LOAFING.—Our hoodlums should be good bakers—they are bred to loaf. MAILS.—The mails (part English) arrived by special train at 1.30 o'clock this afternoon. FERRY WHARF.—This important pier is being much improved by having the outer end widened. PARLIAMENTARY.—The Dominion Parliament will probably be prorogued in about six weeks time. PERSONAL.—Mr. C. Ed. Smith, representing Alex. Buntin & Sons, Paper Manufacturers, Montreal, is in the city. NOTICE.—The W. C. T. U. Temperance Demonstration will be held in the Y. M. C. A. Hall, on Tuesday evening next. SONS OF TEMPERANCE.—Praternal visit this Monday evening at 8 o'clock. A full and punctual attendance is expected. I. O. O. F.—St. Lawrence Lodge will meet at half-past seven this evening. There will be work in the first and second degree services. HEARD FROM.—Miss McGarry, the talented elocutionist who appeared in this city last year, is now in St. John where she is having large audiences. ICE-BOAT TRAVEL.—The number of passengers who have crossed from the island, so far this season, is 451, while 500 have come over from the Mainland. GABRIEL DUMONT.—Gabriel Dumont, it is understood, will shortly visit Montreal, Three Rivers, Quebec and Ottawa and lecture on the last Northwest rebellion. SOCIAL.—Don't make any other engagement, but arrange to attend the Social of the Wesley Mission Band, to be held in the Schoolroom of the Methodist (Brick) Church, on Tuesday evening, May 1. CAPE TORMENTINE PIER.—Says the Chignecto Post: A contract for the construction of Cape Tormentine pier has been let to Mr. Murphy, of Toronto. Messrs. Strachan & Perkins, the former contractors, spent some \$20,000 on the work. BURGLARY.—A tavern on Water Street was entered by burglars on Saturday night and several bottles of whiskey and some money taken therefrom. An entrance was effected by prying open the shutter of a window in the rear, and opening the window inside. HIGHEST IN HIS CLASS.—We are pleased to hear that Staff-Sergeant H. H. Jenkins, of the North-west Mounted Police, and youngest son of Dr. J. T. Jenkins of Upton, has carried off the silver medal at the recent junior examination of the Ontario Veterinary College. He stood highest in his class. VESSEL LOST.—Brigantine Nora, previously reported ashore at Santa Cruz, has been condemned and sold for the benefit of all concerned. The master, Capt. Angus Murchison of Point, Prim arrived at New York on Friday last, on his way home. The Nora was a fine vessel of 215 tons, built in 1883, classed in English Lloyds and coppered, and owned by Messrs. Angus McMillan and Robert T. Holman of Summerside. SCOTT ACT.—At High Mass in St. Dunstan's Cathedral, yesterday, His Lordship Bishop McIntyre addressed the congregation upon the necessity of upholding and respecting the laws of the land. He referred more particularly to the Canada Temperance Act, which, he regretted to say, was violated by so many of his flock, and strongly urged those at present in the business to abandon it and engage in some more respectable calling. Now that His Lordship has advised his congregation in the matter of liquor selling, would it not be in order for some of the other clergymen to counsel their flocks to give up liquor drinking. FIRST TRIP OF THE NORTHERN LIGHT.—The Northern Light, on Saturday last, a little after 9 o'clock in the morning, got clear of the ice at Souris, and shortly afterwards steamed away in the direction of Picton, which place she reached at 2 o'clock same day. On her way over she met several large hampocks of ice, but found Picton harbor clear right up to the wharf. Yesterday (Sunday) she returned to Souris, arriving there about 11 o'clock a. m., with seventeen passengers, mostly commercial agents. She left Souris again about daylight this morning. As Souris is the only port accessible on this side of the Straits, she will run between there and Picton for the present. FATAL ACCIDENT.—News has reached his father of the sudden death at Cuba, W. I., of Murdoch McNeill, mate of the schr. J. C. Hall. Young McNeill, it appears, was in the act of seeing the anchor, which had been lifted, properly made fast, when a windlass pulley slipping the weight of the large anchor drove the bars around on lightning speed. One of these bars struck McNeill on the head killing him instantly. At the time of the accident the schooner was bound for Philadelphia, but before leaving Cuba the unfortunate mate was decedently buried by his sorrowing captain and crew. He was a son of Lauchlin McNeill, Vernon River, to whom, as well as his brothers and sisters, we offer our sincere sympathy. WINDOW BREAKING.—About half-past eleven o'clock on Saturday night some soundered smashed six of the large quarter-inch plate glass panes in the windows of Longworth & Co's Store on Water Street, and two smaller panes in the door. The glass was evidently broken with a heavy loaded cane. Mr. Longworth estimates his loss at \$150. He offers a reward of \$50 for the arrest and conviction of the guilty parties. A few nights previous several panes of glass were broken in the windows of the warehouse of Mr. Fenton T. Newbery. This business of window-breaking is becoming altogether too prevalent, and the police should make a determined effort to ferret out and punish the guilty parties. TEA AT MONTAGUE.—Please bear in mind that on the 27th of June next the Tea of the season will be held at Montague, in aid of the Methodist Church, which it is expected will then be well on towards completion. Notices of special attractions to the Tea will appear in the papers in due time. 1m-mch15

Mrs. T. Chas. Watson in New York.

Speaking of a lady favorably known in Charlottetown, the New York World says:—The success of Miss Clara Morris at the Fifth Avenue theatre, this week, repeats the best triumphs at the old Fifth Avenue when she first electrified New York. Mrs. Charles Watson, Miss Morris' leading support, is the wife of a former officer in the English army and now connected with the Canadian Civil Service. She had won much reputation in English social circles as an amateur actress before coming to America, and has already achieved an admirable place on the professional stage. She has been with Miss Morris now for two seasons, and her intelligent apprehension of her parts, her beauty, excellently trained voice and striking presence have secured for her the commendation of the press throughout the country, and a measure of popularity rarely attained in so short a time except by the most ardent and industrious of students.
