LOCAL AND OTHER MATTERS.

Significant.—The Governor General, Blake, Brown and Mackenzie, in England! Something must be up?

A Holiday.—Thursday next (Dominion Day) has been proclaimed a holiday by the Lieutenant Governor.

Supreme Court.—Hilary Term of the Supreme Court commences in Charlottetown on Tuesday next.

The Summerside Journal has been enlarged. Messrs. Graves & McMurty are enterprising. We trust they will be successful.

The Railway.—In the absence of Mr. McKechnie, (who will be away about three weeks,) Mr. Roper has charge of the Railway.

Odd Fellowship.—The election of officers of St. Lawrence Lodge, No 8, I. O. O. F., for the ensuing term will be held at the Lodge Room, Queen Street, on this (Monday) evening.

Sudden Death.—Mr. Bernard McConnell of Fort Augustus, fell dead near his father's door-step, on Tuesday last. Heart disease is supposed to be the cause. McCarvell leaves a wife and one child.

Odd Fellowship.—The Grand Lodges of the Maritime Provinces will meet in Charlottetown in August next. Two encampments of Odd Fellows will probably be in attendance.

Damage by Lightning.—The house of Mr. George Lawson, Upper Prince Street, was damaged by lightning during the storm of Friday evening last. Mrs. Lawson and the servant girl both, had a narrow escape.

Hotel Accommodation.—A company of gentlemen in this city have, we understand, purchased the residence and grounds of J. S. Carvell, Esq., for $16,000. They propose opening a first-class hotel as soon as possible.

The 'Church Chronicle.'—The 'Church Chronicle,' the organ of the Church Church of England people in this Province, which was some time ago amalgamated with the Toronto Church 'Herald' is to be republished in this city.—*Ex. Citizen.*

Acknowledgements.—The Rev. Mr. Fitz Gerald thankfully acknowledges the sum of $28 for the benefit of the poor, from the Masonic body. The Rev. D. FitzGerald desires to thank the members of St. Lawrence Lodge I. O. O. F., for their very handsomely framed illuminated Lord's prayer.

"The P. E. Island Ry. is a great success. The Receipts are said to average $800 per day, and the expenses to be only $400."

[The above which has been going the rounds of the papers is not official. Nor is it correct. The Railway is doing well—probably as well as any railway in the Dominion. But it is not clearing $400 per day.—Ed. Examiner.]

Nearly an Accident.—So far there has, very fortunately, been no accident upon our railway; but on Tuesday forenoon last, there was well nigh a serious one. Two trains running in opposite directions, approached to within a hundred and fifty feet of each other, a short distance west of Elliot's. A collision was only prevented by the self-possession and prompt activity of the engine drivers and brakesmen.

A Journalist in a New Sphere of Labor. Mr. D. Hickey, well known in New Brunswick and P. E. Island journalistic circles, was admitted last week as a probationer by a unanimous vote of the Methodist Conference, now in session in this city. His examination was reported as highly satisfactory, he having scored over 200 marks over and above all the other candidates in the various branches in which he was examined. Mr. Hickey made an average of 950 marks out of a possible 1000. Upon entering his new and useful field of labor he will convey with him the sympathies and good wishes of his old newspaper and other friends.—*Ex. Herald.*

Bad News from Manitoba.—Mr. Almon late of Halifax, writes at Dufferin, Manitoba, (May 31) to his father, Dr. Almon: "I am so disheartened about my crops that I can hardly write; those pests the grasshoppers are coming to life in thousands and eating everything before them. I have 90 acres of wheat sown, besides small seeds and potatoes, my wheat was looking so lovely a few days ago, the weather has been so favorable, such nice showers of rain, followed by hot sun, but those pests are eating it up and literally leaving nothing but bare ground. I suppose I must have some twenty acres utterly destroyed by this time. If it were possible that these pests could leave soon there might be hopes of the grain growing again, but these are young grasshoppers only about an eighth of an inch long, and as far as I can see, it is impossible for them to leave until they get their wings which will not take place for, at least, four weeks. The worst of it is they are all over the Province and greater portion of Minnesota. Unless Providence interferes, I am afraid there is every prospect of a famine next winter.

MASONIC.

