Actor Lionel

plification of ailments, including arthritis. The immediate cause, said the doctor, was heart congestion.

DEBUT AT FIVE

Son of the celebrated theatrical team of Maurice and Georgia Drew Barrymore, Lionel was born in Philadelphia. Brother of the great John and of the famous Ethel, the shaggy-browed veteran made his stage debut at the age of five.

There never was any question of his forte. He became a star with his performance in "The Copperhead." Next in "The Claw" he appeared with Irene Fenwick. They were together in "Laugh, Clown, Laugh," and were married in 1923.

AWARDED WINNER

Barrymore won an academy award for his performance in "A Free Soul," with Norma Shearer, in 1931. He gave the screen some of its most memorable moments in "Grand Hotel," "Rasputin and the Empress," "Dinner at Eight," "David Copperfield," "A Wild West Story," "The Return of Peter Grimm" and "Captains Courageous."

The actor was versatile in other fields, as well. His etchings ranked him among foremost artists of the day, and he was a composer of note.

Each year for a decade he broadcast the role of Scrooge in "A Christmas Carol." He also published a book, "We Barrymores," as told to Cameron Shipp, in which he traced the background and experiences of the famous theatrical family.

Last of Season Grain Shipping Rush Gathering Speed At Port of Montreal

By BOB JOYCE Canadian Press Staff Writer MONTREAL (CP) — The rich ripe grain of Canada's west streams through the harbor here in daily mounting volume as Montreal races its winter deadline of snow and ice.

FINGERS CROSSED

And shippers and grain brokers, once confident the port would have a near-normal grain trade, are keeping their fingers crossed lest old man winter shoo the big ships away too soon.

Winter closdown of shipping officially begins Dec. 1, but in recent years mild weather has pushed the season well into the first week of December.

Montreal will need those days of grace. Elevators here and at the other three St. Lawrence ports — Trois-Rivieres, Sorel and Quebec — are full and in addition to the normal flow of grain shippers have a five-week backlog to clear.

No one expected that 1954 shipments from the St. Lawrence would equal 1953's record of 250,000,000 bushels. But they were expected to top the long-term average of 150,000,000 bushels, especially after surplus stocks dumped by Britain's food ministry were

worked off and poor crops in northern Europe increased the demand for Canadian wheat this fall. Canada had the wheat. Even though crop estimates were revised sharply downwards in September when wheat rust was reported on the Prairies, there were close to 400,000,000 bushels unsold from previous harvests.

Now nobody here is making any hard-and-fast forecasts. "One thing is almost sure, and that is there will be a carryover of Montreal grain into the Atlantic ports," one grain broker said. He said Montreal and Sorel are likely to close, with Trois-Rivieres a week later and Quebec a week after that. After that grain is freighted by train to Saint John, N.B. or Halifax.

In Saint John national harbors board officials predict a larger flow of grain than last year when it dropped from the 1952-53 mark. The Pugsley terminal is to be extended at a cost of \$500,000-600,000. Halifax dealers also are optimistic, but they say they do not expect to top last year's figures.

QUESTIONS POLICEMAN Defence counsel William J. Corrigan asked patrolman Fred F. Drenkhan, first policeman on the scene of Marilyn's murder: "On the morning of July 4, it was stated was it not, and you heard it, that Dr. Sheppard killed his wife because she was pregnant? You heard that statement?"

"No, I don't recall that," the cop replied. Drenkhan is a member of the seven-man police force of suburban Bay Village, 12 miles west of here, where the Sheppards lived. He took the witness stand last Thursday afternoon as the state's sixth witness in the trial.

Gossip Aired At Sheppard Trial

By ARTHUR EVERETT CLEVELAND (AP) — A rumor that Dr. Samuel M. Sheppard was killed his wife over her second pregnancy was put on record Monday at his murder trial.

Such gossip arose last summer during the investigation into the July 4, slaying of Marilyn Sheppard, a witness related. The defence brought it up in cross-examination, in line with its argument that the state fixed on Dr. Sheppard as a guilty man on suspicion and rumor, without ever considering any other possibility.

Sheppard, a handsome 30-year-old osteopath, is on trial for his wife's death. The state contends he killed his wife as an outgrowth of affairs with other women. Mrs. Sheppard was four months pregnant with her second child. Her first child, a son, is seven.

Sheppard has said a bushy-haired prowler killed his 31-year-old wife and knocked him unconscious.
