
"DUN GLASTON" CLIMAXES 10 YEARS OF DIOCESE CONSTRUCTION

New Bishop's Residence Sets Precedent In Diocese

"Dun Glaston" is the name of the newly constructed chancery office and Bishop's residence, recently opened living quarters for Most Rev. Malcolm A. MacEachern, bishop of Charlottetown.

Glastonbury was the birthplace of St. Dunstan, patron of this diocese, and the name, when translated into the Celtic is "Dun Glaston". The word "Dun" when translated literally means small hill or borough, and is used to refer to a dwelling.

After 135 years it provides the first opportunity for a bishop in this diocese to live apart from the parish clergy, as is done in almost every diocese in the world.

In addition to living quarters for a bishop and chancellor, there is the new chancery office with modern office equipment. There are two large vaults, one for the diocesan archives, and the other for current diocesan and parish records. The former will contain records dating back to the first bishop here.

ACCOMMODATIONS

There is a new business office for the bishop, a chapel, library, conference room, dining room, kitchen facilities, and the customary parlor. The residence also provides overnight accommodations for a visiting bishop, and two spare rooms for visiting clergy.

Sisters of St. Martha will do the cooking and cleaning, and accommodation is provided for three of them.

Peter MacNeill was architect for the structure and H.P. Phelan was contractor.

The completion of this residence marks the end of a 10-year phase of building unprecedented in the diocese.

This program included the construction of the Sacred Heart Home for the aged and infirm, a home for the Charlottetown Hospital student nurses and girls' residence, Marian College, the Kelley Memorial Library and rink, all at St. Dunstan's University.

Also built during this period were the Precious Blood Monastery, the motherhouse of the Sisters of St. Martha, the Basilica Recreation Centre, and parish halls at Egmont Bay and Bloomfield.

OTHER CONSTRUCTION

In addition to these were new churches built at Kelly's Cross, St. Ann's, Lot 65, Seven Mile Bay, Iona, Hope River and Mt. Stewart. A new church and rectory was built at Summerside, and rectory will be officially opened in Holy Redeemer parish, Charlottetown, July 18 Architect for the later was Alfred Hennessey. Williams and Murphy was the contracting firm.

Renovations were made in the churches at Souris, St. Peter's and Covehead, and are also planned for Vernon River parish in the near future. A new church for St. Columba parish, East Baltic, is in the planning stage. New Rectories were built at Fort Augustus, St. Pius X, Parkdale, and Southport. The latter two are parishes organized within the same period.

"The completion of this vast program of planning and construction" states Bishop MacEachern, "will for many generations to come, continue to be fitting monuments to the faith, generosity and courage of the people of Prince Edward Island of the past 10 years." It is his sincere desire, he said, that the people be as proud of themselves as he is of them. Such a program however, he cautioned should not be an excuse to rest on laurels and become complacent with past achievements. It should be a springboard to even greater future endeavors.

"If the people of P.E.I. cooperate together in every possible way, in a deep spirit of Christian charity and love, utilizing to the best of their ability the many means placed at their disposal in these days to improve their way of life, the future generations will regard us with gratitude. The population of this province will continue to grow in numbers, and the abundance of natural gifts and resources of these areas will be utilized and enjoyed by more people, and in the way that the Creator intends.

"The youth of today and of the future generations will grow to full stature intellectually, morally, and spiritually and thereby continue to leave the imprint of the Island character on all people scattered over the market-place of the world.

"This was an achievement in years gone by, as we have been reminded recently by many guests to the province, among whom was the Pope's personal representative to Canada. This should be the dream of every serious "Islander" during this historic centennial year." the bishop said.

LOCAL BRIEFS

ARRIVE FROM OTTAWA

Group Capt. and Mrs. H.R. Stewart, Ottawa, have arrived to spend some time, the guests of Mrs. T.B. Woodman, Charlottetown.

ENTERS HOSPITAL

Mrs. Burton Lewis, who has been ill at her home for several weeks, is now a patient at the Prince Edward Island Hospital.

AUTHOR STILL DRIVES GARBAGE VAN

James J. Fahey, whose book "Pacific War Diary, 1942-1945," was published a year ago this month stands by the garbage truck he still drives for the city of Waltham, Mass.

A fifth printing of the book is nearly sold out and a sixth printing is planned. Says Fahey, 45, a bachelor- "I'm not an author. I've been a garbage man for the city of Waltham for 14 years. I still drive a garbage truck and, I guess, I always will -until I retire with my civil service pension. (AP Wirephoto)

Queen Of Sea To Be Chosen This Evening

SOURIS — A highlight of tomorrow's Souris Fisheries Exhibition and Regatta will be the selecting of the "Queen of the Sea" who will reign for the next 12 months.

