The duty of a student representative in any elected position is to recognize and practice the UPEI SU declaration of a student.

4. playing a full part in the life of the community as a citizen.

The student has the right to establish democratic, representative student associations. Realizing that educational reform will not come in a vacuum or without a continuous examination and possible arrangements, the associations

must be free to ally themselves with other groups in society with similar aims.

Students who are elected are student leaders. These students have a responsibility to education, UPEI and their fellow students. This means any one who is considering running must be prepared to be vocal, informed and active.

If this declaration is a farce for anyone; if it appears idealistic and irrelevant; if you don't know student rights or are unaware of present violations in this university community then someone needs to ask some questions.

Student executive members should be prepared to be open to adjust very quickly and change.
