

### Full-Dress Debate

## Drew Urges Airborne Army

OTTAWA (CP)—All Canada's army should be airborne, Opposition Leader Drew said Thursday. As the Commons launched a full-dress debate, Mr. Drew said this country's most effective army contribution to NATO would be a force of mobile air-carried units that could be flown anywhere quickly against a northern continental invasion.

There must be, he said, a "distinctly Canadian concept of the organization of our defence forces."

Mr. Drew spoke after Defence Minister St. Laurent's review of the department's spending estimates of about \$1,775,000,000, told the House the government does not intend to lessen its defence effort despite peaceful gestures from behind the Iron Curtain.

**WILL REMAIN COSTLY**

"Defence is costly and will no doubt continue so," Mr. Campney said in his first presentation of defence estimates to the House. He became minister last summer. Despite hopes that Iron Curtain moves were friendly and sincere, Canada must proceed cautiously until the import of these actions could be more definitely assessed. The minister announced no new basic military policies, though he said Canada has decided to adopt Belgium's automatic FN rifle as the standard weapon for the army, replacing the Lee-Enfield .303.

He also said—in an indirect reference to a recent furor over suggestions that the army be scrapped—that any such talk is "arrant nonsense."

**SUIT DEFENCE NEEDS**

Mr. Campney gave the House his latest figures on Canadian armed services personnel, which he said totalled 117,999 at last count. This was divided among 19,202 for the navy, 49,187 for the army and 49,520 for the RCAF. All three services are slightly under authorized strength.

**GRADUATION HONORS**

Graduation diplomas are awarded to 1,000 young ladies who have successfully completed the course of study prescribed for Grade XII.

**Coming Events**

- \*\*Your Saturday night Jamboree—Forum.
- \*\*Regular Dance at Gordon Lodge every Friday night.
- \*\*Marblefield Presbyterian ice cream festival July 13.
- \*\*Dance Mt. Stewart Memorial Hall tonight. Burns' orchestra.
- \*\*Ice cream social Fredericton Thursday, June 30.
- \*\*Dance in Emerald Hall, Friday, June 17. Music by the Myers Brothers.
- \*\*Regular dance Friday night, Beaver Club hall, Montague. Al Blanchard's Orchestra.
- \*\*St. Peter's Variety Concert, Bridgetown, June 17th, 8.30. Sponsored Dundas Y. P. U.
- \*\*Regular Saturday night Dance, St. Peter's Hall, Al Blanchard's Orchestra.
- \*\*At Ellis Bros., Quaker Hog Grover, Jute \$3.65, paper \$3.55. Special price for limited time.
- \*\*Dance Beaver Club, Montague, Friday, June 17. Al Blanchard's Orchestra. Modern and Old Time.
- \*\*Reserve July 20th, for the Acadians Bi-Centennial Celebrations at South Rustico.
- \*\*"The Irish Millionaire" will be in North Wiltshire hall, Wednesday, June 22.
- \*\*Cake Sale at Moore & McLeod's, 2.30 Daylight Time, Friday, sponsored by Pownal Ladies' Aid.
- \*\*Buying turnips at Railway Wharf today and tomorrow. Willard Prowse, Brackley.
- \*\*Cake Sale this evening at 6.30. Holmans, in aid of St. Charles Auxiliary.
- \*\*Unloading car Master Feeds, P.E.I. Fur Pool Ltd., Summerside. R's results that count.

- \*\*See Cardigan Players in their 1-act comedy at Cardigan hall, Friday, June 24. Curtain 8:30. Dance.
- \*\*Reserve July 14 for Marshfield-Dunstaffnage United Church and Centennial auction of home cooking.
- \*\*Cake Sale, Simpsons-Sears, Friday evening, June 17th, 7 p. m. Daylight Saving Time. Dunstaffnage W. I.
- \*\*Annual Meeting, Breadalbane Cemetery, June 20th, 8.00 p. m. Breadalbane Hall. Plot holders fee of \$2.00 due.
- \*\*Weekly Dances, Winsloe Station Hall, Friday, June 17th. Rollie McKenzie's Orchestra. Dancing 9.30 to 12.30 Daylight Time.
- \*\*Westmoreland Singers to perform in variety concert in Yeo's Theatre, Montague, June 20th, 8 p. m. Standard Time.
- \*\*Unloading car Master Growing and Laying Krums, Amalgamated Dairies Ltd., Central Bedford. It's results that count.
- \*\*Lobster supper, bingo, other amusements, North Rustico, Wednesday, June 22nd. Supper 5 p. m. Adults \$1.00, children 50c.

