

Great Fighter Passes With Gardiner's Death

The death of the Rt. Hon. James G. Gardiner removes one of the most dynamic figures ever to tread the agricultural stage in Canada.

The farm organizations had long experience with Mr. Gardiner and even when they disagreed with his policies or lack of policies, and even when they were fighting with him had confidence that he was fighting in the cabinet on their behalf.

In the early years of the last war agricultural interests were being pushed well into the background of the war effort, at the 1942 London meeting of the Canadian Federation of Agriculture the farm leaders backed Mr. Gardiner into a figurative corner on the issue.

Mr. Gardiner was a debater of great force and ability, on the platform he had what appeared to be unlimited information at his disposal and could speak by the hour. Whether or not farm people agreed with Mr. Gardiner politically the feeling appeared to be that he was a strong minister and that if we had had a weak one during the war years the results could have been disastrous for farm people.

While for many years he moved with the great he remained essentially a man of the soil and during his frequent holidays would go back to his Saskatchewan farm on his overalls and take part in the farm work.

In his passing Canada loses a great nation builder, a great fighter for agriculture and a statesman of undoubted stature.

DAIRY WEEK

This week's most important gathering in a farm sense is the annual meeting of the Dairy Farmer's of Canada in Montreal.

Active labor supply exceeds the demand is about half of the major occupations. The situation usually exists when the ratio of applications for employment on file with the National Employment Service to paid workers, is more than 5.9 or 6.9 per cent but less than 10, 12 or 14 per cent, depending on size and character of the area.

A balanced labor supply occurs when current labor supply and demand are approximately in balance for most major occupations. The situation usually exists when the ratio of employment applications to paid workers is more than 3 or 2.4 per cent but less than 8 or 7 per cent, depending on the size of the area.

The play "Blood Wedding" is being slowed-down for a while, as Carousal readies itself for production, and should be getting back to stage rehearsals shortly after Feb. 6.

St. Thomas College Varsity Hockey team invades St. Dunstan's, this afternoon and this will be a game worth watching. The Red and White team has been impressive in their last four starts 5-3 victory over Evrardus, 7-4 victory over Mt. A., 7-7 tie with Crystals, 7-4 victory over Penguins. St. Thomas, however always has a strong team, (Remember last year, a 13-2 loss for SDU) but the Saints won't be a push-over. This is a game worth watching.

Support the Saints.

From the great variety of material we have selected extracts from remarks made by different speakers. We make no comment on these statements and leave the reader and the dairy farmer to form his own opinion.

DR. H. H. HANNAM, CFA PRESIDENT

"A year ago, the annual meeting of the Dairy Farmers of Canada considered the dairy problem—a major national one. And, in the meantime, it has been slowly but gradually growing worse. It has now become one of the crucial matters facing Canadian agriculture and all Canadian governments. A new dairy program is in the making and must be decided on within the next month or two. This means that the leadership responsibility of our meeting here is tremendously important and as well extremely urgent.

"Had your secretary asked me to speak on domestic problems of the dairy industry, I would have talked to you recommending amongst other things:

(a) Immediate and strong emergency action aimed at reversing the downward trend in butter consumption. About the only effective way for this to be done immediately is by a substantial consumer subsidy on butter.

(b) Asking all milk producers in Canada to join hands in preventing any further expansion in milk production as a temporary program until such time as surplus butter stocks are reduced to manageable proportions.

(c) That the Dairy Farmers of Canada make special efforts to answer the unfair and unsubstantiated facts about the danger of fallout having greater effect upon milk and milk products than upon some other products. Also it must be admitted that publicity charging milk and butterfat with a tendency to cause heart disease is merely the opinion of a few doctors. As such they are personal views not based on the results of adequate scientific research.

(d) Appealing to dairy farmers to give up programs based on breed rivalry. Nothing can be more harmful to the advancement of agriculture generally than rival programs or little wars between breeds or different commodity groups."

FRANK LUTES - PRESIDENT, DAIRY FARMERS

"I feel we must take concrete action to expand the services of Dairy Farmers of Canada. For example we have been urging the various governments to establish a school milk plan this has been receiving consideration by federal and provincial governments as well as interested local groups. Perhaps the time is here for us as dairy producers, in conjunction with other interested persons, to take more concrete action to establish school milk plans. There is definite evidence that in some markets such an effort has produced results. Not only is more milk being consumed by the children in these places but the concerted effort of all is growing a whole new generation of milk drinkers. I am convinced real progress will only be made when we combine our efforts in a concrete manner and actually assist in organizing them on a local basis.

"I would like to commend the governments of the provinces of Quebec and Ontario for initiating studies to determine how they can best co-ordinate their dairy marketing programs. I would like to assure these people that Dairy Farmers of Canada will do everything in their power to assist in this co-ordination of effort. Anything less would not be in the best interest of the whole Canadian dairy industry.