A Grand Lodge of Free and Accepted Masons has been formed in this Province. The officers were elected on Wednesday, as follows:—

Hon. John Yeo, V. W. G. M.; Thos. R. McLean, R. W. D. G. M.; J. Caulfield, R. W. Sr. G. W.; John A. Matthewson, R. W. Jr. G. W.; Chaplains:—Revs. J. H. Reid, D. D. Currie, S. W. Johnson, N. McKay.—McLean,—Cameron; J. D. Mason, V. W. G. T.; B. W. Higgs, V. W. G. S.; G. A. Aitken, W. S. G. D.; D. Montgomery, W. Jr. G. D.; A. N. Large, W. G. D. of C.; W. R. Ellis, W. Asst. G. D. of C.; R. Munro, G. S. B.; A. W. Smythe, W. G. O.; B. D. Howatt, W. G. P.; W. D. Stewart, and H. A. Ramsay, W. G. S.; Thomas Sheldow, W. G. T.

On Wednesday evening, Grand Master Ellis of New Brunswick, accompanied by Past Grand Master Clinch, by Grand Secretary Bunting, a number of Knight Templars and other Masons, and by the band of the 62nd Battalion Volunteer Militia, arrived by rail and marched to the Rankin House. On Thursday morning the officers of the Grand Lodge were formally installed by Past Grand Master Ellis, assisted by Past Grand Master Clinch; and in the afternoon the subordinate Lodges of the Island, the Royal Arch Chaplain the Knight Templars, the Grand Lodge of the Island, and several Grand Masters present, formed in procession, headed by Galbraith's Band, and marched to St. Paul's Church where divine service was held and an appropriate sermon preached by the Rev. Archdeacon Read. After service the procession reformed and marched through the principal streets of the city, the bands, alternately, playing appropriate airs. The procession presented a fine appearance,—the Knight Templars of St. John, being specially noticable. In the evening there was a dinner at Market Hall. Loyal and Fraternal toasts were drank, and, loyal and fraternal Speeches were made. Mr. Kennedy's speech was, we understand very creditable to him. Grand Master Ellis, and those who accompanied him from St. John, returned on Friday.

LOCAL AND OTHER MATTERS.

Personal.—Mr. Blake will go to England in July.

Marine Examination.—At an examination by the Marine Board, in Halifax, last week, Archibald S. Campbell, of Summerside, passed as mate.

Newly Married.—Among the passengers who crossed the Bay of Funday to St. John on Thursday were nine newly married couples.—*Ex. Chronicle.*

Rhubarb.—There was last week on exhibition at the store of W. R. Watson, Esq., six stalks of rhubarb, grown in Mr. Ridgeways garden, which weighed five and a half pounds. The quality was very superior—fully equal to that of any imported.

In Earnest.—E. D. Jewett, Esq., fully determined that his creditors shall not have it to say that he witheld from them a dollar that they would be entitled to command, will this morning arrange to occupy the small cottage, near his splendid mansion, which until a day or two ago was occupied by his gardner.—*St. John News.*

Collision.—On Friday morning, during a heavy fog, the steamer *St. Lawrence* was run into by a schooner, off Cape George. The steamer was a good deal damaged, but not seriously. She repaired in Charlottetown and left for Summerside this morning. The damage to the schooner we have not learned.

Presentation.—Yesterday, after Evensong, Hon. F. Brecken, Messrs. Carvell, R. B. Peake and W. C. DesBrisay, on behalf of the congregation of St. Peter's Church, presented the Rev. M. Ellis, assistant Priest, with a purse containing $200, towards defraying the expenses of a holiday trip to the Upper Provinces.

Personal.—Hon. L. C. Owen leaves the Island to visit England to-day. We wish him a pleasant voyage and a safe return. Professor Anderson of Prince of Wales College, also leaves the Island for England, to-day. He well deserves his holiday. We trust he may enjoy his trip, and return refreshed and invigorated.—Revds. Mr. Ellis and Mr. Ross, Georgetown, left to attend the Synod at Halifax, this morning.

The New Ferry Boat will commence running on Thursday next. The fares for foot passengers will be: adults 3 cents, children 2 cts.; tickets good for a month, for adults, $1.25, children 60 cents. Forty tickets may be obtained at the office for $1.00. The new boat will make half hour trips daily, from 6 and to 8 p. m. Mr. Henry Mutch has been appointed her captain.

Dull Times in Montreal.—A Montreal despatch reports that "The Canadian Rubber Campany, employing 400 females and 200 males, will run half time after to-day, owing to the dullness or trade. Adams' tobacco factory has not been in operation since the end of March, and there is no immediate prospect of its resuming work. The Grand Trunk Car Construction shops are closed, and will continue so until the 15th of July, throwing several hundred men out."

Getting Ready for the Grave.—A notice in the *Christian Visitor* announces that Mr. Wm. Flynn died at Digdequash, N.B., 12th inst., aged 68 years. About twenty minutes before his death he quietly got up from his bed, unlocked his trunk, took out his gravecloths, which he always had in readiness for a number of years, then washed and dressed himself for burial. When the last enemy approached to close a long career of intense suffering, he exclaimed in ecstacies of delight, "Welcome death, have long waited for thee!"

