

THE OCEAN HOUSE.—The Ocean House, which Mr. Nelson of the City Hotel has built in Ruston, is an enterprise well worth mention. It is beautifully situated near the Head of Ruston Bay, where the fresh breeze from the sea has free access. The building is 60 feet in length and 35 feet in breadth, three stories high. A spacious hall extends through the lower story. The front part of the house is set apart for office and suit of parlors, which, having folding doors, can be thrown into one large room. The side wings contain parlors and very fine dining rooms. The second story is occupied with bed-rooms, which are well arranged. The third story also contains several bed-rooms and a commodious smoking room, which commands a delightful view of the surrounding country and the "white sailed ships" that are seen in the distance. Mr. Nelson has spared no expense in making the Ocean House attractive. The wood work is substantial and neat, and the inside is plastered, papered and painted in the very best style. There is a splendid lawn in front of the Hotel, and a Bowling Alley is being erected. There are also two boats for the use of those who wish to have a sail for pleasure or for a catch of mackerel. The Ocean House will be open in a few days and there is every probability that it will be a favorite resort in the summer season for all those who can afford to enjoy a day in the deliciously cool air of the country. Mrs. Nelson will make her guests feel at home, and wish they could stay there, and that the summer would last for ever. In addition to the other attractions, the shores near the Ocean House are amongst the best places for fishing. The Ocean House, therefore, offers cool air, excellent bathing places, good cuisine, and more than the ordinary share of fishermen's luck,—a certainty of plenty of a mackerel.

THE PARTY AT FORT AUGUSTUS.—The Tea Party on Monday last at Fort Augustus, was one of the largest gatherings ever held on the Island. It was estimated that there were on the grounds nearly 4,000 people. The Rev. Angus McDonald, the zealous pastor of the Parish and the Committee must have worked hard to have everything in such good state to accommodate so many people. The "good things" were in great abundance, and the sports were kept up until seven o'clock. The Concert was a success and, indeed so was the whole affair which realized about £300. About 650 persons went up in the *Heather Belle*, but they all did not get down until the next morning. Captain McCarey is so gentlemanly in his general management of the Boat, we do not wish to join in the censure which many give him for leaving so many behind.

AT THE REQUEST held on the body of Christopher Duffy, whose death we noticed last week, the jury found a verdict that he had come to his death by the use of intoxicating drinks. A similar verdict was found by the Inquest held on the body of Mr. Archibald White, who was drowned last Wednesday. Drunkenness prevails here to such a disgraceful extent, that these two melancholy events in one week, have scarcely called for any comments from the Press. It would have been committed upon these unfortunate men, the whole Island would have cried out in indignation; but alcohol killed them, and there is no room about their. Poor Duffy was buried in unconsecrated ground, without the rites of the Church. This is a fearful warning to others who are far on in the same course. It is time our reforms were commenced. The deaths of White and Duffy should be a rallying cry for Temperance.

CIVIC ELECTIONS.—On next Tuesday fortnight, August 1st, the Civic Elections will take place. The following gentlemen will retire for the several Wards this year:—Mr. John Morris No. 1, Mr. Francis McCarron, No. 2; Mr. James Currie No. 3; Mr. James Pollard No. 4; and Mr. D. Laird, 5. We have not yet heard whether any of the above gentlemen will offer again, or whether there is to be any contest concerning the mayoralty. There should be a Public Meeting of the Citizens to discuss Corporation affairs and to give the City Fathers an opportunity of rendering an account of their Stewardship.

"The Prize Dancing Lesson, No. 3," by "Paddy the Piper," has been laid on our table. As an amusing commentary on recent public events, this piece abounds with native drollery and jocular allusions to the persons and characters of those who figured at the late Partial Election for the Belfast District. We confess to a weakness for the expression of a little harmless fun at the expense of our public men, especially when it is not originated by envy nor prompted by disappointed revenge. In this respect, No. 3 cannot fail to please others as well as ourselves, surpassing as it does in humorous details both of the preceding numbers.

The *Patriot* of Saturday night lays much stress on the fact that he was canvassed against by some Confederate gentlemen but does not say a word about the Confederates and the good whiskey that did duty for him! Last winter the *Patriot* was very anxious that justice should be done the Academics in the distribution of offices. Now the Editor is apportioning to put out Mr. Perry, the only Acadic holding an office worth having in the Island.

The Queen's County Annual Exhibition for the encouragement of Agriculture and Local Industry will be held at Charlottetown on Tuesday and Wednesday, the 10th and 11th October next. Particulars in future advertisements.

OWN CONNOLLY, Esq., has made the Fort Augustus Church a present of a fine Bell. It weighs 740 lbs. and was manufactured by Gould's Manufacturing Company, New York.

There was an alarm of fire on Sunday morning. The fire was in a barn belonging to Mrs. Noonan, West End. It looked like the work of an incendiary.

W. P. Reid, Esq., has resigned, so the contest will now be between Mr. Perry and Mr. Matheson.

Remember the Picnics at Mount Stewart and Government House Grounds, this week.