To date no action has been taken on our request to the Federal Government. I regret to report lack of action on the part of the Federal authorities, particularly on our request for a consumer subsidy of 14 cents per pound on butter. As you will recall the request for a consumer subsidy was made by you in annual session one year ago, in light of the continuing drop in per capita consumption at that time. The situation has not improved in the interval. For me not to express our disappointment in a most emphatic manner at this time, would be less than my duty as your President."

DR. J. M. NESBITT, UNIVERSITY OF MANITOBA

"My first major point this afternoon, and I would like to re-emphasize it, is that there is room for only a limited number of farmers to make a good living in dairying in Canada. In my opinion then, any long range program prepared by your organization, should pay special attention to this problem and must include recommendations for alleviating this situation. Since the situation in other phases of agriculture is not much different, (consider that approximately 75 percent of the farmers in Canada produce approximately 75 percent of the products) there is no room there, and hence we must encourage these people to leave the farm. I would like to emphasize that I am not suggesting that "we are going to force farmers to leave the farm," rather we should take the other approach. We "must arouse in these people an eager desire to leave the farm," we must provide them with better opportunities in other areas. A program of full employment in this country would go a long way to solve some of the agricultural problems. The agricultural problem cannot be separated from our national problem. A part of this problem is the fact that we have a great many poorly educated and unskilled individuals who unfortunately find it difficult to fit into our present society. Mechanization and automation have reduced the need for labour and have also greatly increased the skills and abilities needed for employment. Unfortunately many of our citizens in many cases due to circumstances beyond their control are not equipped for these purposes. Compounding the situation even further is the fact that we have a tremendous flood of teenagers coming on to the labour market. The second major problem area which a long range program will have to consider is the one of adjusting supply to

HALIFAX (CP)—The weather office says snow is expected to come into the Maritimes this morning. Amounts could reach six inches in Nova Scotia but less is expected for New Brunswick and Prince Edward Island. Strong easterly winds may cause a little drifting.

Regional forecasts: Prince Edward Island, Eastern N.B. counties, Lower St. John River valley: Clear, becoming cloudy in the afternoon with snow by evening; milder; light winds increasing this evening to east 20. Low-high at Charlottetown, Moncton and Saint John zero and 25, Fredericton 5 below and 20 above. Outlook for Sunday — A few snowflurries.

High tide today at Charlottetown at 11.13 a.m. and 10.33 p.m. At Rustico at 8.21 a.m. and 5.42 p.m. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 7.18 and sets at 5.04 and rises Sunday at 7.18 and sets at 3.05. Sunday High Tide at Charlottetown 11.56 a.m. and 11.16 p.m. 21 Jan. High Tide at Rustico 8.54 a.m. and 6.24 p.m.

demand. If 250,000 farmers leave the dairy industry it will greatly reduce the number of people wanting a share of the dairy pie, but it will not necessarily (Continued on page 3)

The Bible House offers you religious supplies for church and home. 170 - Kent St. Charlottetown

READY FOR SNOW

All this equipment — and so much more! In contrast to the brilliant snow drifts that plagued P.E.I. last winter, snow is completely absent from all highways in the province. A new government policy of contracting snow clearing operations to island highway construction firms has so far not had an opportunity to be tested. The firm of Curran and Briggs Ltd., have accepted responsibility

for snow clearing on all highways from shore to shore in the area between St. Eleanor and Day's Corner, near Wellington, representing about 115 miles of highway. Arrayed for the battle with snow that is almost certain to come before many days, a line-up of powerful equipment consisting of six plows and one snow blower is seen yesterday ready for action in front of their headquarters in St. Eleanor.

Active Year Reported For UC At Alberton

ALBERTON—The annual meeting of the United Church of Canada was held Tuesday evening with the minister, Rev. James H. MacIntosh, leading the worship and conducting the business. Mrs. A. C. Green was appointed secretary of the meeting.

In reporting for the session, the clerk, Mrs. Green, stated that the outstanding event in the life of the congregation last year was the service commemorating the 100th anniversary of the martyrdom of the Gordons in Eromanga. The service was conducted by the Maritime Conference and was of significance all across Canada.

She also reported that arrangements are being made to have the "United Church Observer" placed in every home in the congregation. Another matter brought to the attention of the congregation was the church's "living memorial" plan whereby a gift to the missionary and maintenance fund is made in place of sending flowers to funerals. Particulars concerning this plan may be secured from the minister or one of the elders.

Mrs. Fred Leard reported for the WMS Auxiliary of which she is president, also the Mission Band which has been under the leadership of Mrs. Herbert Matthews, and the Lucy A. Gordon Baby Band which has been under leadership of Mrs. Kenneth Quigley.

After giving a resume of activities in 1961, Mrs. Leard concluded by saying, "with the beginning of 1962 the WMS goes forward into the third great venture of its history with the formation of the United Church Youth Groups."

Mr. MacIntosh reported for the Scout Troop and the Tyros. Twenty-three scouts were registered. The highlight of the

WESTERN BRIEFS

NOLAN FUNERAL — The funeral for John Nolan, formerly of Milo, was held on Wednesday morning from Jolley's Funeral Home to the Church of the Immaculate Conception, Brae, where Requiem High Mass was celebrated by Rev. Justin MacDonald. Pallbearers were Gerald MacAlear, William McNally, Angus MacLean, Wilfred Hickey, Lawson MacNevin and Joseph MacIsaac. Interment was in the church cemetery.

