Legion Strongly Behind Mayor For Army Sub Depot

"It is very gratifying to know that Mayor Stewart has started ball rolling towards the establishment of a Military sub-depot in the city, which will enable our people to give the returned men a proper welcome home," said Mr. Charles M. Sinclair, president of the Charlottetown branch of the Canadian Legion yesterday, when asked what the attitude of the Legion would be towards such a move. "As veterans, most of us have experienced the joy and satisfaction of being received by friends and relatives in the old home town atmosphere of good-will and appreciation, after enduring the hardship and rigorous experience of war," he said. "That we should take an active part and a premier position in extending a similar welcome to the present day campaigners, is a foregone conclusion." He assured that the facilities of the Legion quarters and the hearty co-operation of the Charlottetown Branch will be forthcoming when required.

Swimming, Water Safety Chairmen Annual Meeting

Much enthusiasm was displayed by the several representatives of outside communities and organizations who were in attendance at the third Annual Meeting of Local Chairmen of Red Cross Swimming and Water Safety Committees held at Red Cross Headquarters, on Tuesday afternoon. The meeting was presided over by Mr. W.K. Sharpe, Provincial Chairman of this Red Cross Committee.

Miss Iphigene Arsenault, Provincial Commissioner, welcomed those in attendance on behalf of the Division and complimented them on the success attained in the Swimming Programme largely through their co-operative efforts. She expressed the regret of all concerned at the resignation of Mr. W.K. Sharpe as the Chairman of this Provincial Committee.

Mr. Sharpe gave a brief report on the programme as carried out in Prince Edward Island last year, when 2,389 persons were enrolled in Swimming and Water Safety Classes. A large percentage of these were in the non-swimmer and junior classes and Mr. Sharpe urged the Chairmen to encourage more advanced swimmers too, particularly in this programme. He pointed out that Mrs. Erlend Ramsay of Conroy had successfully conducted the only adult classes in the province last year and said he felt other instructors should follow this lead and form as many adult classes as possible.

Mr. Sharpe announced that in the absence of Mrs. Harry Cudmore, due to illness, the Division had been fortunate enough to secure the services of Mr. Paul Cudmore who will be conducting the programme for the coming summer season.

Red Cross boats and other equipment are now being reconditioned and will be ready for the Instructors' School in June. Drag Bars will be added to the equipment in the boats this year. It was explained that this equipment is not generally considered as a rescue device but is necessary due to the general lack of such equipment anywhere on the Island.

Paul Cudmore outlined plans for the Instructors' School which will be held in Charlottetown from June 17th to 27th. He urged the Chairmen to have candidates from their own communities attend and pointed out the benefits of having a resident instructor.

The Chairman then called upon the various representatives to give reports of last year's classes and a survey of plans for the coming season. Very fine reports were read by the following who are to be commended for their interest in this phase of Red Cross activity in their own localities: Major J.A.

Presbyterian Sessions Begin

TORONTO, June 4-(CP)—Rev. Norman Kennedy of Regina, tonight urged all Presbyterians to study their Bibles and to realize again "the great resources of prayer."

The vanishing prayer meeting in the church and the disappearing family altar are indicative of a lost art, the Moderator of the Presbyterian Church in Canada said in a speech prepared for delivery at the opening of the General Assembly. "Great" portions of the Bible had been "consigned to oblivion" by the limiting of preaching to certain familiar texts.

"Indeed, . . . if one can judge by the advertisements, our preaching is not always confined to the Word," said the Moderator. He described missions as "the custodians of democracy and freedom." It was through them that peoples who knew not these ideals were to be instructed in them. "If missions fall then men will become easily a prey to materialistic Communism. The strategic importance of Formosa as a bastion of freedom is a tribute to the faith of our fathers who first sought to evangelize the island."
