A CHANCE OF A ...LIFETIME

To secure one of the finest properties in P. E. I.

This farm contains 130 acres of excellent land, 80 acres cleared and in prime condition. There is a fine belt of hard and soft wood (which is very valuable, now that ice is so high) oyster mud within a few rods of the shore, abundance of marsh mud, well water, two mills near the house, good buildings, basement stable, 6 miles from town, one mile from Pownal village, school next to the farm, three churches within a radius of 1 1/2 miles, cheese and butter factory in rear of farm, a large and heavy bearing orchard of best varieties of apples and plum trees, raspberries, strawberries, etc. For location and beauty of scenery this property is unsurpassed by any on the Island. It is a daisy of a place, but there is not a daisy on it. Only reason for selling—going into business in the Northwest with my sons. Sold with or without crop, stock, and implements. Terms on application to my solicitor, A. A. Moore, Esq., Barrister, Charlottetown, or to the owner.

THE DAILY EXAMINER

NOVEMBER 5, 1900.

JUST BEFORE THE BATTLE.

But two days remain in which to complete arrangements for the great struggle of the 7th inst. Let nothing be left undone by any associations or committee, or individual to assure the marking of every possible ballot for the Opposition candidates.

The Opposition candidates are, personally, worthy of the support of the electors. Three of them are well-tried public men. Messrs. McDonald, Hackett and Martin have been proved in Parliament to be able and worthy representatives of an honest and intelligent people. Two of them, at least, have passed the ordeal of the election courts, and their honor today is undimmed. Who does not remember the convincing and successful advocacy of Messrs. Martin and McDonald in the matter of the Belfast and Murray Harbor Railway? Messrs. Lefurgey and Stewart are young men who have from the first steadily continued to make a good impression on the electorate and to give assurance of becoming valuable and prominent members of the House of Commons. They ought to, and we believe they will, receive the all but undivided support of the young men of their respective ridings, and they certainly will receive the votes of all patriotic and intelligent and unprejudiced electors of mature years—those who were led to expect great things from the men now in office,—and are today disappointed and deceived.

The issue before the country is simple: (1) Down with Tarteism, as the people of Quebec (a few years ago) downed Mercierism. (2) Revoke and punish politicians who have broken their pledges to the people, and by so doing promote political incertitude, honest dealing and economical management in respect to public affairs. (3) Show that the people of Canada are in favor of Mutual Preferential Trade, in which the possibilities are immense. (4) Make it clear that the people of Canada are in favor of fair trade with the United States and that they are not in favor of the jug-handled tariff conditions which at present exist. These are, in brief, the main points in the issue now submitted to the electorate of Canada and to be decided on Wednesday next. Can there be a doubt as to the decision of the majority?

Reliable advices from all parts of Canada indicate victory for the Opposition all along the line. It is significant that La Presse, the independent French paper of Montreal, sees that it made a mistake at the beginning of the campaign. After careful enquiry in the Province of Quebec it admits that the Opposition is wonderfully strong. From 23 to 30 counties in that great Province will return supporters of Sir Charles Tupper. It is said that even Liberals in Montreal admit that Conservatives will carry twenty-four of the Quebec seats. No one who has a head on his shoulders believes, for one moment, that approval of Tarte will be voted by the great Province of Ontario. Every one admits that the Great West will also give an overwhelming majority for Mutual Preferential Trade, straight politics and honest government. And what of the Maritime Provinces? Can there be a doubt that the electorate will return a substantial majority to support Sir Charles Tupper, from Nova Scotia, New Brunswick and Prince Edward Island? The number of Old Liberals around us, and reported from every section of the country, who openly declare that they cannot support Tarteism or tolerate deception on the part of their representatives, is a proof which cannot be doubted or disputed. Unless all signs fail [the victory of the Opposition is assured. The only re-

maining doubt about the matter lies in the watchfulness and activity of the workers on election day;—and we feel certain that the Opposition will not fail upon this point.

The debt has been increased by \$7,000,000.

NOTES AND COMMENTS.

SMASH the Machine!
VOTE down Tarte and what he stands for.

The young men will poll on Wednesday for that "YOUNG gentleman."

VOTE down Tarte and Tarteism by voting for the Opposition candidates.

At a public meeting held near Memoracook a few evenings ago, Mr. Simeon Belliveau presided. In opening he made a brief speech. He said that for eighteen years he had been a Liberal, and the reason for his appearance as chairman of a Conservative meeting was that, no honest man could remain with the Liberal party as it had been run for the last few years.

The London, Eng., Speaker (Radical), does not enter into the admiration of Sir Wilfrid Laurier as heartily as Sir Wilfrid thinks he is admired in the Mother Country. It says: "Sir Wilfrid Laurier's differential duties have not improved the trade with Great Britain, nor will the reputation of the Premier be improved by his latest declaration that, though the time is not yet ripe for a British Zollverein, he will favor it on a basis of Free Trade. As well favor old-age pensions on the basis that they shall involve no extra charge on the Exchequer. Mr. Chamberlain knew better. He said he must, in preparing for a Zollverein, get rid of any pedantic adhesion to preconceived opinions in favor of Free Trade."

The following figures, taken from different official publications, will give an idea of the progress made by Japan in certain directions since 1890:

Total ..	162,428,833	442,658,830

Production of tea, tons	26,274	34,428
Budget, expenses, '93-'94, 1898, yens.	84,581,000	249,547,000
The value of the yen is about		\$0.50.

The Montreal Star remarks that the list of the amendments designed by the movers to prevent the Canadian Pacific Railway from being a success and intended to destroy it, is a long one and a most humiliating one for the Grity party. Here it is:

1871 Motions to defeat C. P. R.,	7
1872 do	6
1873 do	1
1875 do	1
1877 do	2
1878 do	2
1879 do	2
1880 do	1
1880-1 do	28
1884 do	11
1885 do	10
1886 do	4
1888 do	2
Total	77

Some of these were more malevolent than others, but all were aimed at the one target, all had for their distinct, avowed purpose the same object, viz., to prevent the success of the Liberal-Conservative policy—the effective union of British Columbia with Canada by means of an inter-oceanic railway. But Messrs Tarte, Laurier, Sifton & Co., are now claiming credit for the development of the country resulting from the construction of the Canadian Pacific Railway!

The celebration is over. The shouting is done. The soldier boys are home, but not all. And now for a souvenir—a souvenir of those who have come home, of those who are still in Africa, and of those who will never return. Something which you can keep, something dainty, something which you can send to your friends away, something which contains pictures of ALL of the Island heroes. Such a souvenir can now be had at all of the bookstores and news stands. The price is ten cents each.

The balance of W. H. Stewart & Co's stock removed to Goff Bros., store, where you will get great bargains to clear the remnants out.—GOFF BROS.