O'Leary Men Hear Panel On 'Survival'

O'LEARY — O'Leary and District Men's Association held its 77th monthly meeting in the Christian education centre on Monday evening. The meeting opened with a sing song led by the president, David Lockhart with Donald Matheson at the piano.

Devotion was led by Winfred Bridges and scripture reading by Donald Matheson.

There was a panel discussion on "Survival" with Lloyd Matthews, Alton Rayner, J. W. Coughlan and Randall Boates participating and Rev. D. H. Hamilton asking the questions.

The guest speaker, Major Orin Simons, civil defence co-ordinator for the province, was introduced by Mr. Hamilton. His subject was survival from fallout.

Also present for the evening was Gordon Kerr of Charlottetown who addressed the meeting briefly on the Boy Scouts. The next meeting will be held Feb. 30 in the Bloomfield Church. Lunch was served by the O'Leary members.

Too Late To Classify

FOR SALE, EIGHT FEEDER steers, Holstein and Short-horn crosses. Also three brood cows, due January 25. Apply Box 4549, care of Guardian-Printer.

LOST: FRIDAY NIGHT AT 4:30 p.m. \$30 bill. Please call 4-6225, Reward.

THE WEEK AT SDU

New Twist Will Feature Dance Tonight At SDU

By FRANK CORCORAN
SDU Correspondent

"They got a new dance and it goes like this. The name of the dance is the Peppermint Twist."

And Saturday (this tonight) the Twist is being introduced at Dunstan's. There is going to be a really big show tonight and this exciting and athletic dance will be on the agenda. The Twist is the rage now and Rock and Roll is starting to fade, at least for a little while.

Dance starts at nine and ends about midnight so perhaps we'll see you there.

HOCKEY TEAM ROLLS
On the sports scoreboard, the Saints Hockey Team is starting to roll, their recent victory over the Penguins show the boys are starting to pull as a team and instead of just putting up a good fight - are fighting to win.

In basketball the varsity played Mt. A., last night (Fri). Unfortunately this goes to press before the results of the game but the Saints are going into the game with the odds on their side mainly on the strength of their recent upset over U.N.B.

We expect a SDU victory with Sirois, Heine and Desroche at best, up in the double figures.

In city league basketball the J.V.'s pulled off an upset victory 61-60 over the Troiters and proved they have a fighting spirit which doesn't help the oddsmakers who calculate things on a practical basis.

Went over to the gym last night for a sort of a sneak preview of "Carousel" the musical is really coming along, and when it appears before the public Feb. 6 at St. Dunstan's Alumni Auditorium, it should be in a polished form. Last night the sailors were going through their routine and secretly it looks good. As an onlooker commented "This looks better than I expected. I see Marcia has a post that she doesn't have to practice too much."

This musical is really worth seeing. My only regret is that I have to wait until Feb. 6th till I see all of it. A lot of work has gone into this production and it shows. Sr. Mary Pauline, take another bow - you work!

Back to sports, the St. Dunstan's High School split victories with Summerside High in regular interscholastic play. On ice SDHS lost 3-2 and on the basketball court won 74-50. In basketball, this year St. Dunstan's is the team to beat on all levels of play, Varsity, Junior Varsity - and High School. Each team has also one person who is usually high scorer and on each team the high pointer gets a short player. On Varsity, Lennis Sirois who dropped 34 pts. against UNB on Junior Varsity - Mike Wong who scored 17 against the Troiters and on High School - Don Brown who scored 35 against Sum-Hi Thursday afternoon.

The play "Blood Wedding" is being slowed-down for a while, as Carousal readies itself for production, and should be getting back to stage rehearsals shortly after Feb. 6.

St. Thomas College Varsity Hockey team invades St. Dunstan's, this afternoon and this will be a game worth watching. The Red and White team has been impressive in their last four starts 5-3 victory over Evrardus, 7-4 victory over Mt. A., 7-7 tie with Crystals, 7-4 victory over Penguins. St. Thomas, however always has a strong team, (Remember last year, a 13-2 loss for SDU) but the Saints won't be a push-over. This is a game worth watching.

Support the Saints.

Ch'town, S'side Said To Have Moderate Labor Surplus

OTTAWA, (Special) — Reflecting the approach of winter and its normal employment slump, latest classification of labor market areas shows a number of communities moving from an approximate balance to a moderate labor surplus category.

Some of these areas include Charlottetown and Summerside in Prince Edward Island, Quebec-Levis, Montreal, and Prince Albert in Saskatchewan and Guelph, Chatham and Woodstock in Ontario.

Eleven labor market areas moved from a moderate to a substantial labor surplus category in November, while 37 others moved from an approximate balance to a moderate surplus rating.

No areas are listed as having a labor shortage and only 17 areas remain with an approximate balance between labor demand and supply.

A moderate labor surplus rat-
