

VEHICLES INVOLVED IN ACCIDENT

Four Taken To Hospital After Accident East Of Summerside

Two adults and two children were rushed to Prince County Hospital Saturday afternoon following a head-on collision about a mile and a half east of Summerside. Most seriously injured was Roy MacLure, 55, driver and only occupant of a Volkswagen truck owned by Ideal Dairies Ltd., which was proceeding towards Summerside. Mr. MacLure sustained several broken ribs and severe lacerations to face and head. His condition last night was reported to be favorable. Driver of the other vehicle, a panel truck, was Ernest Williams, 29, who is associated in business with his father, George G. Williams, Summerside florist. In the truck with Ernest Williams was his wife and their three-year-old son; also Mr. and Mrs. Archer MacDougall of Summerside, and four-year-old Garry Poulton, of Charlottetown. Of the three occupants of this vehicle who were hospitalized, only Garry Poulton has been released from hospital. The little lad suffered lacerations to his head and was hospitalized until yesterday afternoon when he was taken to his home in Charlottetown. Mrs. Ernest Williams, released from hospital Saturday night following the accident, was re-admitted last evening when it was found that in addition to lacerations to her head, right arm and left leg, that she had also sustained a fracture of the left ankle. Her three-year-old son, James, was also re-admitted to hospital last evening, when in addition to severe bruises to his body, it was found that he had suffered a fractured collar bone, and was also suffering from pneumonia which was reportedly a development from the state of shock following his injuries. Ernest Williams, 29, the driver of the panel truck, was confined to bed at his home last evening as a result of bruises and lacerations to hip and breast. He is survived by his widow, the former Ella MacDonald of Tyne Valley, and by the following sons and daughters: Horace, in Worcester, Mass.; Wendell, in Derry, New Hampshire; Alan, in

Sudden Death Of E. H. Monkley

The death of Edward Horace Monkley, at the age of 33, occurred suddenly yesterday at his home at 338 Second Street, in Summerside. Widely known throughout Prince Edward Island, the late Mr. Monkley was born in Port Hill and moved to Summerside in 1909. During his lifetime he established an extensive friendship among those with whom he did business, he engaged in various occupations of agriculture, fox breeding, auto agency, wholesale grocery, and more recently in the field of insurance. The late Mr. Monkley was also a former member of the Summerside Town Council. He is survived by his widow, the former Ella MacDonald of Tyne Valley, and by the following sons and daughters: Horace, in Worcester, Mass.; Wendell, in Derry, New Hampshire; Alan, in

Ike Urges Freer Trade

WASHINGTON (AP)—President Eisenhower said Thursday there must be freer trade for such countries as Britain and Japan "if they are to make a living." "We don't want the Communists to get a hold of strategic goods in the world," the president added. At the same time, he said, the welfare of industrial allies of the U.S. must be taken into account. Eisenhower expressed his ideas to about 200 members of the Committee for a National Trade Policy, an organization representing segments of U.S. agriculture, industry, labor and consumer groups. In advocating freer world trade, Eisenhower made no specific mention of Britain's recent easing of restrictions on trade with Communist China or of a desire in some Japanese circles to increase trade with the Chinese mainland. He appeared, however, to have both situations in mind. The president spoke of countries which are "having a hard time making a living," mentioning Britain and Japan as examples. "They have to perform services for somebody else," he said. "Which means their entire living, really, comes out of exports." "These nations have, certainly so far, been observing very great restrictions in the amount of their goods that they can manufacture to sell to the part of the world that is behind the Iron Curtain. So where and how are they going to make a living?" Eisenhower asked. "Yet if they don't make a living, the consequences upon us are not merely commercial. . . . In other words, we would be in an awful fix because of this great struggle that is being carried on between two forms of government in the world we need these people on our side."

Jersey Joe Will Referee On Wrestling Card Here Tonight

Wrestling fans will get an opportunity to see Jersey Joe Walcott, former heavyweight champion of the world in action at Civic Stadium in Summerside on Monday night. Jersey Joe is past his fighting days, but he is a real good crowd pleaser in the way he handles wrestlers, and he has been signed to referee these top-line matches in order to keep the big rough boys, especially the Gallagher Brothers in line. The strutting Gallaghers have been given referees more trouble than any other tag team in history but they generally know when to stop if Walcott is the fifth man in the ring. Walcott won world heavyweight championship by knocking out Ezzard Charles and was himself knocked out by Rocky Marciano, though he gave Rocky one of the best fights of his career. The Gallagher Brothers will be pitted against Frank Valois, a newcomer to Summerside, and Len Hughes. Valois is happy in the rough going, and is a cinch to get lots of opportunity for happiness in there with those Gallaghers. Tim Geohagen will be against Bull Montana, a big rough fellow who abuses the rules more than somewhat but is a crowd pleaser all the way. It should be a pretty exciting evening.

