The number of deaths from diphtheria last year was 14, while in 1886 and 1885 it was 33. STIPENDIARY MAGISTRATE'S COURT.—Fourteen Scott Act cases constituted the docket to-day. Ten cases were attended to this forenoon, five of which were dismissed and the remainder adjourned. The other four are now engaging the attention of the Court. DALHOUSIE COLLEGE.—The classes in Dalhousie College, Halifax, resumed work after the Christmas holidays, on Tuesday. It may be of interest to know that of the 154 students in the arts department 124 come from Nova Scotia, 16 from P. E. Island, and 13 from New Brunswick. PERSONAL.—Messrs. Charles Leigh, Jr., and Arthur Weeks, two well-known and popular young men, leave this afternoon for a course of studies at Sackville Academy, Sackville, N. B. We wish them success. W. C. AN OLD BUILDING BURNED.—Early on the morning of the 1st of January, a fire totally destroyed the seminary chapel at Quebec, together with \$500,000 worth of original oil paintings. The building was erected in 1735, and was probably the oldest building in Canada. The building was insured for \$14,000 and the paintings for \$16,000. AN APPROPRIATE GIFT.—Mr. T. B. Grady, telegraph operator of Summerside, was on New Year's Day the recipient of an extremely handsome marble clock, the gift of the following gentlemen whom he instructed in telegraphy:—Messrs. D. Montgomery, Pope Clarke, Wm. McInnis, H. A. Roberts, P. C. Murphy, and J. W. Hibbert.—Journal. POTATOES AND STARCH.—The exports of potatoes and starch over the New Brunswick Railway during the past year are as follows: Potatoes, 66,425 bushels; starch, 828,330 pounds. THE APPROACHES TO THE CITY.—From the terminus of Grafton Street East to Richmond Street West, are in a disgraceful condition. At several of the landings nuisances and obstructions of different materials, greets the traveller as he forces his way into the city. The landing at the foot of Prince Street, across which the railway track is taken to the flour mill, is left in a shameful condition, as is also the apology for a landing at the end of Water Street west. We do hope that those upon whom devolves the duty of having these grievances—so loudly and justly complained of—removed, will give their attention to the matter with as little delay as possible. STRUCK DOWN.—About five o'clock yesterday afternoon Mr. John McKenna, a well-known resident of this city, and a friend were chatting about the death of the late Owen Connolly in Connolly & Co's store. Suddenly Mr. McKenna staggered back against some goods in the centre of the store, and letting his head rest thereon, remained motionless. Those present at once rushed to his assistance, but were horrified to find that he was insensible—to all appearances dead. Dr. Conroy was immediately summoned. On his arrival he administered restoratives, and in short time Mr. McKenna was sufficiently recovered to be removed to his home. It appears that he has had two or three similar attacks before.

SPECIAL DESPATCHES TO THE EXAMINER. Still Another "Standard Elevator" Unscathed. TORONTO, Ont., Jan. 5. At the opening of the election trial at Halton yesterday, Waddie, the Liberal member, confessed bribery by agents and assumed all costs, amounting to eight hundred dollars. The seat has been declared vacant. The Fisheries Question. WASHINGTON, Jan. 4. The Department of State is unofficially advised that the owners of British vessels seized in Behring Sea by American revenue cutters last summer for alleged violation of the seal fishing laws, have prepared claims against the Government for damages amounting to about half a million. Secretary Bayard declined to consent to the consideration of the claims in connection with the fisheries, on the ground that the two questions are entirely distinct and should be considered separate. It is understood that Mr. Chamberlain and the other representatives of Great Britain expressed similar views. It is practically settled that the Canadian fisheries question will be considered without regard to the seizures in Behring Sea. Punishment. BROCKVILLE, Ont., Jan. 4. For assaulting two Scott Act constables in endeavoring to make an arrest at Kempsville, two of the men, Johnstone and Banks were fined \$250 or two years in jail, Leach \$100, and O'Connor and Bonnin \$115 or one year. The first three raised the money, and the others are in jail. Destructive Hurricane. LONDON, Jan. 4. A violent hurricane is raging in the Irish Channel. Great credit is due Captain Hickey, the President of the Club, and the committee of management for the manner in which they entertained their guests. The two large rooms were tastefully decorated with bunting, and were well lighted. Soon after midnight the guests, numbering about ninety, (the ladies having the majority), sat down to supper. The tables were well laden with all the good things generally supplied at this season of the year, to which ample justice was done. Supper being over, and the temporary table removed, dancing commenced in both rooms, and was kept up until nearly time for daylight to appear. The effort that Captain Hickey and his officers are making to provide amusement for the members of the Club is most praiseworthy.—Com. DIED IN THE STORM.—Mr. James McKee, of Petersville, Queens County, N. B., started from a neighbor's house to go home during the storm of Wednesday night, 28th ult., but did not reach there. The next afternoon his body was found in a snow bank a few yards from his own door. It is supposed he must have lost his way, and was overcome by fatigue and cold. Mr. McKee was 68 years of age, and left a family of four daughters and three sons, all grown up.—Telegraph.