MR. JOHN MARTIN, a sailor from St. John's, Newfoundland, who picked up the body of Archibald White on Wednesday last, was detained all day at the Custom House, and after giving his evidence was tendered 1s. 6d. for his time and trouble. Of course he considered it an imposition, and indignantly refused the money. This, and many other occurrences which often come to our knowledge, show the absolute necessity for a little law reform in P. E. Island. At present we have one class of public servants well paid, and another large and equally well paid class not paid at all. Look at our petty and Grand Jurors; our Road Commissioners and one-courty Postmen. Will any one say that these men are adequately remunerated for their services? The Grand Jury, a branch of the Criminal Court, is expected to work for nothing, while the Judges and Crown Officers, receive regular salaries. Witnesses fees, too, are altogether too small.—(The *Patriot* is on the right track this time.)

### GOVERNOR ROBINSON'S VISIT WESTWARD.

The following Addresses were presented to Governor Robinson in Cassepuque, where he was well received by the people.

ADDRESS:  
To His Honor William Francis Cleaver, Robin son Esq., &c.  
MAY IT PLEASE YOUR HONOR:  
We the undersigned inhabitants of Cassepuque and vicinity, have made pleasure in bidding your Honor a cordial welcome to Alberton.

As this part of the Island has not been honored with the presence of a Representative of Her Majesty since the time of Lord, Governor Daly we the more readily and heartily greet you on the present occasion, because we rejoice in the fact that a Representative of Her Majesty is in this place, and therefore it affords us the greater pleasure to extend to you a sincere welcome personally also as head of the Executive, and a three hearty welcome to the Representative of our beloved Queen, and beg you will do us the honor to convey to Her Majesty the assurance of our unabated attachment to Her Majesty's person and Throne.

We embrace the opportunity also to congratulate your Honor on the passing of a Railway measure during the first year of your Honor's administration, and do so with the greatest satisfaction because we are persuaded it is a measure that will tend so materially to develop the sources of the country, and to stimulate the industry in the Colony. Nor can we divest ourselves of the impression, that your Honor's tour either must have continued you, that your Government in directing your attention and that of the Legislature to the construction of a line of Railroad through the Island, were guided by correct views respecting the real wants of the country.

That the undertaking may be carried forward prudently and as lastly as circumstances will allow, is our anxious wish, and that your Honor and advisers are actuated by similar motives, is what we believe, and we rejoice to know that the Representatives of the First Electoral District in Prince County, in both branches of the Legislature, were a unit in supporting the RAILROAD BILL.

That your Honor's term of office may prove as conducive to your own honor and comfort, as so far it promises to be fraught with advantage to the ever whom you rule, is our earnest desire, and that a kind Providence may render it so is our prayer.

Please accept the assurance of our sincere regard, and convey to lady Robinson our best wishes for her health and happiness.

We have the honor to be,  
Your most obedient servants,  
JAMES FORSYTH, Esq., and others.

REPLY:  
ALBERTON, July 4, 1871.  
GENTLEMEN:  
I receive with no little satisfaction the address in which you so kindly offer me a cordial welcome to Alberton.

Her Majesty's Government will not fail to witness and appreciate the loyalty with which the Queen's Representative never fails to be received by the people of Prince Edward Island, and the greeting with which you have extended to me as head of the Executive Government is very gratifying, as evincing your confidence in my desire to conduct the affairs of my administration as to further the prosperity of the Colony.

I concur with you that the construction of a Railroad through the Island, will tend to develop the resources of the Colony, and stimulate the industry of the people. It will, unquestionably, do much to increase the value of property, and will add directly and indirectly to the wealth and comfort of the people.

You may at all times rely on my anxiety to promote the good of the Colony, and to see that every operation in measures calculated to give effect to the object which we mutually have in view.

Mrs. Robinson's sincere thanks and mine are due to you, and I beg you will accept them, for your kindness to me on this occasion.

(Signed) WILLIAM C. F. ROBINSON,  
Lieut. Governor.

Answer in reply to address of the *Mic-Macs*, published in *Examiner* last week.  
GOVERNMENT HOUSE,  
12th July, 1871.

To the *Mic-Macs* Indians resident on Lennox Island.  
MY GOOD FRIENDS,  
I was well pleased to have an opportunity of visiting you during my recent tour to the Westward, and I now thank you for the address which you presented to me on that occasion.

I am glad to see that you are grateful to the Aborigines Protection Society for the great sympathy which they have manifested for your welfare by the purchase of Lennox Island for the use and benefit of the *Mic-Mac* Indians of this Colony, and I hope and believe that you will show yourselves worthy of the kindness and protection of the society by the careful and industrious cultivation of the lands allotted to you, and by taking care that your children avail themselves to the utmost of the means of education which have been placed within their reach. It gives me great pleasure to see that some of your gardens and farms were in good order and nicely cultivated, and I shall hope on my next visit to be able to congratulate you on a still increasing prosperity.
