MR. C. D. RANKIN, Chemist, North Side Queen Square, has the honor to announce to the inhabitants of Prince Edward Island and neighborhood that he has made arrangements with

## MR. B. LAURANCE, The Eminent English Oculists' Optician, to personally superintend the adaptation of his SPECTACLES AND EYEGLASSES.

In consequence of so many applications he will be at C. D. Rankin's Drug Store, North Side Queen Square, from Friday, the 5th, to Friday, the 12th January.

To all those requiring aid to vision. The hold that Laurance's Lenses have taken upon the spectacle-wearing public of Great Britain and the testimonials from the greatest of the English Oculists, among the faculty in England and in this Province, must be conclusive that nothing better in aids to vision can be obtained, and when in addition such Lenses are selected and adapted to the eye by Mr. Laurance personally, Mr. Rankin is convinced the same of comfort will be obtained by every person requiring the use of Spectacles or Eye-glasses.

Mr. Laurance's mode of procedure is to test the capabilities of both eyes, and not only to determine the exact power required for each eye, but also to select the particular Lenses best adapted to arrest decay and to give sight without discomfort. Mr. Laurance is no stranger to Prince Edward Island in his capacity as an Optician. For years he visited this Province, as testimonials from our leading medical men and citizens, as far back as 1854, can testify. Mr. Laurance is one of the leading Opticians of England, and his visit here is for one purpose, and that is the introduction of his celebrated Lenses through REGULARLY ACCREDITED AGENTS THROUGHOUT THE DOMINION.

Persons who have tried in vain to be suited with Lenses are particularly requested to call at C. D. Rankin's, and as MR. LAURANCE'S VISIT CANNOT BE PROLONGED, BEYOND A FEW DAYS, it behoves those requiring his assistance to call as early as possible. REFERENCES AND TESTIMONIALS, as to the Quality of the Lenses, etc., are compiled with the names of the following eminent Medical men and residents of Nova Scotia.

- Chief Justice Sir William Young.
- Rev. Dr. Hill, Rector of St. Paul's, Halifax.
- The Hon. W. J. Almon, M. D.
- The Hon. A. W. Smith, Judge Supreme Court.
- J. Scott Hutton, Principal Deaf and Dumb Asylum.
- Dr. Arthur Moren, Physician to Deaf and Dumb Asylum.
- Wm. Wumbler, Ex-Mayor of Halifax.
- Edw. Jennings, M. D., President of the Medical Council of Nova Scotia.
- Vice-President of the Medical Association of Canada.

From Chief Justice Sir Wm. Young. HALIFAX, 2nd Dec, 1882. I have pleasure in testifying that the two pairs of Spectacles I have purchased from Mr. B. Laurance give a clearer and purer light, especially under GAS than any I have previously obtained HERE or ELSEWHERE. WM. YOUNG.

From Rev. Dr. Hill, Rector of St. Paul's. HALIFAX, N. S., Nov. 18, 1882: MY DEAR SIR.—The glasses with which you have supplied me for reading, both by natural and artificial light, have proved themselves to be all that could be desired. I strongly recommend any persons wishing to save strain upon their eyes, and enjoy comfort while reading, to apply to you to fit them with Lenses adapted to their condition of sight. I am, dear Sir, yours truly, GEORGE W. HILL, Rector of St. Paul's, Mr. B. LAURANCE, Optician, 147 Hollis St.

From Hon. W. J. Almon, M. D. HALIFAX, N. S., Nov. 4th, 1882. MY DEAR SIR.—By the aid of the Glasses you last fitted me with I was enabled last night by lamp light to read with comfort, a thing I had not done for some months previous. I am, dear Sir, yours truly, WILLIAM J. ALMON. To Mr. B. LAURANCE, Optician.

From Judge Smith. HALIFAX, Nov. 2, 1882. I beg to state that I have purchased of Mr. Laurance one or two pairs of Spectacles, and have found them every thing I can desire to improve the vision for writing and reading purposes. H. W. SMITH, Judge Supreme Court, N. S.

From the Principal of the Deaf and Dumb Institution. HALIFAX, Nov. 1, 1882. Mr. B. Laurance fitted a number of the pupils of this Institution requiring Lenses to assist their sight, and I have pleasure in testifying to the benefits from their use. But for the aid thus obtained several of them would have been obliged to labor under great difficulty in reading script or print, and would thus have been seriously retarded in their studies, which they are now enabled to pursue with comfort and satisfaction both to themselves and to their teachers. J. SCOTT HUTTON, Principal.

As Medical Officer to the institution of Deaf and Dumb, I have much pleasure in certifying the testimony of the Principal, J. S. Hutton. ARTHUR MOREN, M. D., Physician to Deaf and Dumb Inst.

From John Woodill, Esq. B. LAURANCE, Esq.: DEAR SIR.—In the year 1864 I purchased a pair of night-reading spectacles (and have used them ever since) from Mr. Laurance, used them yesterday and found that you were the same person, and that my name on your books, and as you then told me that you could supply me with a pair that I could use small print for 20 years hence. Well, see small print for 20 years hence. My 74th being in active business, and only in my 74th year, I concluded to take them. But judge my astonishment, at night when I took up my evening paper, I could see to read it in any part of the room by the light of one gas burner as well as when I was 20 years of age, and I trust I will have an opportunity of thanking you personally before you leave our city. Yours respectfully, JOHN WOODILL. 170 Barrington Street, Halifax, Oct. 30th, 1882.

From Dr. Slayter. HALIFAX, Oct. 13, 1882. DEAR SIR.—I have examined your stock of Lenses and can only say that they are the most perfect set of glasses I have seen in Halifax. I believe you to be well posted in your business and thoroughly well able to correct the various defects of vision in those who may consult you. I am, etc. W. B. SLAYTER, M. D. B. LAURANCE, Esq.

From H. Hestlin, Esq. HALIFAX HOTEL, October 12, 1882. Eighteen years ago, Mr. B. Laurance, of London suited me with spectacles. I have them now and they are as good as when I purchased them and my eyes do not require a strong power. HENRY HESTLIN.

Belfast Grammar School.

To the Editor of the Examiner.

SIR,—Saturday, the 30th ult., being the close of the first term of the present school year, the writer, with a number of others, on the invitation of the teachers, repaired to the Belfast Grammar School, for the purpose of holding an examination, preparatory to awarding prizes. The examination, which was of the most searching nature, was mainly conducted by our esteemed fellow-citizen, Dr. McSwain, whose scholarly attainments, coupled with the fact that he had been for a number of years a successful grammar teacher, particularly qualified him to act the role of examiner.

The manner in which the pupils acquitted themselves, the alacrity with which they answered the various questions, was truly astonishing, proving that they had a thorough grasp of the different subjects in which they were examined, and highly creditable not only to themselves but to their teachers, Mr. John A. Nicholson and his assistant Miss Christy Morrison. Too much praise cannot be accorded Mr. Nicholson for the progress made in the school during the short time it has been under his charge; for although young in years he appears to combine, in a marked degree, those natural and acquired talents which eminently fit him to fill the position of principal in a school, which numbers among its graduates those who are fitted to adorn, and who do adorn the higher walks of life, men who have distinguished themselves in all parts of the civilized world, both by sea and land, shedding a lustre, not only on this, their native district, but upon our Island home in general.

In connection with this, it would appear that the growing custom of holding periodical examinations, and awarding prizes according to merit, is productive of more good, acting as a better stimulus, and is more in keeping with this enlightened and progressive age, than the old time, but not honored, birch, or cat o' nine tails. The following is the
