Convicted on the charge of speeding a young Rustico man was given a fine of \$10 and costs or 10 days. Information disclosed that the accused had driven his car at speeds of 70 to 75 m.p.h. in a 50 m.p.h. zone.

IN STEP

A missionary in Africa tells of how on one occasion he had sent his native carriers ahead of him down a trail. After a few hours of walking he finally caught up with them and found them seated on the ground resting. When he asked them why they were not walking they replied that they were waiting for their souls to catch up with them. They believed that if a man walked fast his body could outstrip his soul and he would have to wait for it.

Many of us travel too fast, leaving our souls behind as we concern ourselves chasing elusive and transient things. We need to take time to cultivate the spirit so that our bodies and souls will be in step. The Bible can help us do that very thing and the founders of the Bible Society had this great need of humanity in mind when they undertook to give the Word of God to every man in his own language. Millions of people are finding in it a steady influence able to control and synchronize bodily and spiritual needs.

We help widen this influence as we support the Bible Society in its great mission and we on the island also help when we purchase material and supplies at the Bible House, the profits of which are used to maintain and extend the work.
