City Council. — Regular meeting on Monday night at the usual hour.

Another Paper.—Boston has a new weekly paper. It is called the Provincialist, and is edited by Mr. M. J. Keating, who is well-known in Charlottetown.

R. A.—Prince Edward Council, R. A., meets this evening at 8 o'clock, in R. K. Jost's office. Business, application for members. A full attendance of members requested.

Templars.—To-night, Company No. 2 C. S. will take charge of the entertainment for the good of the Order. A full attendance is asked for this meeting. Visitors welcome, at 8 o'clock in Wright's Hall. Members please be punctual.

A Maine Drink Cure.—A Saco man has no use for the Keeley cure. In order to prevent his breath telling his wife what he had been drinking he swallowed three moth balls. He says that the very thought of whiskey now makes him sick. —Lewiston Journal.

Enforce the Law.—A public meeting of the residents of Moncton was held at that place on Monday evening to devise means for the better enforcement of the Scott Act. After speech-making, resolutions were passed calling upon the city council to appoint an inspector to carry out the law.

Who are They?—An exchange says: In the Boston divorce court last week Sarah C. Livingstone testified that she was married to Boyd Livingstone at Charlottetown, P. E. I., in 1886, because her father forced her to, but had never lived with her husband, and wanted the marriage annulled. The request was granted.

Crops in New Brunswick. — Reports from various parts of New Brunswick indicate that the crops in that province are in an advanced condition. Rev. J. C. Berrie, of Fairville, left at the St. John Sun office on Tuesday a bunch of timothy about twenty-five inches long. It was fully headed out, and was almost ready for a scythe.

In the Toils.—This forenoon, Marshal Cameron arrested a stranger who was under the influence of liquor and acting in a strange manner on Prince Street. The man said his name was George Lewis. Letters found about his person indicate that he belongs to Bathurst, N. B. In his pockets were found $7 in small silver and a $2 note. He will appear before His Honor in the morning.

Dunk River Factory. — The Farmer says: The Dunk River cheese factory began operations for this year on Wednesday morning, and although only about one-third of the patrons were ready to send in milk, 5,000 lbs. were emptied into the vats —a very good beginning. This factory has been considerably improved upon since last year, and is again under the skilful supervision of Mr. Joseph Burgess.

More Gold.—The Halifax Herald says: A man named Power discovered gold at Sutherland's Brook, near Stellarton, last week and took up areas at the mines office. A. Wilson, of Dartmouth, took areas on both sides of Power and numerous other areas were taken up by Pictou and Stellarton people by wire. A test made by Power is reported to have yielded one ounce to the ton. The lead is a very large one.

Burned.—The old asylum building was burned last night. This building has not been in use since the time of the smallpox epidemic in the fall of 1885. It is reported that the fire was started in order that all danger of infection might be removed before the bricks are again used for building purposes. The premises were sold by the local Government to Mr. Geo. L. Gaudin some two or three weeks ago, his tender being the highest.

Second Methodist Church.—The annual meeting of the Managing Committee of the Second Methodist Church Sabbath School was held last night, when the following officers were chosen for the ensuing term: Geo. Richie, Supt., J. D. Seaman, Asst. Supt., Frank Hutcheson, Sec'y., Alfred Pickard, Asst. Sec'y., Harry Richie, Librarian, Misses Lena Carter and Maud Down, Asst. Librarians. A hearty vote of thanks was tendered the retiring Superintendent, Mr. L. E. Prowse and his Assistant Mr. L. C. Worthy, as well as other retiring officers for the interest displayed by them in connection with the School for the year just closed.

Executive Council Meeting. — The Farmer says: A meeting of the Executive Council of the Province was held last Monday evening. Among the business done was the re-appointment of Mr. John Gaffney as High Sheriff of Prince Country under the new act. Mr. Daniel A. McInnis was also re-appointed for King's County, and in place of Mr. Fred H. Horne Mr. William B. Robertson, of Charlottetown, was appointed High Sheriff for Queen's. It was also agreed that there would be two exhibitions held this fall in Prince County, and that they would be conducted by Commissioners. The one held at Alberton will be for townships one to eleven inclusive, with Hon. Benj. Rogers as the chairman. The Summerside one will be for the whole county, the chairman of the Commissioners being Hon. Alexander Laird.

First Methodist Church.—The meeting in the First Methodist Church last night was very enthusiastic. The reports in connection with the Sunday School were discussed. According to the Guardian, the reports of the Superintendent, Secretary and Treasurer showed the school to be in a most satisfactory condition as a consequence of the zeal with which the congregation endeavor to advance its welfare. This year there has been an increase of 38 in the average attendance, it being 337. The largest regular attendance was 424. The Sabbath School collections for missionary purposes amounted this year to about $360, an increase of $25. A healthy and progressive spirit pervades the Sunday School, a fact upon which the pastor complimented the congregation most highly. The Superintendent, also, in referring to the successful year's work, said that it was owing largely to the hearty co-operation of officers, teachers and scholars, a continuance of which he hoped might exist.

