Now that influenza is ravaging the country, it behooves us to keep in a condition to defy it, and for this purpose there is nothing better than Ever's Pills. 25 cents invested in this popular family medicine now may save that many dollars later.

A REMEDY that is endorsed by physicians must have some merit, for no physician of any standing will place his seal of approval on a preparation unless he knows it to be good. Now Eley's Emulsion of Cod Liver Oil is not only endorsed by physicians but largely used by them in their practice. feb1 1m

QUITE NEW.—Vanderpool's Bi Monthly series is the latest addition to our popular literature. FIRE.—We are sorry to hear that two barns on the farm of Mr. Seaman, at Suffolk, some eight or nine miles from town, were destroyed by fire on Saturday night, together with their contents which included nine head of cattle. The farm was owned by Mr. J. D. Seaman, of this city, and was managed by his brother. It is reported about town to-day that the charred bones of a man were found in the debris after the fire, and near the bones was a short pipe. The buildings and contents were insured.

WHAT a cleaner that Lessive Phenix is! Try it upon anything. It is the ideal clothes washer, for it takes the place of the old harsh chemical washing powders, and makes every article sweet and clean, being efficacious with cottons and linens alike. Then after using it in the wash, just try what it will do with silver, brass or metalware, in removing stains from wood, or in cleaning glass. You really can't believe it until you try it.

EDUCATIONAL.—There was a very interesting meeting of the Educational Association in the Y. M. C. A. on Saturday night. After a pleasant half hour was passed in social conversation the subject of orthography was brought up, and many words, both English and French, were analyzed. Then the regular programme was proceeded with. In response to the question, "How do you secure discipline," several brief, but very interesting papers were read, and much information of a practical character was obtained.

EVERY housewife has an interest in keeping her hands soft and white, women who did their domestic washing found this impossible with the old wretched chemicals which burned and pecked the hands, and worked havoc with the clothes. That was until they heard of Lessive Phenix. And then a new era dawned of comfort and happiness. Lessive Phenix is a name to conjure with. Use it for washing anything. It is not a chemical powder. It makes white clothes whiter, and colored clothes brighter; and it will cleanse and polish and brighten everything in parlor or kitchen. Ask your grocer.

Special Despatches to the Examiner.

The "Globe's" Latest Charge

Sir Adolph's Explanation.

Toronto, Feb. 8.

The Globe published on Saturday a sensational despatch from Montreal, in which the McGreevy scandal is revived. This time Sir A. P. Caron is charged with having drawn on McGreevy for several amounts in 1888, and the Globe alleges that the money came from the Levesque & Connolly fund. The charges being brought to the notice of the Postmaster-General, Sir Adolph Caron, disposed of the matter as follows:—

"These orders were signed by me, and I take the full responsibility of giving those amounts. Friends of mine and myself contributed towards the election funds to defray the expenses of candidates running in the interest of the Conservative party. These funds I placed in McGreevy's hands and have his receipts in my possession for sums larger than amounts of orders I gave upon him."

Laurier's friends in Quebec province are very furious because the Globe has brought Mr. Tarte's name into the matter as the correspondence shows that the great purist received money himself from Thor. McGreevy during the election campaign of 1887.

General Telegraphic News.

Berlin, Feb. 5.—The newspapers take various views of the late Sir Morrell Mackenzie, according as they view his treatment of the Emperor Frederick. There are but few words of approval, and the National Zeitung probably voices the prevailing sentiment when it says: "As Mackenzie's open grave we will not say more than that he was a skilful physician of very elastic conscience."

Toronto, Feb. 5.—The Treasurer of the West End Methodist Church is said to be \$1,600 behind in his accounts. It is not charged that he took the money intending to retain it, but that it is locked up in real estate on which he cannot realize.

Washington, Feb. 5.—The President has issued his proclamation promulgating a reciprocity treaty with the British West India Colonies—Frenida, Windward and Leeward Islands, etc.

London, Feb. 5.—The will of the late Cardinal Manning shows that he possessed less than £100, which was in consols and a collection of books.

Montreal, Feb. 5.—Murray, of Pontiac, was unseated yesterday, and his hopes of being re-elected. He may probably appeal and thus secure next session's incumbency.

Toronto, Ont., Feb. 5.—The minister of justice put up at the Queen last night on his way to East Bruce. "Some of the papers say you go to Washington uninvited, others say as supplicants," said a reporter to Sir John in the course of a short interview. "The circumstances under which we go. We have to put up with misrepresentation in this respect." Sir John did not, however, look as if he thought he and his colleagues were about to do an ill advised thing. Of course the minister was satisfied with the result of the Lennox and Prince Edward elections, and spoke more than hopefully of the prospects of his party in the by-elections yet to come off.

Washington, Feb. 5.—The collector of Bridgeport, Conn., reports to the secretary of the treasury, in which he says that the report of the seizure by the Bridgeport populace upon the British schooner Glendon, Sunday last, for entering that port without flying the American flag was a hoax. He says one of his officers asked Captain Grady if anyone threatened to go on his vessel and take down the flag, and the answer was a most emphatic denial; also, that when knowing about any disturbance until he read it in the paper. A few young men gazed him about his flag, but he took no notice of it. The collector adds: "As this officer understands it, the captain of this vessel (Glendon) had no thought or desire to insult our citizens by flying the British flag when entering this port, but supposed (and as I believe had a right so to do) the custom officers might see to what nationality his vessel belonged."
