NOTICE.

HAVING learned that an impression exists that the "Queen's" Insurance Office lately advertised here, is the one for the Agency of which I have been in negociation for some time, and in order to procure the establishment of which all the leading merchants and others in this city lately signed a requisition, I deem it but right to rectify this error, and to state that the "London and Liverpool," A LONG ESTABLISHED, WELL-KNOWN Company, ranking among the first in England, with a capital of two millions sterling, is the name of the Company which I still hope will be induced to open an Agency in this Island. A positive answer may be expected in the course of a month.

Notice to the Public!

A NOTICE, evidently designed to deceive, having appeared in the 'Examiner' of 17th inst., signed by a Mr. W. A. JOHNSTONE, recently located in this city, I feel called upon to state that the impression abroad that Mr. Johnstone applied for the agency of the QUEEN FIRE INSURANCE office, is not an error, but is, on the contrary, perfectly correct. And that the impression sought to be made upon the minds of the readers of said notice, that "all the leading merchants and others in this city" have signed his requisition, is very far from being correct.

BLACKWOOD'S MAGAZINE AND THE BRITISH REVIEWS.

L. SCOTT & CO., New York, continue to publish the following leading British Periodicals, viz:—

1 THE LONDON QUARTERLY (Conservative).

2 THE EDINBURGH REVIEW (Whig).

5 BLACKWOOD'S EDINBURGH MAGAZINE (Tory).

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news-items, crude speculations, and flying rumors of the daily Journal, and the ponderous Tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well-established literary, scientific, and theological character, we urge them upon the consideration of the reading public.

MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved that it has appeared secarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and induing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither *Mercury*, nor *Antimony*, nor *Arsenic* nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual Costiveness with all its train of evils, or sudden Diarrhœa with its imminen dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudices of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Langour,* and *Melancholy,* which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence: *all violent purges leave the bowels costive within two days.*

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucuous membrane.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of *Gravel.*

Also *Worms*, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and *Consumption*, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces those dreadful diseases.

Scurvy, Ulcers and *Inveterate Sores*, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and *Bad Complexions*, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum*, and a striking improvement in the clearness of the skin. *Common Colds* and *Influenza* will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.

General Debility, LOSS OF APPETITE, AND DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.

A FREE GIFT TO THE AMERICAN PEOPLE.

WHAT THE FEDERAL TROOPS ARE FIGHTING TO SUSTAIN—HOW OUR SOLDIERS SHOULD BE PREPARED TO FIGHT.

It is a singular fact that a large majority of the people of the United States are unacquainted with the great importance of the cause for which the soldiers of the Union are fighting. Let every man and woman throughout the United States carefully read and study the Constitution of the United States, they will become convinced of the holiness of our cause and of the wickedness of those who are striving to overthrow this grand palladium of freedom.

We truly believe that had the reading of the Constitution been adopted as a daily lesson in every school throughout the United States, the doctrines of secession and States rights would never have attained the position of a political question; nor would the country have been called upon to mourn for the unfortunate wrangling and misconstructions that have arisen, and which so many of our statesmen have lost their time in attempting its interpretation.

Millions of our citizens have never thoroughly studied the constitution, and even at the present time, when it is the duty of every citizen of this country to inform himself of the rights and privileges secured to him, under its protecting arm, it is not in one household in five hundred. In view, therefore, of correcting this great oversight and to furnish every man, woman and child throughout the United States with the means of studying this great palladium of liberty, and to protect us against future false doctrines and political disasters,

DRS. RADWAY & CO.

present to the American public, free of charge, the Constitution of the United States of America, neatly bound, together with an improved Almanac for the year 1862, called "Dr. Radway's Constitutional Almanac." As soon as practicable. Dr. Radway's agents, in every village and town throughout the Union, will be furnished with a supply for free circulation. *A copy of the same will be sent to all who will inclose a stamp for the payment of postages.*

Druggists, Booksellers, Newsdealers throughout the country, desirous of aiding us in distributing to the people the Constitutional Almanac, are invited to send in their orders. No charge will be made for the same.

We also invite the people of the Canadas, British Provinces, and, in fact, all who can read the English language throughout the world, to accept as gifts from us our Constitutional Almanac.

We will send to any one who is willing to pay the postage on it, a copy; or if the citizens of any town or village will accept from 100 to 500 copies, we will furnish them free of charge, being convinced that if our foreign friends will carefully read the Constitution, they will become satisfied that our people, in supporting our government in wiping out this foul blot of secession from our escutcheon, are not only right, but are establishing on a sound basis the freedom of the people throughout the world.

HOW OUR SOLDIERS SHOULD BE PREPARED TO FIGHT.

HEALTH AND DISCIPLINE.

Health and discipline are the most important elements in an army to insure success. Discipline without health will prove as ineffectual as shot without powder. Health is the propelling force of the army, and is the symbol of victory. It is, therefore, of the greatest importance, that the system of medication best adapted for the protection of soldiers against sickness, as well as that known to be the most speedy and effectual in restoring the sick to health, without regard to professional prejudice, be adopted

This is no time for medical martinets to quibble about professional dignity. All the dignity the profession can bring to bear will neither prevent sickness among the troops nor cure those afflicted. Our armies to be successful must be kept in a healthy condition; and the most sure means of securing this desideratum is through the *remedial powers of*

RADWAY'S READY RELIEF,

which has already proved itself in over fifty regiments now at the seat of war near Washington, to be a positive preventive against sickness in the form of CHILLS and FEVER, BILIOUS FEVER, DIARRHŒA, SMALL POX, FEVER AND AGUE. TYPHOID FEVER, DYSENTERY, MEASLES, and other malarious and infectious diseases.

