JUST ISSUED FROM THE PRESS, and for sale at the Wesleyan Book Depot, Halifax, "The Methodist Ministry Further Defended against the Exclusive Claims of High Episcopalians; in a Series of Letters addressed to the Rev. Charles J. Shrove, Rector of Guysboro'; in reply to his Letters, entitled "The Divine Origin and Uninterrupted Succession of Episcopacy Maintained." By Alexander M'Leod.

"Far from be the iron heart, that for such a defect (that is, of Episcopacy) I should think any one of them (the reformed Churches) to be cut off from our communion, or with certain saving writers among us, think them to possess no valid sacraments, and so pronounce them scarcely christian."—*Archbishop Wake.*

"The above work contains 228 pages, closely printed—price (only) 2s. 3d.—and may be ordered through any of the Wesleyan Ministers.

"It goes fully into the controversy, and contains, with a good deal of charity, an able refutation of the 'exclusive' claims advanced by his opponent."—*Mechanic & Farmer.*

MOFFAT'S VEGETABLE LIFE MEDICINES, [FRESH SUPPLY.]

THESE Medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the happy effects of Moffat's Life Pills and Phenix Bitters have been gratefully and publicly acknowledged by all persons benefited, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.

The Life Medicines recommend themselves in diseases of every form and description. The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling around them; and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual costiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death: and hence the prejudice of these well informed men against quick medicines—or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and the bladder, and by this means, the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red colour from the agency of the liver and the lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, Palpitation of the Heart, Loss of Appetite, Heartburn and Headache, Restlessness, Illtemper, Anxiety, Langour and Melancholy, Costiveness, Diarrhoea, Cholera, Fevers of all kinds, Rheumatism, Gout, Dropsies of all kinds, Gravel, Worms, Asthma and Consumption, Scurvy, Ulcers, Inverveterate Sores, Scorbutic Eruptions and Bad Complexions, Eruptive complaints, scallow, cloudy and other disagreeable complexions, Salt Rheum, Erysipelas, common Colds and Influenza, and various other complaints which afflict the human frame. In Fever and Ague, particularly, the Life Medicines have been most eminently successful—so much so, that in the Fever and Ague Districts, Physicians almost universally prescribe them.

All that Mr. Moffat requires of his patients is, to be particular in taking the Life Medicines strictly according to the directions. It is not by a Newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.

MOFFAT'S MEDICAL MANUAL; designed as a domestic guide to health. This little pamphlet, edited by W. B. Moffat, 375, Broadway, New York, has been published for the purpose of explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon prevalent diseases, and the causes thereof. Price, 25 cents (1s. 6d.)—for sale by Mr. Moffat's agents generally.

WANTED—A steady, active LAD, about 14 years of age, as an Apprentice to the Printing Business. Inquire at this Office.

PRINCE EDWARD ISLAND.

THE Cunard Atlantic Steamers having commenced plying between Liverpool, England, and Halifax, Nova Scotia, a new era is formed in the History of the North American Colonies. This expeditious mode of conveyance will, doubtless, bring to their shores a number of individuals in search of healthful and fertile locations; and the Advertiser, therefore, solicits such persons, having agricultural views, to visit Prince Edward Island, so justly styled by writers "The Granary of British North America." It is situated in the Gulf of St. Lawrence, and is only two days' travel by Coach and Steamboat from Halifax, N. S. This Colony, with respect to salubrity of climate, fertility of soil, and excellent waters, is second to few, if any, in the British Dominions. The capitalist who determines on emigrating, may here purchase wilderness lands from 15s. to 25s. per acre; or improved Farms, in different sections of the Island, from £2 to £6 per acre, according to situation, and the value of the Buildings erected upon the property. The soil of this Island produces nearly all kinds of grain, hay and vegetables; and cattle, as well as agricultural implements, suitable to the Colony, can be obtained at moderate prices. There are twelve Agricultural Societies, established within the last few years, actively employed in introducing from different countries the most improved breeds of Live Stock, Agricultural Implements, &c. suitable for the farmer.

To the Emigrant, even though but a small capitalist, Prince Edward Island offers many advantages.—First, its general prosperity, which is sufficiently proved by the increase of its exports, and its steadily improving revenue. Second, a healthy climate. Third, a plentiful supply of good water throughout the whole Island. Fourth, the fertility of the soil, and its freedom from all taxes, burthensome to the Settler. Fifth, the convenience of settlement, whereby the ruinous expenses which are sometimes incurred, by having to travel hundreds of miles, after landing, to a place of location, are almost totally avoided. Sixth, a certain remuneration for the labours of the Agriculturist, by a sure market, and a fair price, for all the surplus produce of his farm. Seventh, the labourer readily meets with employment, and receives liberal wages. Eighth, to the British Emigrant it offers the enjoyment of the benefits to be derived from the laws, language, customs and manners of his native land; and he preserves in himself an identity of interest with that of the parent state. Ninth, Prince Edward Island is now only thirteen days' travel, by Cunard's line of Atlantic Steamers, from England; and if a Colony affording regular opportunities of speedy intercourse with the mother country, and possessing the advantages before enumerated, be desirable, the Advertiser, who has spent twenty years in the Island, thinks he may safely venture to invite such individuals as have resolved, or shall determine to emigrate, to pay it a visit; and should they be induced to establish themselves and families here, in preference to a foreign state, they will have the satisfaction to know that their posterity will be scions of the British Empire.

