It is welcomed in every house in England and France, and in a very brief time the same can be said of Canada, from the Atlantic to the Pacific. Lessive Phenix requires only to be tried once to be gratefully appreciated. A marvellous washing and cleansing solvent. Just fancy an article that will make all your clothes as good as new, and that will clean everything in the house from the silver that you cherish to the common earthenware which you thought of throwing out, making it just like new. That is what Lessive Phenix will do, and a score of other things. For it will clean everything, and it will not harden your hands.

POLICE COURT.—This morning a young man named Malcolm McCormack appeared, charged with malicious injuries to property. The charge was proven and McCormack was fined \$5 and costs and ordered to pay damages. Mr. John J. Davies, was the complainant. It appears that yesterday afternoon while McCormack was under the influence of liquor he took possession of the Davies horse team, which was standing at the railway station, and started out for a drive. When he got up as far as St. Dunstan's Cathedral the sleigh collided with a post and upset, breaking the shafts and otherwise damaging the vehicle. McCormack had nothing to say in answer to the charge, excepting that he was drunk and did not remember the circumstances. The fine and costs and damages amount in all to \$29.39. McCormack paid up promptly. Two young men were each fined \$5 and costs for fast driving on the 21st.

Sons of Temperance.

MEETING OF THE GRAND DIVISION.

The fiftieth session of the Grand Division, S. of T., commenced in McLeod's Hall, in this city, at 11.15 to-day. The G. W. P., Rev. George W. Fisher, presided. About eighty representatives are in attendance. The Grand Officers present are:

- G W P—Rev G W Fisher. G A—Rev Edward Bell. G S—Jesse S Burns. G Treas—D W Henderson. G Chap—Rev E C Turner. G Con—Wm Sinclair. G S—Jesse M Dughart. P G W P—David Arbing.

The reports of the Grand Scribe and Grand Treasurer show the Order to be in a flourishing condition. The G. W. P.'s report is as follows:

Worthy Officers and Representatives: In presenting to you our first report, we will try and be as brief and practical as possible, at once assuring you that whatever blunder we make in any department of our work it will be of the head not of the heart.

This Temperance question is to us one of living reality, and upon its issue we see the weal or woe of individuals, families and nations depending. Does it end as it has? Then behold the stream of woe flowing through our land, spreading all those evils and heart-rending wrongs we know belong to anti-temperance work. Does it end for us? Then behold rivers of blessing, spreading peace, comfort, happiness and prosperity.

As your chosen head for the time being, we would ever be found at our post of duty. Knowing full well that on every occasion of need, we and our loving brethren will be every ready to help onward this cause of right and truth we have espoused. To-day our call is to action, to devise methods of work which shall assure our success.

During the quarter, although weather and roads have been most unfavorable, some work has been done. I have, in company with Prov. Dep. Brother W. H. Spargo, organized a new Division at Souris, with a small but good and energetic membership, and have also visited Ever Oward, Orient, Prince Edward and Reform Divisions, attending in addition the first anniversary of Ever Oward. This Division, though so young, is doing excellent work. We regard Orient, from its unique position, as a strong bulwark against intemperance in Charlottetown. Prince Edward and Reform we found in a healthy and prosperous condition.

It was with much regret we were unable to visit District Division No. 2, which met in Alberton the 27th ult., as we desire very much that District Divisions should be fostered and organized throughout our jurisdiction, because we believe they have been and may be made a power for good. Our J. W. A. Brother Bell and Co. Dep. Brother McNeill were present, and from the former we received an excellent report, from which we gather that the Division was one of great success and help to our work in the Western part of the Island.

A most satisfactory report was received from D. Dep. Brother Clark, Triumph Division North Wiltshire, which shows that "Triumph" is having marked success and is true to its name.

We have been pleased to notice that anniversaries of divisions held. We urge upon all divisions such commemoration, it will infuse new life and help the divisions.

I would ask special attention to Mount Stewart. A division organized there within a year, I believe, has not met for six months, and upon inquiry fear it cannot be reconstituted. Our sisters of the W. C. T. U. are working there. Let us help them.

From the Superintendent of Young Peoples Work, Brother Kirby has received a brief report as follows: "I have organized Co. A. in connection with 'Holdfast' No. 123, 19 all told joined." He doubtless will give you further information.

I issued a communication to every subordinate division and also one to the District Division, No. 2. One of the former is herewith appended, in which reference is made to several questions of interest.

A feature in the work of "Orient" pleased me, viz., the comparative freedom with which the ritual work was done. We believe that if all officers elected to the various positions in both grand and subordinate divisions, would so familiarize themselves with our beautiful ritual, so as to render it without so much bookishness, it would be much more effective and of greater advantage to our work.

I have received during the quarter an Elector's Pledge which is herewith submitted, and which I trust may have the sanction of this G. D. so that one may be sent to such division. I have communicated with Rev. Dr. McLeod, Fredericton, N. B., Grand Lecturer for G. D. New Brunswick, relative to work on the Island, concerning which the prop. committee will no doubt report.

Met as we are in Charlottetown, I cannot but refer to the lamentable state which exists. I feel as a G. D. we ought to extend our sympathy and help to temperance workers in this city, and when the fog of war comes, for come it must, temperance workers throughout the Island should stand shoulder to shoulder with our brethren here.

This is the Jubilee year of our order. Let us unite in making it one of advance. Let the charge to the Light Brigade be our watchword in this temperance work. Forward! Forward!

Officers and members, I throw myself on you clemency and ask your hearty cooperation in every department of our work. Submitted to L. P. & F. GEO. W. FISHER. Charlottetown, Jan. 27, 1892.