Bear in mind, we say, that RADWAY'S READY RELIEF will protect the troops exposed to these disease against attacks. Now, it is conceded by all the medical men in our army, that they have no reliable means to prevent attacks of these diseases, neither have they any positive assurance of curing the sick; but, on the contrary, the majority of the sick, seized with fever and ague, typhoid, bilious and other fevers, either die or linger along until they are reduced to mere wrecks and walking skeletons. Experience has established the fact that the treatment of calomel, quinine and mercury, in cases of fever and ague, typhoid fever, and other fevers of this class, is more injurious in camps than in private practice, when we take into consideration that canvas walls and exposure to heavy dews and the malaria from pools of water and damp grounds, prove but a poor shelter for the sick, we may readily conjecture that the penalties of mercurial and quinine treatment will, in the majority of cases, be exhibited in the form of rheumatism, neuralgia, pains and stiffness in the joints, enlargement of the liver, jaundice, yellow jaundice, dyspepsia, pleurisy, coughs, colds, &c., which will cling to the unfortunate patient for years.

In DR. RADWAY'S REMEDIES the soldier has a positive preventative against attacks of these diseases. Let every soldier carry a bottle of

RADWAY'S READY RELIEF

Ease and Health to the Sick.

HOLLOWAY'S OINTMENT.

Diseases of the Skin.

Universal approbation has been awarded to this famous Ointment for its efficiency in removing diseases of the skin. For scrofula, scurvy, scald heads, and all eruptions of the skin, both in infancy and maturer years, no remedy can be applied which so quickly cures as Holloway's Ointment In the nursery it should always be at hand to ease the many skin affections to which the majority of children are liable. In all heat and tooth rashes, the Ointment is wonderfully cooling and curative. To soldiers sailors, miners and travellers in foreign lands, it is invaluable.

Sores, Wounds, Bad Breasts, Bad Legs.

In this class of maladies, an improvement in the appearance of the disease of the patient follows the first dressing with the Ointment.

It must not only be smeared on the wound or sore, but be briskly rubbed for some inches round about the diseased swollen or painful parts. It will penetrate to the blood vessels, nerves and muscles and even to the bone, and will exercise the most wholesome healing and purifying power over every tissue requisite for thorough reparation. The effect of the Ointment is increased by fomenting with warm water before the Ointment is rubbed in; but sores, when healing, should never be cleansed with a sponge or anything else, as the young and new flesh which appears like a cream would be washed away.

Blood to the Head, Apoplexy.

Nothing gives so much ease in these complaints from which so many suffer as Holloway's cooling and healing Ointment. When rubbed upon the spine it acts most energetically in drawing surplus blood from the brain; even to children in teething; this Ointment has a miraculous effect in preventing fits and convulsions so often attendant on tooth cutting. The Pills should be used according to the directions.

Rheumatism, Gout, Stiff Joints.

Every one suffering from these painful affections should use this purifying Ointment, as it has rescued thousands from a life of torture, after every other means had been tried in vain. The Ointment should be well rubbed into the skin at least twice a day, after it has been properly fomented with warm salt and water and dried. The inflammation soon yields, and the patient no longer helpless, resumes his accustomed occupation.

Glandular Swellings, Bronchitis, Sore Throat, Mumps, and Diptheria.

To combat these diseases with success, a remedy is required which will have the whole absorbent system under its control. Such a remedy is Holloway's Ointment, when rubbed on the skin, it penetrates to the glands, and removes any obstruction or impurity which may be impeding their healthy action. This Ointment acts on the very mainspring of life, for through the glands pass all new matter required for the body's reparation; in all the above class of cases, the Ointment and Pills used conjointly will act so searchingly and certainly as to effect cures in the most deplorable cases.

Fistulas and Piles.

All inflammations and ulcerations of sensitive parts may be presently relieved, and ultimately cured, by the diligent use of this cooling and healing Ointment, aided twice daily by bathing the parts in cold water. Immediate ease springs from this treatment; perseverance is necessary to effect a permanent cure.

Asthma, Shortness of Breath.

In these complaints the Ointment should be well rubbed twice a day upon the chest, and between the shoulders, it will penetrate to the lungs, stimulate them to renewed exertions, prevent stagnation of blood, moderate the pulsations of the heart, regulate the current of air through the bronchial tubes, and thus effect a permanent cure.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Corns (Soft)	Scalds
Bad Breasts	Cancers	Sore Nipples
Burns	Contracted and Stiff Joints	Sore throats
Bunions		Skin-diseases
Bites of Moschetoes and Sand-Flies	Elephantiasis	Scurvy
	Fistulas	Sore-heads
	Gout	Tumours
Coco-bay	Glandular Swellings	Ulcers
Chiego-foot	Lumbago	Wounds
Chilblains	Piles	Yaws
Chapped Hands	Rheumatism
