SECOND EDITION THE DAILY EXAMINER.

APRIL 12, 1880.

Longfellow is said to be worth \$150,000.

Dr. Hayes, the noted explorer, is the son
of a Pennsylvania Quaker.

A NEWSPAPER to be called the *Plain
Dealer* is to be started in Picton.

Edwin Booth, since his bankruptcy in
1876, has made some \$300,000.

Eugene Maswell, a California phono-
grapher, can write some 267 words a minute.

The Crown Princess Victoria, the wife
of Prince Frederick William, of Germany,
will visit Rome in April.

Mary Walker wanted to be a police sur-
geon in Washington, but they declined
that leap year proposal.

Mark Twain is worth \$150,000, which he
made from his books, lectures and interests
in insurance companies at Hartford.

The Queen of Denmark, although over
sixty, is so youthful in appearance as to look
like the older sister of her daughter. She is
as devoted a mother as a musician.

The value of real and personal property
in the town of New Glasgow, according to
the assessment for the present year, is esti-
mated at \$665,480.

King Oscar II., of Sweden, has ordered
four gold and forty-six silver medals to be
struck for the officers and crew of Professor
Nordenskjöld's Arctic Expedition.

A party of three hundred Irishmen and
French Canadians, on their way to Manitoba
to work on the Canada Pacific Railway, quar-
relled at the Belleville station and 70 men en-
gaged in the melee, a number being badly
hurt. The train was delayed three hours.

GOLD MINING.—Mr. E. F. Couch, of
Newburyport, Mass., has organized a com-
pany in New Hampshire, with a capital of
\$500,000, which has bought the old
"Temple" mine, near the "Rose" mine,
in Halifax county. The name of the
mine has been changed to "The British-
American Gold Mine."—*He. Herald.*

STARVATION AND DEATH.—News reached
St. John, N. B., on Tuesday afternoon, of the
sad and terrible fate of an old woman named
Diggs, who had resided all alone in a wooden
shanty at Loch Lamond, N. B. Mrs. Charles
Mirey, who had been out there on Monday
last, brought the news to the city. The un-
fortunate woman's sons, Charles, George and
Alexander, all of whom live at the foot of
Duke street, did not hear of the occurrence
until the following afternoon, when two of
them went out to the house that had been ten-
anted by their mother, only to find that the
report was too true. The deceased had been
suffering for some time from the effects of a
tumor in her throat, and from want of proper
treatment, aided by exposure to cold and
starvation, she died. No food or fuel could
be found anywhere in the house.—*Telegraph.*

The family of a farmer, named Tyson,
living a few miles from Detroit, Mich.,
were to have been arrested on the 8th inst.,
for the murder of a young woman named
Martha Whitla. Her body was found
floating in the Detroit river on March 13th,
bound and gagged, under the stern of one
of the vessels. The police have been try-
ing to unravel the mystery ever since.
They found that she had been working
with the Tyson family and that one of the
sons became enamored of and wished to
marry her. She was willing, but young
Tyson's father objected, and it is suspected
that the family took foul means to prevent
the marriage.

The Princess Vicovaro Bolognetti Ceni,
(by birth Miss Lorillard Spencer, of New
York) has been appointed Lady of the
Palace to the Queen of Italy. This is the
third Lady of foreign birth who has been
selected for that royal service. When the
Savoy Court was first established in Rome
in 1871 the Princess Teano, who was a
Miss Wilbraham; the Marchesa Calabrina,
also an English woman; and the
Marchesa Laoggi, a French woman, were
placed in attendance on the Princess Mar-
guerite. There has never been a court
at Rome, except the Papal one, where there
was no female head.

The latest claimant for damages from the
Dominion Government is a man named
James Hannah, who has sent a petition to
the Governor-General for payment of a
claim of \$26,000, which he asks as a com-
pensation for murder, arson and robbery
from which his family suffered in 1866. It
appears from the man's statement that he
was subjected to persecution by a set of
desperadoes in the township of Bolton, C.
E., and that finally on the 2nd of August,
a man named Chamberlain entered his
dwelling, beat Mrs. Hannah, who ran away,
and then fired the house and brutally mur-
dered a three-year old child. Chamberlain
was tried and acquitted of the charge of
murder, but was sentenced to seven
years penal servitude for firing the house;
Hannah claims that the Freemasons worked
against him, and that a number of the
jury were bribed. There is little doubt
but the man has gone mad over his afflic-
tions.

Correspondence.

We do not hold ourselves responsible for
the statements or opinions of our correspondents

To the Editor of the Examiner.

