NEWS BY TELEGRAPH.

NEW YORK, Oct. 7.

Reports from New Orleans yesterday show a general increase of fever. Want and destitution prevail. Forty thousand additional rations are to be distributed by order of the Government. There have been 59 deaths and 182 new cases in the last 34 hours. The news from Memphis is more encouraging. The weather is cooler and deaths decreasing; only 23 occurred yesterday. The epidemic increases in Mississippi and an urgent call is made for nurses.

The Cheyenne Indians are being closely pursued through Northern Nebraska by several detachments of troops, and probably have been overtaken. It is reported that the savages at the Spotted Tail agency have left their reservation and are committing depredations in the surrounding country.

LONDON, Oct. 7.

A fresh element of uncertainty has been introduced into the Eastern question by the action of Italy in seeking for herself and other Mediterranean powers the right of participating in the administration of Egypt.

EDINBURGH, Oct. 7.

It is understood that Saturday's Cabinet Council generally approved the manner in which the *Scotman's* London correspondent telegraphs. (!)

CONSTANTINOPLE, Oct. 7.

The Council of State has drawn up regulations defining Ministerial responsibility for the future in Turkey.

The Russian Commissioner of Roumelia has made a statement that the Russian authorities will administer that Province in accordance with the San Stefano Treaty, and not the Treaty of Berlin.

BUCHAREST, Oct. 7.

At a secret sitting on Sunday the Chambers resolved to close the Session with a resolution declaring that Roumania submits to the collective will of the powers as manifested by the Treaty of Berlin.

LONDON, Oct. 6.

A special despatch from Bombay says troops have been ordered to advance from Dera Ghakham, thus threatening Afghanistan from a new point. It is reported that dissensions have broken out among great Afghan chiefs. The death of a powerful Southern chief is also reported. The Ameer has asked Tribal Councils for assistance. It is believed that tribes numbering 150,000 fighting men have assented: other tribes, numbering 53,000 warriors, remain neutral. The Ameer liberated from prison his son Yacob Khan, who, with the garrison of Peshawar, is marching against Ali Musjid. It is reported that the place is captured.

The Government will issue a proclamation announcing its intentions on Monday.

The "Standard," commenting on the Cabinet meeting of Saturday, says it seems likely the course will be adopted representing compromise between extreme counsels, and will consist of occupying and holding the mountain passes and possibly advancing to Candahar before Christmas, in order that the army may be in readiness for further operations, but with a hope that the Ameer may, in the meantime, be compelled to submit. The "Standard" urges that in that event England should not rest content with a mere apology, however abject, but should insist on a solid guarantee.

The "Standard's" Bombay despatch says it was intended to attack Ali Masjid on Monday. The Afghan army is proceeding to Koorul.

A despatch from Arjeeling says 200 men of each regiment at Peshawar, and horse artillery with forty pioneer batteries, have gone to Jamrood. It is reported that four Afghan regiments, with six guns, advanced to the mouth of the Khyber Pass. Many white and Sepoy regiments are hastening to the frontier. Commissariat arrangements cause grave complaints.

LONDON, Oct. 7.

The *Times*, summarizing its Indian advice, says it is not considered expedient to hazard an advance on Candahar at present, unless an opportunity for a *coup de main* offers, which is not improbable.

A despatch from Simla says the Ameer detained a native emissary from the Viceroy until the 28th of September to carry an answer to the Viceroy's letters.

A despatch from Simla says the British troops occupied Janrood and subsequently stormed the fortress of Ali Musjid in Khyber Pass. Several of the hill tribes joined the English.

It is reported that only two subordinate officials of the Russian Mission remain at Cabul.

It is believed that the Ameer will repudiate the acts of Commandant Ali Musjid, but his agreement to the British terms is improbable.

SIMLA, Oct. 7.

The Indian newspapers publish reports of the capture of Ali Musjid, but no official information.

BERLIN, Oct. 7.

A despatch to the *North German Gazette* from St. Petersburg says if the Ameer is beaten and his territory annexed, Russia will occupy Merv and Balkh, in Southern Turkestan, near Afghan border.

