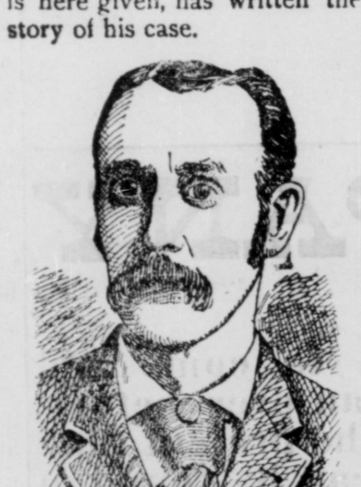
GRATEFUL, PLEASING RELIEF AFTER MANY DAYS.

How a Queens County Man Found Permanent Healing.

His Own Experience Tells Fully and Freely some Truths which all Readers of this Paper Should Know.

Here and there, in almost every town of our province, are "chronic" cases over which doctors disagree; cases that become worse year after year. It is to reach such that the gentleman to whom these lines refer, and whose portrait is here given, has written the story of his case.



Mr. Branscomb's home is in Chipman, Queens Co., N. B. It was there that a representative of the Groder company called upon him, Sept. 1st, of the present year. His greeting was most cordial. He gladly acknowledged his thanks, giving expression to the following statement:

"It is five years since I first became afflicted with a form of indigestion. Last winter it became more severe, developing into chronic diarrhœa. I cannot tell you how much I suffered for SIX LONG WEEKS. It seemed as though relief could not be found. You will remember how I told you of my condition and asked your advice about taking a bottle of GRODER'S SYRUP. You told me that the medicine was a laxative and might not meet my needs. I delayed buying for a few hours until I began to hope that it would help me. Even my clothes seemed a burden because of bloating of stomach. It was with difficulty that I kept about sufficiently to attend to my business.

But I am a well man now from the use of your remedy. In three days after I bought GRODER'S SYRUP the terrible pain and distress across my stomach were removed. My bowels rapidly assumed a natural, healthy condition. Now I eat and drink as well as I ever could. I have gained constantly in flesh since March last. I am perfectly cured.

It seems a duty for me to state my case fully, that others who suffer as I did may know where to find a cure."

Truly yours,

E. A. BRANSCOMB,

Deservedly Popular.

Our readers have no doubt read with interest the despatches almost weekly appearing in this and other Canadian journals regarding cures of a most startling nature made by Dodd's Kidney Pills. These pills have proven themselves to be a certain cure for all diseases of the kidneys and blood, such as backache, rheumatism, Bright's disease, diabetes, dropsy, etc.

Enquiry amongst local druggists elicits the facts that they have a very large sale and are an infallible cure for kidney disorders.

Dodd's Kidney Pills are manufactured by Dr. L. A. Smith & Co., Toronto, and are sold everywhere, or by mail on receipt of price, 50 cents a box, or 6 boxes for $2.50.

He was Convinced.

A man in Nova Scotia was in doubt as to the genuineness of the reported cure of Mrs. Bernard Maguire and ex-Councillor Lingley, of Petersville, Queen's Co., by a course of Hawker's Nerve and Stomach Tonic and Hawker's Liver Pills. He wrote to Squire Lingley, and that gentleman promptly assured him that the testimonials were genuine.

A NEW YANKEE SINGER.

Miss McIntosh, Prima Donna at the Savoy Theatre in London.

London is enjoying at present the double treat of a new Gilbert and Sullivan opera and a new American singer. This new singer, says the New York Tribune, is Miss Nancy McIntosh—or Macintosh, as the London papers persist in spelling it. She is a native of Cleveland, O., and a resident, for most of her short life thus far, of Pittsburg the Smoky. Her father was a leading member of the fishing club whose lake burst its bounds and destroyed the city of Johnstown.

MISS M'INTOSH.

