GEORGE DUNDAS, Lieut. Governor.

WHEREAS a certain Treaty was made between Her Majesty and the United States of America, on the 5th day of June, 1854, providing for Reciprocal Trade:

And whereas the United States of America have, in accordance with the terms of the said Treaty, given notice for the termination thereof. And whereas in consequence of such notice the said Treaty will expire on the Seventeenth day of March, 1866.

Given under my hand and the Great Seal of this Island, at Charlottetown, in the said Island, this Seventh day of March, in the year of our Lord One thousand eight hundred and sixty-six, and in the twenty-ninth year of Her Majesty's reign.

By Command,

*Holloway's Pills.*—Billious Affection—In this country nothing is more common, and few ailments more distressing, than the class of diseases dependant on disordered liver. The sensation of nausea, headache, listlessness and loss of appetite, will at once be recognised as the symptoms of liver affection, which can only be relieved by regulating the action of that organ. Holloway's Pills exercise over the biliary secretion, a healthful influence known and appreciated throughout Great Britain and her colonies. The Pills cure after everything else fails.

## THE MOST RELIABLE FRIEND.

## HOLLOWAY'S OINTMENT.

*Its Searching and Healing Properties are known and recognised throughout the World.*

The number of years this invaluable Ointment has stood the test of public opinion, and the longer known the better appreciated, is a testimony of itself more convincing than anything that could be written in praise of its truly wonderful healing properties. In the cure of bad legs, bad breasts, sores, wounds, and ulcers its effect is marvellous. For ringworm, scald-head, scrofula, and diseases of the skin generally, there is no remedy to be compared to it. When assiduously rubbed upon the skin (previously well bathed with warm water) this Ointment is quickly absorbed into the system, and cleanses, in its passage, every part to which it is applied.

*Glandular Swellings, Bronchitis, Mumps, Quinsy, Sore Throats, and Diphtheria.*

In any of the above diseases, immediate and permanent relief is obtained by effectually rubbing this detergent Ointment, twice a day, upon the neck, chest, and back. It acts upon the very mainsprings of life; for through the glands pass all new matter required for the body's reparation and all old particles detrimental to its preservation. The Ointment, used conjointly with Holloway's Pills, will act so searchingly and certainly as to effect cures in the most hopeless cases.

*Rheumatism, Lumbago, Contracted and Stiff Joints.*

Many thousands of martyrs from the above complaints have found life almost insupportable; yet, if Holloway's Ointment be briskly and perseveringly rubbed upon the parts affected, ease may be safely guaranteed, especially if the pores of the skin be previously opened by fomentation with warm water. The gross humors required expulsion from the system; it is therefore necessary to have recourse to Holloway's admirable Pills, which, by purifying and strengthening the system, greatly assist the operation of the Ointment and facilitate and confirm the cure.

*Bad Legs, Bad Breasts, and Ulcerations of all kinds.*

There is no medicinal preparation in the world which may be so thoroughly relied upon, in the treatment of the above ailments, as Holloway's Ointment. Nothing can be so simple or safe as the manner in which it is applied, or its action on the body, both locally and constitutionally. The Ointment, rubbed around the part affected, enters the pores just as salt enters meat. It quickly penetrates to the source of the evil and drives it from the system.

*Erysipelas and Scrofulous Sores.*

In all irritations of the skin, sores, ulcers, burns, or scrofulous enlargements of any kind, Holloway's Ointment presents a ready and easy means of cure. It manifests a peculiar power in retraining inflammation, removing stagnation, cooling the heated blood, and checking all acrimonious and unhealthy discharges.

*Diseases attendant on Childhood.*

Diseases incident to early life fall more under the management of the mother than the medical man. Holloway's Ointment should therefore be regarded by her as a "Household Treasure," as it never fails in bringing out the rash in measles and scarlatina; and for the removal of all skin diseases its effect is miraculous. In cases of whooping cough and croup, this invaluable Ointment should be rubbed twice a day upon the throat and chest, and the youngest invalid will derive therefrom the most soothing relief. Two or three of Holloway's famous Pills, reduced to a powder, will augment the curative powers of his Unguent.

*Both the Ointment and Pills should be used in the following cases:*

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped Hands	Glandular Swel-	Scurvy
