

Cases At Souris Heard Yesterday

Before Magistrate Gilbert A. Gudet at Souris yesterday afternoon, the following cases were disposed of:

A resident of North Lake, one of Bristol, one of Souris, one of St. Charles and one of Little Harbour were each fined \$20.00 and costs or 20 days for being intoxicated in a public place.

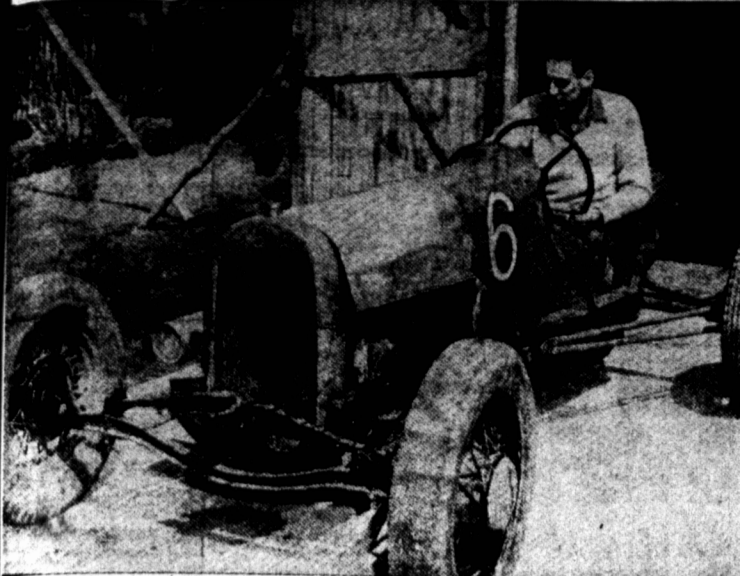

A resident of Souris and a former resident of Souris Line Road were each fined \$20 and costs or 30 days for possession of liquor in other than their residence.

A resident of Farmington was fined \$25 and costs or 30 days for possession of liquor other than from vendor.

A resident of Souris Line Road for possession of a still was fined \$100 and costs or 3 months.

A resident of Dundee for possession of wash suitable for the manufacture of spirits was fined \$100 and costs or 3 months.

Ian MacLeod Crown Prosecutor for Kings County, represented the Crown in all cases.

"NUMBER SIX" IS NOW OWNED BY TED JENKINS

Former Georgetown Resident Owns Unique Racing Car

A home-made racing car, which on its day topped the professionally built racers from United States tracks, has been reconducted by Mr. Fred "Ted" Jenkins of Woodside, N.S., son of Mr. and Mrs. A.E. Jenkins of Georgetown. The sputter and roar of its powerful engine brings back memories of a once popular Halifax area sport.

Auto racing reached a peak in the Maritimes just before the Second World War and in 1938 a talented Halifax mechanic, the late Reg. Hubley built himself a racing car which roared around the Halifax Exhibition grounds track at speeds up to 100 miles an hour, good enough to cop top honors against a field of speedsters from leading United States racing centers.

NUMBER SIX
The Familiar "Number Six", which still glistens on the hood of the veteran car which won this race is still remembered by fans of the sport. They recall this type of auto racing as more refined and technical than the rock-car racing sport of today.

Ted Jenkins of Woodside, was given old "No. Six" by Milton Hubley of Halifax, father of the original builder of the car. Ever since its record breaking race in 1938 the car has spent its time in retirement tied up on the beams of a Vestry street garage.

When he was given the car this spring, Mr. Jenkins decided to see if he could get it in operating condition again. A few days of oil, clean spark plugs and a couple of coughs and the old motor was purring away again almost as good as new.

COMPOSITE
"Number Six" is a mechanic's delight. It is a composite of many old cars... and even a truck or two. It boasts such items as the radiator of an old Chevrolet truck, it has four Marmon wheels, a Ford under-

inated is the need for a fuel pump of conventional design, exhaust pipes, and an outside hand-brake also add to its unusual appearance.

"Number Six" will be retired as a vestige of those nostalgic '30's. Now repainted, its distinctive markings brightened up, this old car will be placed on public display at various places this summer.

Presbyterian Guild Met

Mrs. Claude Nicholson was hostess to the members of the Presbyterian Guild, Montague, Monday evening, at her summer home in Lower Montague. The meeting opened with the devotional period led by Mrs. H.M. Smith.

The president, Mrs. Leland Nelson, presided during a brief business session during which

the minutes of the previous meeting were read and approved and reports of various committees were submitted.

At the close of the meeting a delicious wicker roast was enjoyed by the members and guests.

LONG WAY DOWN

Giraffes can reach the ground for drinking water only by stretching their forelegs wide apart.

Souris Schools

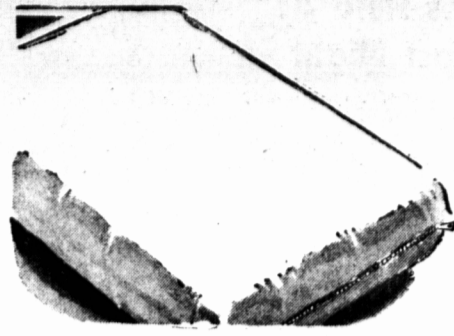

Grades 1 to 10 inclusive will be open for classes on Monday, August 26.