# ARMED REVOLT FLARES IN ARGENTINA BUT PERON CLAIMS OUTBREAK NOW QUELLED

## Further Harbor Improvement Projects For Prince County

OTTAWA (Special)—With a call for tenders issued Thursday for extensive breakerwork repairs at Miminegash, a larger volume of harbor improvements will be carried out this summer in Prince County than at any time for several years. Total of the contracts now planned is estimated at \$160,000, and together with the construction of a boat harbor at Howard's Cove now being built, the grand total of six contracts will amount to \$340,000.

Works to be carried out in Prince this season include Howard's Cove, Tignish, Alberton, Grand River South, Fishing Cove and Miminegash. The repairs planned for Miminegash consist of repairs to 370 feet of the north breakerwork and 160 feet of the south breakerwork. Specifications call for creosoted timber to replace the untreated timber of the breakerwork which is now seriously damaged by marine insects. They also call for a plank deck of the new breakerwork.

Reason for the Miminegash project is that it is the landing place

**To Head Commission**

Walter L. Gordon, 49, Toronto-born management consultant and accountant, is to be appointed chairman of a royal commission to look into Canada's economic future. (CP Photo)

**Report Roman Catholic Church Buildings Burn**

LONDON (Reuters)—Montevideo radio said in a broadcast heard here early today that Roman Catholic church buildings in troubled Buenos Aires were in flames.

The archbishopric premises close to the cathedral of Buenos Aires, the church of San Francisco, and the premises belonging to the Church De Las Mercedes, situated over a radius of 300 yards from Government House are in flames," the radio said.

**Pumps Begin Huge Operation**

CORNWALL, Ont. (CP)—Four giant pumps Thursday started to drain a two-mile stretch of the St. Lawrence river to make way for the construction of a powerhouse, part of the St. Lawrence power project.

Officials of the Ontario Hydro and the New York power authority expect that the project will take two weeks.

The pumps operate at a rate of 20,000 gallons a minute and it is estimated that the section to be drained contains 650,000,000 gallons. It is two miles long, 40,000 feet wide and 30 feet deep at its deepest point.

The area is bounded by two islands, a steel-celled cofferdam and an earth-and-rock cofferdam. Water will be pumped into the downstream parts of the river.

**Abandon Hope For 13 Men Aboard Sunken Submarine**

PORTLAND, England (AP)—Royal Navy rescue experts late Thursday abandoned efforts to save 13 men trapped in the explosion-riddled hull of the British submarine Sidon.

The victims included Petty Officer Laverne D. McLeod of Dartmouth, N.S., and Stratford, Ont., a Canadian sailor serving as volunteer-trainee aboard the submarine.

There were no signs of life aboard the Sidon. Seven other members of the crew escaped with only slight injuries seconds after the early-morning accident.

A practice torpedo, exploding forward, tore apart that section of the submarine and sent her down under 36 feet of water. The Sidon was moored along side the submarine Maidstone when the accident happened. She was preparing to leave Portland harbor on torpedo firing exercises.

**Charges Civil Defence In Canada Is "Fraud"**

VICTORIA (CP)—A Victoria alderman says civil defence in Canada is a "fraud" and should be exposed.

He called the international civil defence exercise as it affected Victoria "a farce," "a bunch of nonsense," "a complete hoax" "ridiculous."

The greater Victoria civil defence board knew nothing of the exercise, he said. There was no co-ordination between the army and civil defence.

## Believe Two Are Drowned As Car Goes Over Wharf

FORT COULONGE, Que. (CP)—Trp. Charles Richard Murphy, 18, was drowned and Trp. Hugh Michael Taylor, 22, is believed to have died with him when a small car skidded off a wharf into the Ottawa river near here Thursday.