To individuals intending to emigrate from England to Prince Edward Island, it may be well to observe, that Vessels are to be found in London, Liverpool, Bristol, Plymouth, Bideford, Newport, Gloucester, Southampton, Hull, Newcastle-upon-Tyne, Yarmouth, and all the principal ports in Britain, either direct for the Colony, or to Pictou, Nova Scotia; or Miramichi, New Brunswick: these latter ports being only a short distance from Prince Edward Island, and, between which and the Island, a Steam Boat and sailing Vessels are generally running weekly during the period of the navigation's remaining open. The charges of transit are moderate.

For passage, application may be made to Daniel Davies, Esq., Warwick-street, London; Cannon, Miller & Co. Liverpool; J. B. Winters, Esq. Bristol; Messrs. Peake & Son, Plymouth; John Howe, Esq. Bideford; Messrs. Davids & Tapston, Newport; Philpott & Co. Gloucester.

Persons desirous of purchasing either Improved or Wilderness Lands, are respectfully solicited to apply (if by letter, post paid) to the Advertiser, at his Office, Charlottetown, Prince Edward Island.

WILLIAM DOUSE,

August 26th, 1840.

Land Agent.

VALUABLE PROPERTY IN GEORGETOWN.

THE Subscriber is duly authorized to SELL, by PRIVATE CONTRACT, that valuable ESTATE in GEORGETOWN, known as the Property of John Adams Wood, formerly of the Island of Antigua, but late of London, Esquire, deceased, and now belonging to Margaret Gilbert Wood, his Widow, comprising

Water Lots Nos. 17, 18, 19, 20 and 21, with the Warehouse and Premises situate thereon.

These Lots, from their very eligible situation for Mercantile Business, are too well known to require further description—and will be sold either together or separately, as may be agreed on.

A good title will be given.

JOHN LONGWORTH.

Charlottetown, 18th June, 1840.

THE Subscribers having been duly appointed the sole Agents of DAVID STEWART, Esquire, for his Estates on Lots or Townships Nos. 7, 10, 12, 27, 30, 46, 47, and Lennox Island, beg to intimate, that they are prepared to lease lands, with a liberty of purchasing, and to sell on the most liberal terms; and that all persons indebted to that gentleman, for rent or otherwise, are hereby required to make immediate payment of the same.

All persons found trespassing on any of the above properties, either by cutting Timber, or in any other respect, will be prosecuted with the utmost rigour of the Law.

H. D. MORPETH,
PETER EMERY.

December 10th, 1840.

THE Subscriber having by the last Packet received full power to sell and convey the Lands on Lot 54, belonging to the Assignees of HENRY WINCHESTER, hereby gives notice, that he is ready to dispose of the same to the occupiers, or others, on reasonable terms. Dated the 15th June, 1840.

J. H. PETERS.

N. B.—A good title can be seen at the Office of the Subscriber.

Man! Take care that you get a good Title!!!

THE Subscriber cautions any person or persons against having anything to do with the good title of which J. H. Peters, Esq., speaks in his notice of the 15th inst. Perhaps, on inquiry, they may find a Sheriff's Deed without a Sheriff—a Sale without an Appraisement, and one of the Executions (for there were two) an Equity of Redemption, which this extraordinary sale was intended to satisfy, of which there is no judgment on record; and the amount of sale was probably sufficient to liquidate a dozen Executions, which appears to be a manifest contravention of the Act.

ROBERT MEARNS,
Proprietor of Township 54.

Cardigan, 20th June 1840.

N. B.—After seven or eight years' prosecution, which I have suffered, standing alone as it were—I think this circumstance argues much in favour of the goodness of my title, particularly considering the weight of the parties opposed to me.

R. M.

A BLACK BULL, rising two years old, has been on the Subscriber's premises for a considerable time past. The owner can have the same by proving property and paying expenses.

It contains 434 acres of the best description of Land in this Island, having abundance of Firewood, pine, spruce and fencing poles. Fifty acres are under cultivation, and in the best condition, and Twenty additional acres are enclosed of natural pasture, which could be easily cleared for the plough, the growth of wood being only young bushes. There is a large Garden and Orchard, planted with apple, plum and cherry trees, &c. of 5 years' standing. The whole is well fenced, and there are gates on every enclosure, as well as the court-yard. The House is very comfortable for a small family, and contains kitchen, small parlour, good bedroom, servant's sleeping room, closets, and a cellar underneath. The whole will be let together, or in one Farm, for such term of years and on such conditions as may be agreed on; or the property will be divided into Farms, to suit the views of offerers; or, if preferred, the one half (217 acres), including all the improvements, will be sold separately. NOTICE to PLUNDERERS.

This is to notify all persons that I never have given, and do not intend to give to any person, the privilege of cutting down Trees on the said property, but do hereby offer a reward to the person who shall give such information as will convict the offender or offenders of the like sum as shall be awarded by the Magistrate against the plunderer.

Three or four good Journeymen Tailors will find steady employment.

Decr. 11, 1840.

CARD.

W. H. TAYLOR invites persons from the Colonies, visiting London, to inspect his machinery, now in operation, for cutting wood into staves, laths, shingles, &c. By this invention, for which Patents for Great Britain and her Colonies have been obtained, a very simple machine, with two horse power, can cut upwards of two hundred staves or shingles in a minute, all, whether the feathered shingles or straight staves, as smooth as if planed or drawn, and without loss of wood or even sawdust. Those who have seen the machinery, admit that it is at once simple and efficacious, and likely to supersede in a great measure the present mode of manufacturing those articles. Mr. Taylor's object is to sell his patent for the various Colonies, or grant licences for its use, and he earnestly solicits those who are concerned in the wood trade, to call and satisfy themselves at the Square Shot Tower, Surrey side of Waterloo Bridge.

London, November 5.

ALL Debts due to the Subscriber for Smithwork, to the 25th November, are requested to be paid to Mr. GEORGE HOOPER.

THOMAS PARSONS.
