WONDROUS REMEDY

Is What a London Doctor Calls
Dodd's Kidney Pills.

LONDON, Oct. 1.—A large decrease in the number of cases of Kidney Disease has been noted in this city during the past year.
"There's only one thing to be said about it," said a prominent physician, speaking on the subject to-day.

"This falling off is due solely to the use of Dodd's Kidney Pills by the people. Dodd's Kidney Pills are the most wondrous kidney remedy ever known. They are used in nearly every household, which accounts for the great decrease of Kidney Complaints."

A Doubting Father.

One warm midsummer day Steve found himself seated under the old Baldwin apple tree, with the half hull of a red hearted watermelon in his lap. Old Mr. B., busy with the other half, paused now and then to ask Steve about his new job, how many cigars he smoked in a day, what they cost and what he paid for his fine clothes. Presently he wanted to know what they called his boy on the road—conductor, brakeman or what?

"They call me the general freight agent, father," said Steve.

"That's a mighty big name, Steve."

"Yes, father; it's rather a big job, too, for me."

"But ye don't do it all, Steve. Ye must have hands to help you load and unload?"

"Oh, yes, I have a lot of help!"

"And the company pays them all?"

"Yes."

"How much do they pay you, Steve—\$2 a day?"

Steve almost strangled on a piece of core, and the old gentleman saw that he had guessed too low.

"Three?" he ventured.

"More than that, father."

"Ye don't mean to say they pay ye as much as five?"

"Yes, father; more than 25."

The old man let the empty hull fall between his knees, stared at his boy and whistled.

"Say, Steve," he asked earnestly, "are ye worth it?"—Lippincott's Magazine.

The Inquisitive Damsel.

A girl who took up photography not long ago and endeavored to get some valuable snap shots had bad luck with her first pictures. There were funny streaks of white all through them when there was any picture at all, and she couldn't imagine how they came there. Neither could an experienced amateur who assisted in developing her first negatives and who took the usual precautions in loading the camera and taking the plates.

"I can't imagine what is the matter," he said as plate after plate came out either good for nothing or with only a little of the picture visible. "Those ought to have been good plates."

"Neither can I," said the girl. "They looked all nice and smooth and white if that is the way they ought to look."

"Looked all right!" exclaimed her instructor in dismay. "You hadn't looked at them before we put them in the camera, had you?"

"Oh, not enough to hurt them!" said the girl. "I just lifted up the black paper from each plate just the littlest crack in the world. I just couldn't resist the temptation of seeing how nice they looked and think of the lovely pictures I was going to have on them."

Ballade of Ye Grasping Rat.

"Here's a barrel to select from," quoth the grasping rat.

"And I'll take the biggest apple in it, too—that's that!"

He sunk his little teeth in the fattest one and then

Expeditiously departed toward his cozy den.

But when he reached the entrance he found it quite too small.

The apple he had brought there would not go in at all.

So he left it by the hole, went in himself instead, and a hungry rat that night went supperless to bed.

There are other grasping rats—you meet them on the street—

You may see them walk erect upon their two hind feet.

The world is full, beloved, of animals today who have grabbed off more than they can safely put away.

What You Pay For Medicine

is no Test of Its Curative Value—Prescriptions Versus Dr. Chase's Kidney-Liver Pills.

Dr. Chase's Kidney-Liver Pills are just as much a doctor's prescription as any formula your family physician can give you. The difference is that Dr. Chase's Kidney-Liver Pills were perfected after the formula had proven itself of inestimable value in scores of hundreds of cases.

Dr. Chase won almost as much popularity from his ability to cure kidney disease, liver complaint, and backache, with this formula, as he did from the publication of his great recipe book.

The idea of one treatment reaching the kidneys and liver at the same time was original with Dr. Chase. It accounts for the success of Dr. Chase's Kidney-Liver Pills in curing the most complicated ailments of the filtering organs, and every form of backache.

As a family medicine Dr. Chase's Kidney-Liver Pills are unapproached. They keep the kidneys, liver, and bowels healthy, active, and regular, and so prevent and cure nine-tenths of the ills to which humanity is subject. One pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

DOMESTIC ECONOMY

Said Brown unto his wife one day,
"We've nothing left to eat;
If things go on in this queer way,
We can't make both ends meet."
His wife replied in words discreet,
"Oh, we won't be badly fed;
If you can make but one end meet,
I'll make the other bread?"
Chicago News.

BUT GOOD WIFE!

You can't make good Bread, if you don't use good Flour. It's a mistake many people make in buying Flour as well as other things, in thinking they are using economy by buying a cheap grade but it generally proves the dearest in the end. When in want of Flour give us a call; we keep most of the standard brands and can quote as low prices as anyone in the trade.
