

After seven bus transfers and four miles of walking, I finally made it for my first day at Red River College.

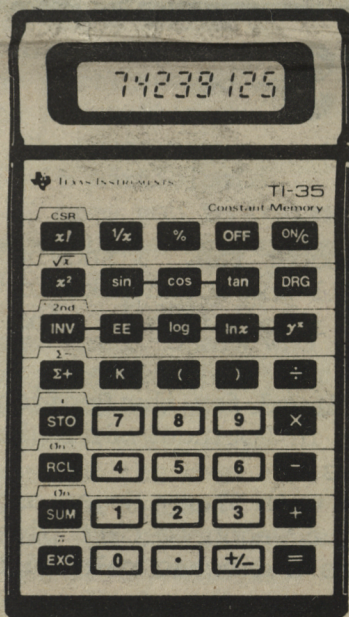

Wait a minute! What's that noise? It sounds like a buffalo stampede! ... OH-OH ...

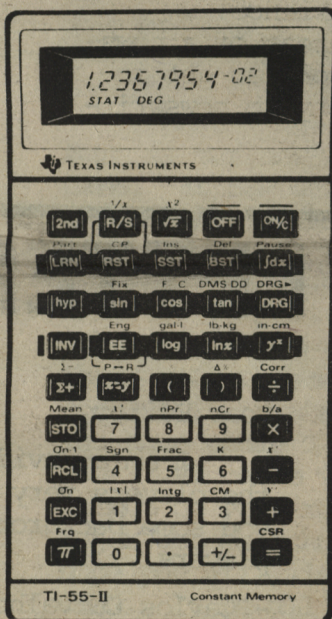

Something tells me it's going to be a long first day.

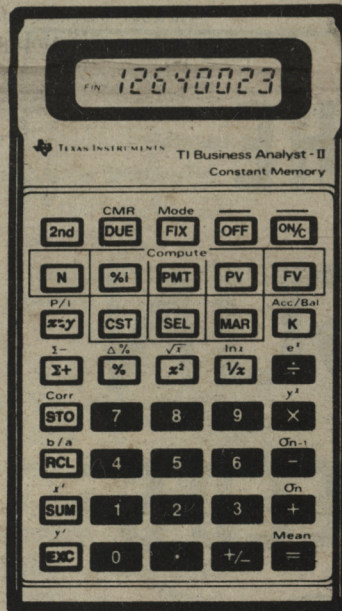

# The Intellectuials

- TI-35 Student Math Kit**
- Contains the powerful 54-function slide rule calculator.
  - Performs Roots. Powers. Reciprocals. Common and natural logarithms.
  - A "systems" approach to math and science problem-solving.
  - Automatic conversions for degrees/radians/grads.
  - Special functions such as pi, factorial and automatic constant help you calculate faster.

- TI-55-II**
- 112 built-in functions for math, science and engineering.
  - Built-in logarithmic, trigonometric, hyperbolic and statistical functions.
  - Simple programmability gives you added versatility, speed.
  - Definite integration of functions entered into program memory.
  - Eight memories or 56 program steps.

- TI Business Analyst-II**
- The TI Business Analyst-II — A unique "systems" approach to better financial decision-making.
  - Built-in formulas bring a new dimension of computing ease to the world of business and finance.
  - Explore alternatives in lease/buy options, loan amortizations, real estate mortgages, sales and earnings forecasts.
  - Built-in statistical functions let you compute mean, standard deviation for sample and population data, linear regressions and trend line analysis.

- The MBA**
- Preprogrammed financial functions let you compute net present value and internal rate of return for variable cash flows. Payment, present value, future value, interest rate for annuities, bond yields, and much more.
  - Built-in linear regression with correlation coefficient.
  - Twelve memories add to The MBA's versatility and power.