The body of Trp. Murphy was recovered from the car, ownership of which has been established as Trp. Taylor's. Body of the car's second occupant has not been found.

Both men were members of the Royal Canadian Dragoons at Camp Petawawa, where Trp. Taylor's wife, Peggy, resides. Her family lives at Alderpoint, on Cape Breton island.

Next-of-kin for Trp. Murphy is Mrs. Christine Murphy, his mother, at Westbranch, Kent county, N.B.

Police said the brakes on the small car apparently failed as it came down a steep hill to the wharf landing. It skidded 60 feet along the 100-foot wharf and plunged into the river.

The ferry, operated between here and La Passe, Ont., by Arnold Laport, was approaching from the Ontario side when the car hit the water.

Laport said he threw a life preserver to one of the men who escaped from the sinking vehicle, but the soldier disappeared before he could reach it.

**Investment Dealers Elect New Officers**

MURRAY BAY, Que. (CP)—J. R. Hughes of Montreal will be president of Investment Dealers' Association of Canada for the coming year, succeeding N. D. Young of Toronto.

Vice-presidents include J. D. Wood, Halifax.

Names of the incoming officers were announced here Thursday.

## Claims Western Peoples Are True Revolutionaries

MURRAY BAY, Que. (CP)—"All of us in the Western world are the greatest revolutionaries of all time," N. D. Young of Toronto, president of the Investment Dealers' Association of Canada, says in his annual report.

"All over the world," Mr. Young states, "mankind is today being told we must choose between revolution and reaction and that communism represents revolution and that our system—called capitalism—represents reaction."

"This is an explicit reversal of the truth. Communism, like totalitarianism in any form, represents the blackest of reaction; while the free system, of which capitalism is only a small and modified part, represents the authentic revolution—not a subversive revolution but one that sets men free."

Mr. Young's report, released to the press in advance, will be presented today to the current annual meeting of the investment dealers, attended by some 350 delegates and wives from across Canada. Mr. Young is vice-president of Dominion Securities Corporation, Ltd.

**Fish Stocks Show Decrease**

OTTAWA (CP)—Stocks of fish decreased in Canada at June 1 to 27,359,000 pounds from 32,009,000 pounds on the corresponding date last year, the bureau of statistics reported Thursday.

Holdings of cod increased to 6,789,000 pounds from 6,204,000 pounds. Haddock stocks rose to 4,493,000 pounds from 4,469,000 pounds at June 1, 1954.

Halibut stocks rose to 7,505,000 pounds from 6,919,000 pounds and inland fish stocks increased to 2,881,000 pounds from 1,604,000 pounds last year.

Stocks of salmon dropped to 1,601,000 pounds from 2,114,000 pounds while other sea fish stocks dropped to 3,630,000 pounds from 4,485,000 pounds last year.

**Cancel Sailings Of Queen Mary and Scythia**

MONTREAL (CP)—The Canadian Steamship Company Ltd., Thursday announced cancellation of sailings from Britain of the liners Queen Mary and Scythia because of strikes among crews.

The Queen Mary was scheduled to sail Thursday for New York and the Scythia was due to leave today for Quebec City.

The company said that as a result of the strike the Queen Mary will not sail June 22 from New York as scheduled. The Scythia's voyage from Quebec June 29 also has been cancelled.

The company's liners Saxonia and Ascania have also been tied up by the strike. Affected by the work stoppage, too, has been the Canadian Pacific's Empress of Australia.

**Some People Are Like Alarm Clocks—They Go Off At The Wrong Time**

**Seaman's Strike Hits U.S. Shipping At Peak Of Season**

NEW YORK (AP)—A spreading seamen's work stoppage hit American-flag trans-Atlantic shipping Thursday at the peak of the biggest tourist travel year in history.

A thousand ships were at the mercy of the seamen, including great ocean liners booked solid for months by European-bound vacationers.

Airlines were besieged by tourists seeking alternate passage. But they, too, have long been booked solid and had little to offer.