Doubtless Miss McIntosh is a good fisher, too. If she isn't, that is about the only accomplishment she lacks. For her transatlantic admirers declared that she has all the qualifications of an up-to-date young lady. She is an expert horsewoman, and has on more than one occasion done her fifty miles in the saddle. She can row, and in proof thereof can show you a beautiful gold medal, the prize of a ladies' sculling match. She can shoot and fence, and play baseball and cricket. She can swim and dive, and would rather begin a day without her breakfast than forego her cold tub and dumbbells.

After the Johnstown disaster Mr. McIntosh took his daughter to Europe. There she continued the training of her voice, and presently, before she fairly realized what she was doing, she was singing at Saturday "pops." Last winter she sang at Mr. Henschel's symphony concerts. A couple of months or more ago Mr. Gilbert heard her and was charmed; sent for Sir Arthur Sullivan, who likewise was charmed, and forthwith engaged her for the leading part in "Utopia, Limited," their latest work at the Savoy Theatre.

A Pretty Watch-Stand.

Almost every girl owns a watch, and every watch should have a resting place of its own, so that this pretty stand printed below will no doubt please you all. It is a capital yet inexpensive Christmas gift as well.

To make it, you will require, first of all, two thin beveled boards four inches and a half square. These you can get from the nearest carpenter for a few cents. When they are cut and smoothed you will need a bit of fine white linen, some narrow ribbon and embroidery silks.

The stand which the picture represents has a wreath of buttercups worked upon each side. You can either copy that or substitute any flower you prefer. In either case the process is precisely the same.

Cut two pieces of linen, each one inch larger all round than your boards, and in the center of each embroider the wreath in the real gold-color of the natural flowers.

Stretch over each board one layer of white cotton wadding, and over that the embroidered linen squares. Pull the linen quite tight and smooth, and sew it in place by taking long stitches from side to side on the under side of the board. Paste over the back of each a square of plain white linen, the edges of which you have turned. Then sew fast to the top of each, one

at either end and one in the center, strips of gold colored ribbon three-eights of a yard long. Tie the opposite ribbons together in three pretty bows, and make them fast with a stitch in the center of each. Three inches below the upper edge of each side sew fast a two-inch ribbon strap, which will keep the boards from parting, and will steady the the stand. Screw into each board just above the wreath a small brass hook, and when that is done you can hang your watch without fear of harm.

WHEN WOMAN WILL BE BOSS.

The Men of England Are Growing Smaller and Smaller Each Year.

Now it would seem that the vexing question of woman's rights need no longer trouble us, but be left like all the other unexplainable things to time and evolution. A French statistician announces the encouraging fact that in time men will positively become mannikins, their stature shrinking century by century, that they will not be able to compete with the women on the present test of physical strength. In three hundred years Englishmen have grown six inches shorter, while the women have been increasing in height. All woman has to do is to wait a few thousand years, and if the little man of the future gets troublesome and clamors for rights and privileges, she can pat him on his little head and serve him the same honeyed sauce he has been giving her all these years, about such heavy matters being too great for little people, and that she will attend to all that sort of thing to save him anxiety and fatigue.

WARD off the cholera by getting your system in healthy working condition. Hawker's Nerve and Stomach Tonic, with a course also of Hawker's Pills, will excite every organ of the body to healthy action and afford the surest safeguard against disease.

Testing His Honesty.

Your druggist is honest if when you ask him for a bottle of Scott's Emulsion he gives you just what you ask for. He knows this is the best form in which to take cod liver oil.

BERLIN, Nov. 6.—Advices received from St. Petersburg says twenty-two Catholic priests, a few days ago, were exiled from the Vistule district on the charge that they opposed the authorities. Yesterday, under guard, the priests started for their destination, and a large number of persons attempted to rescue them from the gendarmes. A desperate fight followed. The gendarmes were reinforced by Cossacks, who fired into the crowd, killing and wounding many persons. Further trouble is feared.

OTTAWA, Nov. 9.—A departmental enquiry in the vicinity of Kingston, the locality in which the last animal landed in Great Britain suspected of pleuro was bought, totally fails to reveal any traces of disease.

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