S'ide Mayor Is Vice-President

MURRAY BAY, Que (CP)—Mayor Lloyd Jackson of Hamilton Sunday was elected president of the Canadian Federation of Mayors and Municipalities, succeeding Mayor William Harelak of Edmonton. Elected vice-presidents were Mayor J. D. McArdill, Saskatoon; Mayor H. Mews, St. John's, Nfld.; Mayor W. T. Walker, Fredericton, N.B.; Mayor W. A. Currie, Summerside, P.E.I.; Mayor I. W. Akersley, Dartmouth, N.S.; and Mayor J. G. Vanbelleghen, St. Boniface, Man. Mayor Edward Wilson of Verdun, Que., was elected honorary treasurer.

N. S. Forest Fire Threat Continues

WINDSOR, NS (CP)—A forest fire which swept through nearly 10,000 acres of Nova Scotia timberland, and which has been under control since Thursday continued to cause trouble for 300 fire fighters during the weekend. Officials said the blaze remained under control, but small outbreaks at scattered points kept the fire-fighting desperately to help the flames in check. A spokesman for the provincial forests department said continued dry weather will keep the blaze alive for weeks. The department makes daily aerial surveys of the area, directing teams to outbreaks. The fire destroyed several summer cottages and sawmills, and early last week it threatened two villages. There have been no injuries.

Junior Farmers Meet In S'ide

The East Prince Junior Farmers met at the Dept. of Agriculture board room in Summerside on Thursday, with the president, Eddie Clarke presiding in his opening remarks Mr. Clarke told the meeting of the visit to St. Georges on June 6th. He also congratulated Mr. Urban Laughlin of the East Prince Junior Farmers, along with Garth Coffin on winning the recent debate with Ontario Junior Farmers. It was decided at the meeting that a committee be appointed to make plans for a picnic to be held in the near future, at which time the St. Georges Group would be invited to attend. Also a committee was appointed to finalize plans for a Junior Farmers dance to be held in Lot 16 Hall on Wednesday, June 19th at which time films will be shown. The secretary was instructed to write Dr. George C. Fisher on information regarding the vaccination of cattle for Bangs Disease. Allan Palmer, Prince County, Agricultural Representative outlined tentative plans for a 4-H club tour which would be held around July 15th. Mr. Urban Laughlin reported on the National Farm Radio Forum Conference held on June 11 and 12th at Shediac, N. B. At the close of the meeting two films were shown.

Child Injured In Summerside

Six-year-old Carol Ann Arsenault, daughter of Mr. and Mrs. Harold Arsenault, 123 Water St., East, Summerside, was rushed to Prince County Hospital by ambulance on Saturday at noon hour when the little girl was struck by a car driven by Ernest Richards of Convent Street. The accident occurred opposite her home as the little girl ran across the street to play on the grassy slope beside the water front. It is reported that the driver failed to see the child as she attempted to run across the road, and was aware of the accident only by the sound of the impact at the moment of the accident. The child required ten stitches to close the wound she received and was released from hospital yesterday afternoon.

Asphalt Plant Employee Is Severely Burned By Gasoline

Flaming gasoline which splashed on, and ignited his clothing, turned Eddie Gallant, about 30, into a human torch on Saturday afternoon, causing painful and extensive burns to both legs, to his body, back, and one arm. Mr. Gallant, an employee at the asphalt plant of Curran and Briggs, Ltd. in St. Eleanors, working in a small storage shed at the asphalt plant, was using an electrically driven emery stone to sharpen an implement when sparks from the stone started a fire on the floor. Observing a can containing gasoline sitting close to the fire area, Mr. Gallant in great haste grabbed the can from which gasoline accidentally splashed into the area and onto his clothing which was ignited by the instantaneous flash fire that resulted. Dashing out of the building Mr. Gallant received numerous bruises from throwing himself on the ground and rolling around to extinguish the flames. Unable to completely extinguish the fire that surrounded his body, he regained his feet and in pain and shock, fanned the fire to renewed vigor by running swiftly across the plant yard before other employees could overtake him and assist in extinguishing the fire by ripping the clothing from his body. Members of the R.C.A.F. who happened to be passing by observed the incident and were swift in rendering first aid to the injured man who was then rushed to Prince County Hospital where his condition last evening was said to be favorable.

for higher yield better quality
DITHANE
makes the difference

Potato growers everywhere find DITHANE makes the difference between a bumper crop with plenty of No. 1's, and a just average yield of ordinary potatoes. That's because DITHANE protects against early and late blight, helps the vines remain green and vigorous longer to produce bigger, firmer tubers . . . and more per acre.

DITHANE is the original carbamate potato fungicide made in Canada. Although there are several imitations . . . there is only one DITHANE. Insist on this well known product for the protection of your potato crop and we are sure you will agree DITHANE has no equal. Tests have proved DITHANE-protected potatoes to be at least equal in flavour, cooking and chipping qualities to those sprayed with copper fungicides.

Remember it costs no more to use the best. See your DITHANE dealer soon.
DITHANE is a trademark in Canada, Reg. U. S. Pat. Off. and in principal foreign countries.
