DIPHTHERIA is very prevalent in some sections of Ontario, and several deaths from the disease are reported.

HARPER'S NEW MONTHLY MAGAZINE for Christmas is to hand. Needless to say, it is a beautiful number. Both illustrations and letter-press are excellent.

I. O. F.—Special meeting of Court Avondale to-night at 8 o'clock. A full attendance requested; initiation of candidates. Officers will please attend at 7.30 o'clock sharp.

G. H. TAYLOR, jeweler, would recommend those desiring their signatures engraved to look them out early, and so have the work executed in good style. 1i pd

THE POST OFFICE.—We observe that the Post Office Department is again calling tenders for the Railway Station and street letter boxes. The late contractor did not give satisfaction in these services. Tenders will be received up to the 16th December, at Ottawa.

AN ATTRACTION.—The big show bill gotten up by Mr. Theo. L. Chappelle of the Diamond Bookstore, is quite novel and imposing. It represents the venerable Santa Claus, and makes the announcement that the headquarters for holiday goods is at the Diamond Bookstore.

THE MAONIC BAZAR Committee will meet on Monday, 28th inst., Tuesday, 29th, at 6.30, and all day Wednesday. The committee would be pleased to see the number of ladies in attendance increased to forty-five or even sixty. Bring your needles with you, we supply the thread and work. 266 mw

IMMIGRANTS.—One hundred and ninety immigrants arrived here yesterday morning and left on a special train, about 11 o'clock, for the Northwest. They came to Halifax in the steamer Sardinian. Mr. J. B. Lambkin, travelling passenger agent of the C. P. R., was in charge of the party.—St. John Telegraph.

WON A PRIZE.—Thomas Clarke, of Paines Road, Moncton, has received a prize of \$25 from the American Jersey cattle club, of New York, for an essay on Jersey cattle. The competition was open to the world and fifty prizes of \$25 each were offered. Mr. Clarke is a Nova Scotian, who located in Moncton a few years ago.

TO BUY ITS WATERWORKS.—A recent despatch from Brockville, Ont., says: The by-law authorizing the issue of \$150,000 debentures with which to purchase the waterworks from the company that now owns them, was carried almost unanimously, the vote being 701 for and 26 against. Another by-law, providing the management of the works by elected commissioners, was carried by a similar majority.

THE CABER FEILD.—The steamer Caber Feild, which has just been fitted up with boiler and engine by Messrs. McKinnon & McLean, made a trial trip yesterday, easily steaming eleven knots. A description of the engine, which is of the compound tandem pattern, was published in THE EXAMINER a few weeks ago, and need not be repeated to-day. All the machinery is of the latest design and is constructed in a manner reflecting the greatest credit on Messrs. McKinnon & McLean's establishment. The model of the Caber Feild was made by Mr. Ronald Macdonald, chief engineer of the St. Olaf, and the boat was built by Mr. Thomas Kuley, of Pictou. The principal owner of the steamer is Mr. Henry McKenzie, of Seaford, Ontario. We understand that she will be fitted up with a view to taking a limited number of persons to the World's Fair at Chicago.

IS THE MINE ON FIRE?—While the workmen were at work in the Ford pit on Wednesday night, says the New Glasgow Enterprise, a cloud of dust, ashes and hot air rushed in from the old workings and alarmed all hands. The inspector was immediately sent for, and on seeing the state of affairs at once ordered all hands up. The horses were also taken up and the pit shaft tightly closed. If it is really found that the mine is on fire and another explosion imminent, it is a loss for the company and a serious calamity for Stellarton and the whole county. The Ford pit seam is the finest bed of soft coal in the world, being 38 feet thick. The company have spent enormous sums of money in trying to recover this seam from the effects of the last explosion, and now just when they had begun to take out coal to find all their praiseworthy efforts frustrated and all their enormous outlay gone, is very discouraging to the company and very bad for Pictou county.

Don't miss any of them!

LADIES' COMBINATION SUITS are most desirable for cold weather. Their popularity in other cities is very great. Why not here, too? We keep them in three weights in all sizes. Try them!

Our 60c. and \$1.00 Winter Vests are also superior value.

PERHAPS it is Furs you want. If it we make a specialty of good Furs. In Sacks, Muffs, Capses and Collars we keep a large variety, but in every case we make a point of securing Furs that will wear.

As our Fur business is very large, we secure low prices as well as high-class goods. So we keep the Quality up and the Prices down.

That's why we do the trade.

ST. ANDREW'S DINNER—to-night.

THE STANLEY will leave the Railway Wharf on Thursday for Pictou, beginning work for the season.

OYSTERS!—At Quirk's Restaurant, North Side Queen Square, Oysters served in every shape, also Oyster Patties (the first on sale in the city).—A. & C. Quirk, North Side Queen Square.

ASK your druggist or grocer for the Wilmet Natural Spa Water by the gallon or glass, or Spa water aerated, by the bottle, and drink it as a table water for benefit of your health.