Five young ladies have entered the contest, and they will be judged at 2 p.m. on five points; poise, intellect, beauty, personality and charm, at a closed session at the Lord Rollo Motel, Rollo Bay.

The winner will be announced at 9.30 this evening in the Souris Regional High School immediately prior to the Coronation Ball. The new queen will be crowned by her predecessor, Pattie Mullally of Souris West.

In addition to winning the title the new queen will receive a $50 gift certificate and her two princesses will each receive a $25 gift certificate.

Master-of-ceremonies for this portion of the day's program will be William A. Acorn of Souris.

The parade which takes place at 1 p.m will be headed by Wilf Burke's Lads and Lasses from Charlotteown. For this annual affair Mayor C.E. LaVie has declared Wednesday a civic holiday.

Annual Reunion 105th Battalion Set For Aug. 5

An executive meeting of the 105th Battalion Association was held yesterday afternoon in the Vocational Training School, with the president, B. Preston McLaine in the chair.

The 11th annual reunion will be held at 4 o'clock on Wednesday, Aug. 5 in the Home of The Royal Canadian Legion Charlottetown for transaction of business and election of officers for the coming year. At approximately 5.45 there will be a parade to the Monument in Queen Square, where a wreath will be placed in memory of those of the Battalion who did not return or have since departed this life.

The route of the parade will be Pownal to Kent to Great George to the monument, and on return route Grafton to Pownal to the Legion Home where at 6 o'clock a banquet will be held, when Col. G. Elliott Full, a former officer of the Battalion, will be the guest speaker.

It was stated by the secretary, J.M. Lee, that circulars had been sent to the members of the Battalion whose addresses are known, and that already acceptances have been received.

Irving Oil Co. Installing Hbr. Pipelines

William Connolly, provincial manager of Irving Oil Company Limited, said yesterday that the four pipelines being installed at present in Charlottetown Harbor will be completed around the middle of the month.

Two 10-inch and two eight-inch pipes will give the company more pumping capacity than the two lines now in use connecting a wharf to the storage tanks.

The harbor pier, which was constructed some time ago, will have provided two floating buoys to which the bow and stern lines of a tanker can be attached.

Physical Ed. Program Seen Need In Canada

Rotarians made their annual visit to Bellevue Crippled Children's camp at Tea Hill yesterday where they enjoyed their weekly luncheon meeting with Dr. Todor Genechelf, chairman of the crippled children's committee of Rotary, presiding.

David M. Boswell, director of physical education was guest speaker pointing out "the place of physical education in the school curriculum".

"Physical education has arrived at a state of acceptance in the school and college programs. Whether people want it or not, it is here to stay, and thus it requires constant evaluation to keep pace with the advance of education", the speaker stated.

"Physical education has, since early times, been a form of education, significant in the development of youth. In ancient Greece, educated men placed physical training in a conspicuous position in the training of youth. Play was recognized as an educational experience", the speaker said.

PART OF EDUCATION

Continuing, Mr. Boswell pointed out that it would be extremely difficult to believe that only through reading books does one become an educated person. There are other experiences that count. Physical education is concerned with many which "when selected as to kind and conducted as to outcomes" may contribute much to the growth and development of the child.

Physical education is an area of the educational field, made up of a variety of purposeful physical activities, knowledges, skills and techniques, Mr. Boswell said. "It utilizes activity as an instrument to realize objectives of physical, social, emotional, mental and moral competence"

"The school is the only place where one can be sure all children will receive instruction.

MORE EMPHASIS HERE

"The governments of other countries support their belief in the value of physical education more strongly than in Canada", the speaker stated. Provisions are made for leadership training of an advanced nature. Financial aid for the acquisition, development and construction of areas and facilities are made available, Mr. Boswell stated. "Supervisory services are provided as a necessity to successful teaching programs".

"In Britain, physical education is compulsory in all schools up to the university level South Africa provides a comprehensive system of grants for leadership and facilities for physical education. There is strong state support for physical education and athletics in Russia. All students receive a full program of physical education in grades 1 to 10.

"In Italy physical education programs are accepted as a vital part of the school curriculum. In the United States 85 per cent of the school systems surveyed employ specialists to teach in physical education.

DAVID BOSWELL

"Teachers must be made to realize that there are many educational values derived on the field of play which cannot be derived sitting in the classroom. Physical education is the integration of the individual as a whole — Spirit, Mind and Body," Mr. Boswell said.

Thanks of the club was tendered the speaker by co-chairman James Cerry.

ROTARY GUESTS

The president expressed the sympathy of the club to Brian Cudmore and members of the family of Mrs. T. Roy Cudmore on her recent death.