LONDON, Oct. 7.

The Viceroy of India is dealing with Afghanistan affairs, and it has been decided to leave the matter very much in the hands of the Indian Government.]

Good Society.

Many parents who have sons and daughters growing up are anxious for them to get into good society. This is an honorable anxiety, if it interprets good society after some lofty fashion. Parents, your daughter is in good society when she is with girls who are sweet, and pure, and true-hearted; who are not vain and frivolous; who think of something else besides dress, or flirting, or marriage; between whom and their parents there is confidence; who are useful as well as ornamental in the house; who cultivate their minds, and train their hands to skilful workmanship. If society of this sort is not to be had, then none at all is preferable to a worthless article. See to it that you impress this on your children, and above all, that you do not encourage them to think that good society is a matter of fine clothes, or wealth, or boasting to be somebody. As you value your child's soul, guard her against these miserable counterfeits; and impress upon her that intelligence, and simplicity, and modesty, and goodness, are the only legal coin. The same rule holds for boys as well as for girls. You would have these enter good society. Do not imagine that you have accomplished it when you have got them in with a set of boys whose parents are wealthier than you, who dress better than your boy can afford to, and who pride themselves on their social position. Good society for a boy is the society of boys who are honest and straightforward, who have no bad habits, who are earnest and ambitious. They are not in a hurry to be men. They are not ambitious for the company of shallow, heartless women, old enough to be their mothers, and are not envious of their friends who fancy there is something grand in dulling all the edge of their heart's hope upon such jaded favorites. There is nothing sadder than to see either young men or women priding themselves upon the society which they enjoy, when verily it is a Dead Sea apple that will choke them with its dust, when they need some generous juicy fruit to cool their lips and stay the hunger of their souls!

PLAYING UPON POPULAR CREDULITY.—A trial has just resulted at Riazan, Russia, in the condemnation of the accused persons to transportation into Siberia. A band of five—consisting of an old woman named Tehoubaref and her two daughters, a retired trumpeter named Vripaief, and a peasant named Anosof—conspired to play upon popular credulity. The three women took a house, in which they fitted up several rooms for prayer—covering the walls with holy images and other articles, which, as they asserted, had been brought from Jerusalem, Kieff, and various places of pilgrimage. The people who flocked to these rooms were only admitted on payment of a good round sum, and the three women earned a great reputation for piety by their devout exterior. They then took Vripaief and Anosof to lodge with them; and the former went about the country celebrating their praise, while Anosof pretended to be endowed with the gift of prophecy. Anosof played his part so well that his confederates were enabled to collect a large sum of money for building a convent and hospital—one of their first victims being a nun. Their police, at last attracted the attention of the police, and at the trial 80 witnesses proved the charges.

THE Constantinople correspondent of the *London Times* fears that when the Russians and the English have all withdrawn from the neighborhood of Constantinople the populace, which is now swollen by thousands of refugees and deserters, and harassed by want of means, the high price of bread, and the depreciation of paper currency, will be easily incited to outrage and to attempts at revolution.

In speaking of a biography, just published, of Earl Beaconsfield, *London Truth* has the audacity to say that the word is "embellished with an artistic portrait of a somewhat bibulous-looking personage, whose towering forehead is partially overshadowed by a curl like a door knocker."

INDIA.—The latest accounts from India are that the British are preparing to make war on the Ameer of Cabul without delay, and that they are concentrating troops so as to threaten several important positions at once.

Lord Dufferin's gift from the Ontario curriers, a massive kettle of native silver, bears the complimentary inscriptions, "Better Lord ye canna be," and "Will ye no come back again?"

M. Rena, a French physician, is convinced that yellow fever is the exclusive result of drinking water that has become corrupted. He considered boiled water the preventive and remedy.

The People Want Proof.

There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtues as BOSCHEE'S GERMAN SYRUP for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing everyone that use it. Three doses will relieve any case. Try it. Sold by all Druggists on the Western Continent.
