way, all the while keeping book on just what (or how much) profit she is making on her investment.

If the object of her court doesn't respond substantially, repaying principal plus interest, as it were — giving gratitude, praise, and assiduous "helpfulness" as she requires — she takes offense. She feels demeaned, rejected, swindled, etc. In her unconscious pettiness, she construes them to be as niggardly as she tends to be, in her til-for-tat philosophizing. All in

**Card Of Thanks**

The family of the late Mrs. John Horton wish to thank all those who helped in any way during her illness and death, and also all those who sent messages of sympathy in their bereavement.

**SHE'S VICTIM OF FIXED IDEA**

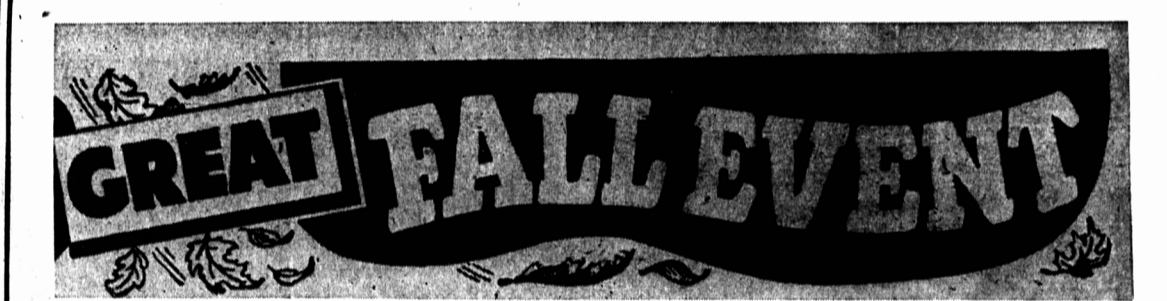

Poor Mrs. Jones is a victim of chronic inferiority feelings. She dislikes herself and projects this dislike into the minds of others — i.e., she assumes they dislike her. She urgently needs and longs for constant love; but alas, the tragedy is that only those persons who are confidently loving can evoke love in casual abundance. To change her experience at this age, she must evoke God's help in changing her disposition from fear to faith.

To get on the beam of joyous satisfactory being, she might read Hannah Whitall Smith's wonderful writings on "The Christian's Secret of a Happy Life" (Fleming Revell Company), first printed in 1870. Since then nearly two mil-

**Where'd they all go?** Even without free-handed little girls like this, more families ran out of Kellogg's Corn Flakes this morning than any other cereal. This is happening all the time. That's because Kellogg's Corn Flakes just naturally taste better to more people than any other cereal. Always have. Still do. No wonder so many women pick up a spare package of Kellogg's Corn Flakes every time they buy any other kind of cereal.