DEAR SIR,—The *New Era* of Saturday
contains a bitter, if not elegant, article
against the leader of the Local Government
for allowing the Orange Bill to pass the House
of Assembly. The editor must know that
Mr. Sullivan had not the power to prevent
the passage of such a Bill when the majority
were against him; but, however, he seizes
upon this opportunity to show his disap-
proval of the present Government, and
raise a cry against its leader, which, per-
haps, might take effect in the district
represented by him. The editor of
the *New Era* has spent the last
two or three years sitting on the
fence which divides the Liberals and
Conservatives of this Island, and frequen-
tly has he clapped his wings and threatened
to jump; but owing to his lack of political
influence, neither party seemed anxious
about him, and in that position he remained
until last Saturday, when he bade good bye
to his old roost, and announced himself a
full-fledged *Grit*. I do not know if the
Grits approve of his action in this matter,
but before long they will discover that he
is not much of an acquisition to their party.

When the Davies Government passed the
Orange Bill a few years ago, did this in-
dividual, who has the gross impudence to
consider himself the mouthpiece of the
Irishmen in this Province, raise his voice
against it. His paper of that date
don't show any marks of indignation
at what he now calls an outrage. Can
it be possible that at that time he
was in favor of the Orange Bill?
Surely the man who devotes a whole
page of his paper to denouncing this Bill
at the present time could never allow it to
pass quietly a few years ago, if he is sincere
in his professions now. But he was a great
friend of Mr. Davies while in power, and,
of the nature of the man I believe
I am safe in saying that he
would lend a helping hand towards
the framing of the Bill at that time.

It appears to me that there is another
and more weighty reason for the *New Era's*
attack on Mr. Sullivan. It is well known
that the editor of that paper has been for a
long time aspiring to a seat in our Legis-
lature. True, he ran an election for the
Council once and was returned home for
many good reasons; but he is still hope-
ful that he will occupy a seat in the
Lower House at no distant day, and
believes that by raising a cry against Mr.
Sullivan on the Orange question, he may
yet, unfortunately for the district, be an
M. P. P. The electors of St. Peter's are
not likely to be gulled by such shallow
pretensions as those made by the editor of the
New Era, and they will never place the
representation of their district in his
hands.

The late hon. Edward Whelan represent-
ed that district some years ago, and it is
an acknowledged fact, that had the late
Edward Whelan, junior, reached manhood,
he also would have been their representa-
tive. Now, the people of St. Peter's and
Morell have great respect for the memory
of their late lamented representative, and
I can scarcely believe that they will ever
forget themselves as to return to Parliam-
ent the man who opened the columns of
his newspaper to a number of base and
cowardly attacks upon the only son of the
late hon. Edward Whelan. There is only
one journalist in this Province who would
do such a contemptible action, and that is
the modern O'Connell who aspires to
represent the intelligent Irishmen of St.
Peter's and Morell. When Mr. Bowers
enters St. Peter's again, the electors will
tell him, as they did before, that he never
lived up to his pretensions, and his hypo-
critical howling against Mr. Sullivan will
go for naught. Yours truly,
ANTI-ORANGEMAN.

St. Peter's, April 12, 1880.

The Queen's Birthday at Quebec.

The celebration of the Queen's birthday at
Quebec this year will be on a grand scale.
The Vice-Regal party will be present, and
probably, says the *Quebec Chronicle*, H. R. H.
Prince Leopold, and the two sons of the
Prince of Wales. The military display will
be on a large scale and will form the principal
attraction. The Quebec Squadron of Royal
Canadian Hussars, 8th Royal Rifles, 9th Bat-
talion and Quebec Field Battery, numbering
altogether some 800 men, "B" Battery, Que-
bec, and "A" Battery, Kingston, numbering
some 350 men, the Fusiliers (two battalions),
Prince of Wales Rifles, Victoria, Field Bat-
tery and Cavalry of Montreal, numbering
2,000, the Princess Louise Dragoon Guards,
Ottawa, about 50 strong, and the Governor
General's Foot Guards, and probably the
Queen's Own, of Toronto, 600 strong, and the
Kingston Cadets, both of which corps are
anxious to be present and are awaiting the
Government's permission. Besides the above
the country battalions of the Province are de-
sirous of attending, as well as the Cadets of
the Montreal High School and of Bishop's
College Schools, Lennoxville. The Quebec
City Council will be asked to vote \$1,500 to-
wards the demonstration.

HABITUAL COSTIVENESS, the cause of so
many troubles, Lowness of Spirits, Dizziness
of the Head, Loss of Memory, Indigestion,
Flatulence, Beating of the Heart, Nervousness,

Sad Drowning Accident.

A BOAT CAPSIZED—THREE MEN DROWNED—
18 CHILDREN LEFT FATHERLESS.