Superintendent A.S. McNeil RCMP, chairman of the camp committee welcomed the Rotarians on behalf of the staff and thanked Rotary for having made the camp possible.

President Likely congratulated manager Frank Pellerin and the Charlottetown Hotel staff for their "splendid" job of catering for the camp luncheon.

Guests of Rotary were: Dr. J.S. Bonnell, Georgetown; E.F. Large, Halifax; William MacMillan, city; W.C. Corbett, Montreal, and Walton Parker, Halifax.

Visiting Rotarians were, Rev. Dr. E.M. Aitken, Hamilton, Ont.; T. Earle Hickey, Summerside; Fred Kelly, Wolfville; John Morris, Salisbury, Md.; Robert T. Burroughs, Ann Arbour, Michigan; Karl Schaffner, Middleton, N. S.; Gerry Orne, Chaple Hill, North Carolina, and Ingraham Palmer, Moncton.

Man Escapes Serious Injury

MURRAY HARBOR — Fred Buell, Murray Harbor, escaped serious injury when his car struck the rear of a truck on Friday afternoon at approximately 2:30.

Mr. Buell was leaving Murray Harbor for Charlottetown where he is employed when the accident occurred.

He received a severe cut on the forehead as a result of the accident and his car is a complete loss.

Jury Recommends Medicals, Exams For Drivers Over 65

A coroner's jury last night recommended a medical and driving examination for all persons applying for drivers licenses who are over 65 years of age, as part of their verdict at the inquest of George Edwin Batt, 73, who died June 26 from injuries received in a traffic accident at Southport, June 21.

The jury absolved of any blame Joseph Vincent Perry of North Rustico. He was the driver of the truck which collided with the Batt car at the intersection of the Trans-Canada Highway and the Southport Road.

The jury further recommended a "stop sign ahead" warning" be posted for the stop sign on the Southport Road leading onto the Trans Canada Highway.

Coroner Dr. L.E. Prowse called five witnesses. Dr. A.L. Saunders testified the deceased died from injuries at the P.E.I. Hospital on June 28. An autopsy was performed on the remains and the jury viewed the body before adjourning to last night for hearing.

SAW ACCIDENT

Two attendants at the Southport Esso Service Station who witnessed the accident: Garth Wayne Scott of Charlottetown and Andrew MacDonald Gass of New Haven, were called and gave their versions of the accident.

Constable J. Maynard Roy gave the police evidence and introduced six photographs, some of the accident vehicles, a 1956 model car driven by Batt and a 1958 four-ton truck driven by Perry and loaded with 22,000 lbs., of meat, and scenes of the intersection. He also introduced a scale drawing of the accident scene with measurements.

The last witness called was the driver of the truck, Joseph Vincent Perry, who testified the truck was owned by Jelly's Transfer for whom he was working. He testified he saw the car coming toward him making no apparent effort to stop.

Members of the jury were: foreman, Donald Gordon, Sherwood; Kenneth Campbell, Parkdale; George Alfred Larter, Sherwood; Allison Moore, Charlottetown; Norris Scott, Sherwood and George Peterson, Charlottetown.

Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTEETH, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, gooey, pasty taste or feeling. Get FASTEETH today at drug counters everywhere.

INTERRUPTION NOTICE

There will be an interruption of electric power on our eastern transmission system from Wednesday, 12:00 Midnight to 2:00 A.M. Thursday, July 9th, weather permitting.

This interruption is necessary to make additional repairs to our Charlottetown Substation.

The area affected will be from Cherry Valley east to Montague, Cardigan, Georgetown and Wood Islands, and from Mt. Stewart to Souris and adjacent areas.

MARITIME ELECTRIC Company Limited

Announce New Healing Substance... Shrinks Piles, Checks Itch

Exclusive healing substance proven to shrink hemorrhoids... and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissues.

One hemorrhoidal case history after another reported "very striking improvement." Pain was promptly and gently relieved ... actual reduction or retraction (shrinking) took place.

Among these case histories were a variety of hemorrhoidal conditions. Relief even occurred in cases of long standing, and most important of all, results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue. Bio-Dyne is offered in ointment and suppository form called Preparation H.

In addition to actually shrinking hemorrhoids, Preparation H lubricates and makes elimination less painful. It helps prevent infection which is a principal cause of hemorrhoids.

Just ask your druggist for Preparation H Suppositories or Preparation H Ointment (with a special applicator).

Satisfaction guaranteed or your money refunded.

AT LAST! the bra girls were designed for!

For you who love the feeling of silky-smooth cotton—this bra is *it*—and more! With unique non-curl stretch straps of Lycra*. With the most beautiful fit you've ever worn. Why?