Foreign flag ships were not affected. But Britain has her own shipping strike and some of her big passenger ships are tied up there.

Four unions were involved in the east and gulf coast tieup. The chief issue was unemployment insurance for their 33,000 members. Pacemaker in the negotiations and

**Abandon Hope For 13 Men Aboard Sunken Submarine**

PORTLAND, England (AP)—Royal Navy rescue experts late Thursday abandoned efforts to save 13 men trapped in the explosion-riddled hull of the British submarine Sidon.

**Charges Civil Defence In Canada Is "Fraud"**

VICTORIA (CP)—A Victoria alderman says civil defence in Canada is a "fraud" and should be exposed.

He called the international civil defence exercise as it affected Victoria "a farce," "a bunch of nonsense," "a complete hoax" "ridiculous."

The greater Victoria civil defence board knew nothing of the exercise, he said. There was no co-ordination between the army and civil defence.

**To Be Tried For Torture Murder**

MONTREAL (CP)—Vladimir Nekrassoff, 33-year-old German immigrant of Russian extraction charged with the torture murder of 9-month-old Susie Timm, Thursday was ordered for trial at the next session of court of Queen's bench.

A coroner's jury a month ago held Nekrassoff criminally responsible for the child's death after hearing witnesses testify how the child was burned and beaten.

Dr. Rosario Fontaine, medical expert, attributed the child's death to haemorrhages resulting from ruptures of the liver. He said she had been "inhumanly" tortured.

**Civil Defence Exercise Ends**

ARNPRIOR, Ont. (CP)—Canada's part in a continental civil defence exercise ended Thursday but skeleton staffs stood by at exercise headquarters here as American cities tested procedures for cleaning up that might be used in a real attack.

Canada's part was purely a paper operation—movement of hundreds of messages, charting of hypothetical situations and of the measures which civil defence centres in Canadian communities planned to cope with them.

**Hopes Operation Will Mend Heart**

Mrs. Bess Legge of Sydney, N.S., holds her 16-month-old daughter before leaving for Philadelphia where surgeons will try to mend the defective heart that threatens Mrs. Legge's life. Some 300 were at Sydney airport to see her leave for the operation. Her husband is a steel worker. Mrs. Legge has a valvular condition resulting from two attacks of rheumatic fever between the ages of 10 and 20. (CP Photo).

**BUENOS AIRES (AP)—Armed revolt flashed out against President Juan Peron Thursday and bombs rained on the Government House area in two air raids. Thursday night the president declared the rebellion had been put down.**

"The fight has finished," Peron announced in a broadcast. "The planes as usual fled to Uruguay."

Blaming the navy for the outbreak, Peron acknowledged that some points of resistance remained to be quelled. He said these were minor.

The rebellion broke out a few hours after the Vatican excommunicated Peron and his aides at the height of his feud with the Roman Catholic Church.

**MANY CASUALTIES**

One of the air raids caught hundreds of workers who had rallied to the Plaza de Mayor, main square in the city, to support the president with their voices as army tanks moved in.

Casualties were reported heavy. In a voice charged with emotion, Peron spoke for seven minutes from the headquarters of his army command, presumably in the ministry of war.

**Two Argentine Warships Head For Montevideo**

MONTEVIDEO, Uruguay (AP)—Informed sources said Thursday night two Argentine warships are heading for the port of Montevideo. One of them is the cruiser Pueyredon.

Many Argentine officers involved in Thursday's revolt in Buenos Aires took refuge in Uruguay after landing at Montevideo's Carrasco airport.

Uruguayan Interior Minister Francisco Camaraz said 36 Argentine rebel planes had taken refuge here with 90 men aboard.

**Cancel Sailings Of Queen Mary and Scythia**

MONTREAL (CP)—The Canadian Steamship Company Ltd., Thursday announced cancellation of sailings from Britain of the liners Queen Mary and Scythia because of strikes among crews.

The Queen Mary was scheduled to sail Thursday for New York and the Scythia was due to leave today for Quebec City.

The company said that as a result of the strike the Queen Mary will not sail June 22 from New York as scheduled. The Scythia's voyage from Quebec June 29 also has been cancelled.
