A RARE TREAT.—Of Prof. Buell, who, on Tuesday next, in the Lyceum gives one of his popular entertainments for the benefit of St. Vincent de Paul Society, the Toronto Globe has the following: "To see this exhibition, in fact, is to glean and garner up much of the instruction and pleasure of travel."

GODFREY WHIPPED.—The fight between Peter Jackson, of Australia, and George Godfrey, of Boston, occurred at San Francisco on the 24th. Jackson won in 19 rounds. Godfrey was terribly punished. Both men opened the fight with a ruse that was maintained till the close. The only knock-down occurred in the second round, when Jackson's hit his opponent to the floor. In the last three rounds the punishment which Godfrey received was terrible. Blood was flowing very freely from Godfrey's face, and in the 19th round he saw there was no possibility of his retaining the punishment, and gave up the fight.

LEPAGE'S LIQUID GLUE COMPANY V. LEPAGE.—The following item will be of local as well as general interest to many readers of THE EXAMINER. We quote the Monetary Times: "One LePage and his partner had been manufacturing and selling liquid glue under the name of LePage's Liquid Glue." They sold out their trade marks and business to a company, then LePage commenced manufacturing and selling on his own account "LePage's Liquid Glue." The Supreme Judicial Court of Massachusetts held that the company was entitled to an injunction restraining LePage from selling glue as "LePage's Liquid Glue" (or improved liquid glue), but not from selling liquid glue and indicating that he was the maker of it, since a man has the right to the use of his own name. But that he would also be restrained from describing the company under whose name he conducted his business as "LePage's Liquid Glue Company."

IMPORTANT TO ALL FAMILIES.—About six years ago G. F. Filley, of St. Louis, Mo., discovered that the admission of pure air to the ovens of cook stoves, while food was cooking, had a marked effect in improving the quality of beef, mutton, &c., and since that his sales in the United States have reached over six hundred thousand, and he has sold for large sums several rights to manufacture outside of St. Louis; viz., Boston, Philadelphia and Canada, to the Enterprise Foundry Company of Sackville, N. B., and whose agents here, Messrs. Dodd & Rogers, are doing a large trade in these stoves. The "Charter Oak" stoves and ranges, with the wonderful wing gauge oven door are made now in 18 sizes and styles of cast iron and wood. A saving is guaranteed in these stoves of 2 to 3 lbs. of beef in 10, over the old style tight oven, and the same work can be done with 100 degrees less heat in oven and with a saving of 25 per cent in fuel. Messrs. Dodd & Rogers have a full line of the above wonderful stoves in stock.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. (April 1 '88)