It is our painful duty to record this morn-
ing, another sad drowning accident, which
occurred near Tancock, on Wednesday
afternoon last, whereby three men lost their
lives. It appears that six men, fishermen
belonging to Tancock—John Wilson, Geo.
Mason, David Langille, Isaac Mason,
(brother of George), Wm. Thomas, and
Charles Ross,—left Tancock on the morn-
ing of the day above mentioned, in a centre
board boat, 15 feet keel, (the same as used
by lobster men in visiting their trawls) for
the purpose of going to Chester to procure
some lobster stock consisting of bows, &c.
They arrived at Chester in safety, got their
boat loaded and started to return, leaving
at 2 o'clock in the afternoon. Everything
went all right until near Tancock, they had
occasion to jibe the boat: in doing so she
capsized and threw the six men into the
water. William, Young, of Long Reef,
South East Cove, Big Tancock, seeing the
accident from the shore, immediately put
out in a dory. When he arrived at the
scene of the accident, he found the six men
clinging to the bottom of the capsized boat.
It was blowing so hard and the sea was so
rough that he was able to get one man only
into the dory; he succeeded, however, in
lashing two others to the sides of his boat.
By the time this was accomplished the re-
maining three, benumbed with the cold,
were unable to retain their hold any longer,
slipped from the bottom of the capsized
boat to the water, and sank almost imme-
diately, although they were all able to
swim. Young then put for the shore but
finding himself unable to make any prog-
ress, called for help. His appeal was re-
sponded to by his son-in-law, who put off
from Cross Island, and towed him to the
shore. It was feared for a long time that
the three men who had been saved would
not recover, for benumbed from exposure
and cold they remained a long time uncon-
scious. They are now, however, doing
well. The names of the three men drown-
ed are John Wilson, leaving a wife and six
or seven children; George Mason, wife and
five children; and David Langille, wife and
five children. The names of the three
saved are Isaac Mason, brother of George,
Wm. Thomas, and Charles Ross. Up to
yesterday morning the bodies of the
men had not been recovered. This sad
calamity has cast a gloom over the whole
village. All the more so from the mourn-
ful fact that this makes no less than five
of the inhabitants of Tancock who have de-
parted this life within a few days.—*He. Herald.*

A Periodical Kansas Cyclone.

GREAT DESTRUCTION OF PROPERTY.—LOSS OF
LIFE, ETC.

OTTAWA, Kansas, April 3.—A cyclone
last evening demolished seven residences,
injured many others, destroying many
barns, tore the roof off the railway freight
house, and overturned several freight cars.
In North Ottawa fifteen residences were
totally destroyed or badly damaged. The
evening train from Lawrence was caught
north of the town. The passenger car and
two freight cars were upset. One passen-
ger was seriously injured. The storm then
proceeded to the northwest, destroying four
farmhouses. Many persons were seriously
injured and one child killed. Lumber and
furniture was scattered for blocks. Horses,
cattle, wagons, and even persons were
hurled through the air.

GIRARD, Kansas, April 3.—A cyclone
passed near here on Friday night. Seven-
teen houses were destroyed. S. Sanders
and Mrs. Jones, near Mulberry Grove,
were killed, and a five-year-old child was
fatally injured. Many others were badly
hurt. Grass, hedges, grain and trees were
pulled out of the ground, feathers were
plucked from the ponds, and houses were
torn to splinters. The track of the storm
was from three to fifty rods wide.

CINCINNATI, April 4.—A severe storm
last night along the Ohio Valley. At
Evansville, Ind., dwellings, and the turret
of the Unitarian Church were blown down,
with trees, fences, etc. The tug Dick Wil-
liams wrecked, with a barge of corn and
one of staves sunk.

A Good Thing.

German Syrup is the special prescrip-
tion of Dr. A. Boschee, a celebrated German
Physician, and is acknowledged to be one
of the most fortunate discoveries in
Medicine. It quickly cures Coughs, Colds
and all lung troubles of the severest nature,
removing, as it does, the cause of the
affection and leaving the parts in a
strong and healthy condition. It is
not an experimental medicine, but
has stood the test of years, giving
satisfaction in every case, which its rapidly
increasing sale every season confirms. Two
million bottles sold annually. Beware of
medicines of similar names, lately intro-
duced. Boschee's German Syrup was in-
troduced in the United States in 1868, and
is now sold in every town and village in
the civilized world. Three doses will re-
lieve any ordinary cough. Price 75 cents.
Sample bottle, 10 cents.

SEEDS.—Just received, English, American
and Canadian Flower and Vegetable Seeds of
the finest and best qualities at the Agricul-
tural Store.—R. MAY. m22 12i eod