OMISSION.—Dr. James McLeod's name was inadvertently omitted from the signatures to the physicians' circular to the druggists, published in THE EXAMINER yesterday. The mistake was made in copying the resolution. Dr. McLeod's signature is attached to the original document.

TEN DOLLARS will be the prevailing price this coming month for a grand and artistically made melon overcoat. The coloring is so beautiful, embracing the newest effects of browns and tans. The garments would be considered bargains in other stores at \$15.—D. A. Bruce.

INVENTION.—George Duchemin, son of Edmund Duchemin, late of this city, but now of Newark, N. J., has invented a slicer for slicing fruit, etc. It can be graded from the thickness of a shaving to half an inch. The machine is made in a very neat manner, and reflects much credit on the ingenuity of Mr. Duchemin.

THE MARKET.—The attendance at the market to-day was very large with business fairly brisk. Butter, eggs, etc., were in large supply at usual prices. Hay was on sale at 50 to 55 cents per 100 lbs. Oats brought 30 to 31 cents per bushel with the supply fair. Potatoes were sold at 20 cents per bushel to shippers and 22 cents per bushel for family use. Turnips sold at 11 cents to 12 cents per bushel.

CALEDONIAN CLUB.—A correspondent writes: The Recording Secretary of the Caledonian Club has issued notices to members to attend an annual meeting at the club rooms this evening at 7.30, whereas by Sec. 1 of by-laws the annual meeting takes place on St. Andrew's Day, the 30th, when the reports of the Financial and Recording Secretaries for the past year should be submitted. Who has made this mistake?

EPWORTH LEAGUE CONCERT.—The concert given last evening in the basement of the First Methodist Church, under the auspices of the Epworth League, was well attended and was greatly enjoyed. The programme, as published, was carried out in a manner that reflected the greatest credit upon all who took part. The vocal solos by Messrs. Cook and Lewis were especially good, and the quartette and sextette were also capitally rendered. The duet by Messrs. Mitchell and Newson was well played; and the recitation by little Miss Barrett was excellent. Miss Ida Fennel presided at the piano and gave the fullest satisfaction; and the stereopticon was skillfully managed by Mr. G. Herbert Hazard.

PERJURY CASE.—A case of perjury preferred by Alex. S. McPhee, of West River, against Alexander C. Shaw, of the same place, is being heard to-day before His Honor the Stipendiary Magistrate at the police court room. The perjury is alleged to have been committed by Shaw in giving his evidence before Fishery Inspector Hackett on the trial of a complaint against McPhee, for fishing oysters in West River during the close season. The evidence of Mr. A. L. Lewis, the prosecutor took up the time of the court till the hour of adjournment, at 1.15 o'clock. A very large number of witnesses are in attendance, waiting to give their evidence, and the hearing of the case will likely occupy several days. Much interest is manifested in the proceedings, the court room being full all the day. The Attorney General and Mr. Arthur Peters appear for the prosecutor, and Mr. N. McLeod, Q. C., and Mr. W. S. Stewart for the defendant, Shaw.

DIGGING FOR GOLD.—It having come to the ears of the Marshal that some person was digging for gold on Richmond Street west, a short distance below the jail square, he detailed one of the policemen to visit the locality and see what there was in the story. The officer visited the place as directed yesterday afternoon and found that a large sized hole had been dug, which he promptly ordered to be filled up. The hole was dug some time during Sunday night or early Monday morning, and it is said there was more than one person mixed up in the work. It is related, in connection with the digging, that the wife of a certain resident of the neighborhood dreamed three times in succession that a pot of gold was hidden somewhere in the locality, and that since the dream her husband has been using a mineral rod to try and locate the exact spot. He tried all about the locality and even on the jail square, and the "rod" invariably led him to the place where the hole was dug.

DIED

On the 28th November, after a lingering illness, of cancer of the stomach, Mary, the beloved wife of Patrick Pollard, in the 45th year of her age.

[Funeral to-morrow (Wednesday) morning, at 6.30 o'clock, from her late residence, Chestnut Street, to St. Dunstan's Cathedral, thence to Vernon River.]

A CARD

Respecting resolution passed by the Medical Men of this city, requesting the Druggists to discontinue selecting medicines for their customers—

AS I have a legal right to select medicines for my customers, I shall continue as heretofore to supply their wants to the best of my ability—with the best goods that money can buy, and my long experience in the business, (extending over twenty years, with four years spent in the study of medicine with a practising physician), I feel justified in asking for a continuance of your liberal patronage. The Apothecaries Hall is not run in the interest of any physician, directly or indirectly. You are not charged 25 or 30 per cent extra on prescriptions for the doctors' benefit. Therefore, bring them to me and save money.

All prescriptions and family recipes shall receive my personal attention. Your obedient servant, GEORGE E. HUGHES. Apothecaries Hall, DesBrisay's Corner, Queen St., Ch'town.
