Inquest into said fatality is still pending on account of one of the drivers still detained at the hospital.

ALBERTON AND VICINITY
Mrs. Edward Clark passed away suddenly Wednesday night at her home in Lexington, Mass. The sad news was received by relatives here early yesterday morning. Besides her husband and two sons, Earl of Moncton, N. B., and Claude of Lexington, Mass., Mrs. Clark is survived by her aged mother, Mrs. Christopher Metherall, of Bloomfield; two sisters, Mrs. Robert Hunter of Bloomfield and Mrs. Fred McCrae of Summerside; and one brother Sergeant Metherall of Mill River. Her body will arrive at the home of Mr. and Mrs. Robert Hunter, Bloomfield, Saturday evening from where the funeral will be held Sunday afternoon at two o'clock.

DRIVER ESCAPES IN TRAIN-TRUCK COLLISION
Mr. Sterling Barlow of St. Eleanor's had a narrow escape from death yesterday morning about 9:20 when the one ton panel truck he was driving was struck by the west bound train at the Notre Dame Street crossing in Summerside. Mr. Barlow was proceeding east into town, and apparently did not notice the incoming train until it was too late. The truck, which was carrying some distance up the track, was badly damaged but Mr. Barlow escaped without injury.

REASONABLY KEEN
Continued from page 1
The possibility of greater loss due to increased rot and other factors.

P. E. I. Crop
The P. E. I. crop is now being harvested and is well advanced in most sections. In other areas however, only twenty-five per cent is harvested, with wide variations in yield and quality. In some cases, due to increased care, the crop is good, with a high degree of excellence, while late planted areas which were killed out early have very low yields. In any event, stated Mr. Shaw, it would appear that the total production on Prince Edward Island will be between 55-60 per cent of the 1950 season.

LIVESTOCK MARKETS
Referring to markets on farm products, Mr. Shaw stated that the market on hogs, cattle and lambs are being maintained on a very high scale. Grade A hogs are \$29.50, F.O.B. country points, choice steers \$28.50 to \$29.00 delivered, live lambs \$27.00-\$28.00, and 61 cents for eggs delivered.

by the countries that participated in Canada's Commonwealth Air Training Plan for the winning of the Second World War. They fly to Toronto from Trenton.

FEED SITUATION
The feed situation is good, although transportation difficulties out of the west may keep prices supported until a more generous movement takes place. Last year, stated Mr. Shaw, there was considerable movement of feeds from one point to another inside the Province, and about nine thousand bushels left P. E. I. for points outside Canada. This is only a small quantity and it is hoped that any surplus this season may be absorbed by our own feed-mixing plants or feeders who are required to buy. It is not sensible, observed Mr. Shaw, to import grains from Western Canada and sell our own.

FUNERAL OF P.E.I. NAVAL VETERAN
A Prince Edward Island man who had served although the last world war only to meet death in a peacetime accident at Montreal was buried on Monday in the Roman Catholic cemetery at Indian River. He was Mr. Vernon Campbell, a son of Capt. Archibald J. Campbell, former master of the C. G. S. Brant and now retired and living in Charlottetown.

Funeral was held Monday from Kensington to St. Mary's Church, Indian River. Rev. L. P. Callaghan officiated at the church and grave, the pall-bearers being Messrs. Cecil Mill, Edison Rayner, Allan Sample, Gerald Murphy, Allan Murphy and Elmer Mann.

THE PRINCESS and her husband laughed loud when Mayor Charlotte Whitton - Canada's only feminine big-city government head - reminded them that the royal youngsters, like any others, would be expecting their parents to be bringing home presents after getting back from a jaunt.

At the end of the lunch, the Princess got up and told the Ottavians that she and the Prince had enjoyed and had been moved by the capital's open-hearted welcome of the last two days. It had made them hope that they could come to Canada - Ottawa specifically - again soon.

After the civic function, the Princess slowly through lines of on-lookers again to embark for a boat-trip on the broad Ottawa River, overlooked by Quebec's autumn-clad Gatineau Hills.

Alighting from the river, the royal pair went back to the Governor-General's home to change, and then were taken again to the hotel in the early evening for a reception for guests of the Federal Government. Back to Government House again they went then, to change for the Governor-General's buffet supper and dance that took up most of the evening before their late departure for other Ontario points.

HONoured AT SHOwer
Mr. and Mrs. Earl Woodside (nee Frances MacKinnon) who were married recently in Moncton, N. B., were pleasantly remembered at the home of the bride's parents, Mr. and Mrs. James MacKinnon, Malpeque, when a large number of neighbors and friends gathered and presented them with very beautiful and appropriate gifts besides a substantial sum of money.

The gathering was called to order by Mr. Wilton Ramsay while Miss Verna Brynerton read an address. The gifts were presented by Mrs. Wilton Ramsay, Mrs. Ruby Craig and Mrs. Wm. MacIntyre.

The groom, on behalf of his bride and himself, thanked all their friends for their generous thoughts. A delicious lunch was served by the ladies. The remainder of the evening was spent in dancing.

Discuss Shed
The President brought to the attention of the meeting the matter of the plans for the new frost proof shed on the Marine Wharf. The plans he said have not been made public as yet but it is understood that the specifications call for a large number of windows.

Several members of the board, familiar with the requirements of such sheds, contended that the number of windows were not only unnecessary but detrimental.

Mr. Donald Baker said that he understood that thirty six windows were specified and in his opinion this was very foolish. Members who spoke on this matter included Mr. Silas MacFarlane, Mr. Fred Bingham and Mr. Kenneth Calbeck.

It was pointed out by these shippers that the unusual number of windows would also be harmful to potatoes stored in the shed as too much sunlight would be let into the building.

The secretary was instructed to write the district engineer for further information in this matter.

Mr. A. S. Hopkins asked the meeting if any information had been submitted the board regarding the proposed increase in telephone rates in this province. Mr. Bell stated that up to the present he had received no schedule of proposed rate increases.

Although the consensus of opinion indicated that the board did not object to any reasonable increase due to increased maintenance costs, the matter of a repair man who would be available at all times, particularly on holidays was brought up. Mr. K. S. Hinton said that he felt that his present repair men were quite capable but thought perhaps that the telephone company was short handed in this department.

Mr. Donald Baker said that he did not think that Summerside should complain of the service they are getting. It was the best in the Maritime Provinces.

Approve Holiday
The retail merchants committee of the board, Ross MacKenzie, chairman, reported as being in accord with the action of the Town Council in declaring November 9th as a holiday in Summerside.

Considerable discussion took place regarding the possibility of having the local freight shed re-

main open on Saturday afternoons. It was pointed out by various members that the closing of the shed on Saturday afternoon often entailed considerable trouble and possible loss to shippers who might have a car of potatoes ready for shipment on Saturday but could not have it moved until the first of the week.

The board went on record as advocating that a full time shunter service be given Summerside during the potato shipping season. The matter of freight shed closing and shunter service was delegated to the transportation committee for action.

A report was received from Mr. Silas MacFarlane, official delegate to the annual meeting of the Maritime Board of Trade. Mr. MacFarlane dealt in a very interesting way regarding the proceedings of the convention held at the Isle Royal Hotel in Sydney, N. S.

Mr. Harold Rodd, secretary also gave a splendid report on his attendance as official delegate to the first annual convention of the Board of Trade secretaries which was held at the same time.