Last Sad Rites.—There was a large attendance of citizens of all creeds and classes at the funeral of Rev. P. A. McEllmeel yesterday afternoon. The body was taken from the cathedral and conveyed to the railway station en route to Hope River where the interment was to take place to-day. The senior pall-bearers were Thomas Handrahan, Jas. Reddin, J. B. McDonald, M. P. Hogan, M. Egan and R. Reddin; and the junior pall-bearers were A. Macdonald, P. Blake, James Byrne, C. Lyons, D. O'M. Reddin, Jr., and James Johnston. On arrival at Hope River the body was placed in the church where it remained until to-day, and where services appropriate to the occasion were held.

More Hams.—This forenoon a Mrs. Blakeley, who lives on Chestnut street, sent word up to Mr. Henry Balls, whose meat shop was burglarized a few nights ago, that some hams had been found in the garden of Mr. T. C. James, back of her house. Mr. Balls went down to investigate, and found two hams in Mr. James' garden, and three in Mrs. Blakeley's yard. Mrs. Blakeley said the hams had been put in her yard over the fence which separates her place from Mr. James' garden. There was a good deal of coal about the hams when found, but as there is no sign of coal in Mr. James' garden, Mr. Balls is at a loss to account for its presence on the hams. He has reported the facts to the police and they are investigating.

Horse Notes.—Mr. J. M. Johnston, of Calais, who has been on P. E. Island during the past week, has purchased a very fast pacer sired by Neptune Lee. The horse is said to be one of the fastest on the island. The price paid is said to have been $1,000.—St. John Telegraph.

A. Montrose, P. E. I., correspondent of the Halifax Recorder says: "Bert Ramsay has a handsome black gelding with white points, sired by Almont Wilkes, which he has entered in the 3.00 class at Halifax."

Mr. Charles Ferguson, of London, Ont., who has been here for some weeks past with the Steam Riding Gallery, has purchased from Mr. George Muttart the well-known horse Westlawn, 2 34¼. Mr. Ferguson is the owner of a large and well stocked farm, on which he has a number of fine horses. Westlawn will be quite an addition to his string.—Agriculturist.

The Silent Steed.—Notwithstanding the heavy wind and dusty roads, the Charlottetown Cycle Club made a good turnout last evening. New members are joining the Club every day, and it now has a membership of over sixty. It is expected that it will reach eighty before Dominion Day.

At a meeting of the Club, held after the run, it was decided to hold a bicycle meet on the Driving Park here, in the early part of August. This meet, which will probably be thrown open to the Maritime Provinces, will be one of the most important events of the season. At the next meeting of the Club, committees will be appointed to prepare a programme of the day's sport, and make full arrangements for the event. Look out for advertisement soon.

On the 1st July the C. C. C. intend taking in the races in Summerside, and are now negotiating with the Superintendent of the Railway for means of transport. Several of our flyers will dispute the honors of the day with their Western friends.

The Driving Park is now open from 7 to 8 a. m., and from 7 to 8 p. m., for members of the Club. Your membership ticket admits you. Moral: Join the Charlottetown Cycle Club and begin training for the different events of the season.

GENERAL TELEGRAPHIC NEWS.

Washington, June 4.—The following official statement concerning Spain's answer to the Allianca affair was made to the state department to-day: "In the Allianca affair, Spain disavows the act of firing upon the Allianca, expresses regret at the occurrence itself and assures the government that measures have been taken to prevent a repetition of the same."

Washington, June 4.—Richard Olney, who is now in all probability to be advanced to the first place in President Cleveland's cabinet, has won his distinction by the able service he has thus far rendered the president on all the most important questions that have engaged public attention since the present administration began. Up to the time of Mr. Olney's first entering the cabinet he has been content to remain in private life, and although recognized as one of the foremost lawyers in New England, he had taken little or no part in party politics and was not widely known among public men. The brilliancy of his legal attainments and the accuracy of his judgment soon led the president to trust Attorney General Olney's advice on important questions.

London, June 4—The Globe's Hong Kong depatch says the Japanese have captured the city of Kelung, Formosa, the Chinese losing 300 men in the fight.

Constantinople, June, 4.—The Porte denies that anything has happened at Bayrout and declares that the visit of the British fleet to that part is made is in connection with its ordinary evolutions.

North Sydney, June 4.—The Canadian cruiser Acadia, Captain Spain, arrived this afternoon from patrolling the coast east of Canso. She reports 75 American vessels within 20 miles of North Sydney fishing, with more than an average catch. No poaching. Mackeral are fairly plenty and large, considering the season.

London, June 4.—A despatch from Shanghai to the Pall Mall Gazette says that rioters have destroyed French Catholic and English and American Protestant missions at Chengtu, Szechuan. Missionaries were given safe refuge by native officials

About Seeds.—It requires considerable faith and confidence to plant seeds, and it also needs the same virtue to buy them, and when seeds are to be had from practical gardeners that make a specialty of cultivating extensively most every variety, it would certainly be folly to buy elsewhere. Gay & Son are to be found, as usual, in the market, Charlottetown, selling the same self-same seeds they are planting every day for themselves. Vegetable seeds sent by mail at 5 cents per package. Look out for our advertisement for plants vegetables, annual and perennial flower plants. Address J. J. Gay & Son Pownal. may16 dytaw wky
