CRIME has increased alarmingly in New York during the past few weeks. The Herald is horrified at the increase, and in a late number says: Fights, swindles, robberies, defalcations, murders and other crimes succeed each other so rapidly that a mere mention is all that space can allow. The strangest feature of this abnormal and horrible state of affairs is that there seems to be nothing in the present status of society to urge men to the peculiar wickedness that have been committed. Churches and other institutions for the promotion of morality are as numerous and active as ever, and the responsibility of man for the condition of his brother man was never so widely admitted as now.

THE Regatta on the Hillsborough, on Wednesday next, promises to be a grand success. Already a large sailing yacht has arrived from Georgetown, and others are on their way from Summerside and Pictou. The rowing course will be from the Committee's vessel to Flag Buoy placed one and one-half miles toward Point Wharf, thence back to Committee's vessel, each boat turning its own Flag Buoy on the starboard hand.

Emperor Francis Joseph has assured Prince Milan that he and the Servians might rely upon the most cordial support of Austria on all matters affecting their welfare.

ROME, Aug. 23. Another letter from Garibaldi is published (being the seventh in the past fortnight) intended to promote agitation against the Germanic Government, and especially Austria. He denounced the Kaiserbund and Prince Bismarck's endeavors to caress his natural ally, the head imposter of the Vatican. He says he finds nothing horrible in the programme of the German Socialists.

On the contrary, two of their articles form part of his life-long convictions. Their fulfillment is indispensable for the amelioration of the material and moral condition of the people.

LONDON, Aug. 23. The weavers and winders in thirteen cotton mills at Rodclif, near Bury, struck against the reduction in their pay of 8 1/2 per cent. About 3,500 looms are idle and several hundred more are expected to stop when notice expires.

The leader of a Church choir in Toronto well known in the best society, has destroyed the happiness of six families. He was in the habit of instructing pupils, and thus accomplished his purpose. An Astonishing Fact. A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 19 cents to try. Three doses will relieve the worst case. Positively sold by all druggists on the Western Continent.

SYDNEY COAL.

REDUCTION IN PRICE!

NOTICE TO THE PUBLIC!

THE GENERAL MINING ASSOCIATION (Limited) beg to intimate to the Public that the price of SYDNEY COAL has been Reduced to \$2 per ton of 2240 lbs., a price which it is hoped will place it within the reach of all consumers.

The opening of the new winning at "THE SYDNEY MINES" and the fact that the SYDNEY COAL now being shipped is all from the DEEP taken in connection with recent improvements in the process of screening, affords purchasers a positive guarantee of the very superior quality and condition of the SYDNEY COAL now offered for sale.

It is a well known fact that for many years past the prices of other Cape Breton coals have been regulated by the rates fixed for SYDNEY COAL; but while it is true that other coals, to get a sale at all, have been pressed on the market at various prices under the current rate of SYDNEY COAL, it is no less true that, taking into account the superior lasting qualities of SYDNEY COAL when compared with other Cape Breton coals, the advantage, both as to economy and convenience, is in favor of SYDNEY COAL, even at a much higher price.

The General Mining Association (Limited) regret that they should again have to caution the Public against the attempts being made from time to time to induce them to buy inferior coals purporting to be "EQUAL TO SYDNEY," "SUPERIOR TO SYDNEY," etc., etc., while some yet more unscrupulous vendors have not hesitated to advertise their coal as SYDNEY COAL (from some designated locality). All these efforts to sell coal by such means are only so many admissions on the part of those who make them of the STANDARD character of SYDNEY COAL.

It has come to the knowledge of the Association that in frequent instances parties giving orders to truckmen and others for SYDNEY COAL have been furnished with other and inferior coal. The Public are cautioned against permitting themselves to be imposed upon in this way.

Every vessel loaded at THE SYDNEY MINES is furnished with a certificate of the cargo being Sydney Coal. Parties purchasing should satisfy themselves by demanding the production of this certificate.

The "Sydney Coal" is registered under the Laws of the Dominion, and unauthorized parties using the Trade Mark "SYDNEY COAL" are liable to prosecution.