Disastrous Fire.—On Friday, the 18th inst., a fire broke out in the premises of Mr. John Stewart, Buckley Point Road. During the forenoon Mr. Stewart was engaged in drying a grist of grain. At noon he left his kiln for dinner, and as is customary left the fire still burning. Shortly after some of the family noticed fire and smoke issuing from the side of the kiln. Every possible effort was make to stay the flames but the fire had already made such progress as to defy opposition. At the time there was a stiff breeze, and everything being very dry, the flames soon spread to the mill, which, together with the kiln was consumed in an incredibly short space of time. In the mill there was a large quantity of grain, the most of which belonged to Mr. Stewart. Fortunately the wind, at the time, was not blowing towards the house or all Mr. Stewart's buildings would have been destroyed. The wind, however, carried great brands of fire to the neighbouring farms and great efforts had to be used to save fences from being entirely consumed. Mr. Stewart had been confined to a bed of sickness during the whole winter, and his loss must be severely felt by him. Mr. Stewart is esteemed by all who know him as an honest, industrious man and deserves the sympathy of the whole community. Estimated loss, about $1600.—*Com. to Patriot.*

A New Churn—the Invention of Thomas Heustis, Esq., Summerside.—This is a common large churn, holding fully a bushel. On the lid is a pedestal, about twelve inches high; on which is a transverse about two feet long, (having a handle on each end) which in churning, acts as a double lever, one for each hand. On the transverse or double lever are two common dashers, and the practitioner, by pressing down first one hand, then the other, the butter is made in "double quick time," and with great ease. The gathering of the butter is done by removing one of the dashers, which is easily accomplished. Sold at the very low figure of $3. It gives ample satisfaction to purchasers.

MEMORANDA.

By Cable to Messrs. Peake Bros. & Co., S. S. *Prince Edward* sailed from Liverpool for Charlottetown on the 26th inst.

Brigt. *Elaine* arrived at Queenstown on the 22nd inst.,—22 days passage.

Brigt. *Alroy*, arrived at Queenstown on the 23rd inst.—17 days passage.

Brig *Isabella Hayden* arrived at Queenstown on the 25th inst., making the run from Charlottetown to Queenstown in 14 days, beating all the extreme clipper ships this spring.

By cable to the owners of ship *James Duncan*, arrived at Liverpool on the 20th inst. This ship passed through the strait of Canso on the afternoon of Sunday the 6th, and has thus made, as usual, a remarkably quick run.

The Collector of Customs at Bayfield, N. S., has written to the Collector at Charlottetown that a large boat, from 10 to 13 tons, was picked up between Souris and Cape George about the 10th of June. The boat was taken into Bayfield on the 13th inst. She was full of water; mainmast broken at the deck; foremast cut away about four feet up; no papers found; no name; and nothing on board but a pair of pants, two shirts, ham, etc. The ballast had shifted to one side. Mr. Randall thinks she probably belonged to P. E. Island.

PASSENGERS.

WESLEYAN CONFERENCE.

The Wesleyan Conference of New Brunswick and Prince Edward Island met at St. John, N. B., on the 23d inst. The attendance was good. Between seventy and eighty clergymen were present. Rev. D. D. Currie, of this city, was elected President for the ensuing year. Rev. R. Duncan, Secretary, and Rev. H. Sprague, Journal Secretary. The following report was presented and read:—

REPORT.

This being the first anniversary of the Auxiliary Missionary Society of the New Brunswick and P. E. Island Conference in connection with the Methodist Church of Canada, the material at the command of the committee for the preparation of a report of the work of the Society is not so abundant as it may be expected hereafter to be.

But a congregation which has had the opportunity during the past year of listening to addresses from a general Secretary of the Society, from the general President, and the veteran missionary of the North-West, the Rev. George Macdougall, cannot need any detailed account of the work to kindle its enthusiasm or evoke its liberality.

Missionary work has been carried on by different branches of the Methodist Church in what is now the Dominion of Canada, for a period of fifty years. The Missionary society of the Methodist Church in Canada, whose missionary operations now constitute by far the larger part of the united Church, celebrated its jubilee last year.

The mission field of the Methodist Church of Canada embraces the Dominion, the Island of Newfoundland, St. Pierre, the Bermuda, the coast of Labrador and the Empire of Japan.

The work prosecuted throughout this extended field, may be classed under the following heads:—

1. Domestic Missions connected with the several Conferences in Ontario, Quebec, and the Maritime Provinces, with missions of a very similar character to the settlers of British Columbia or Manitoba.

2. Missions to the Indian tribes of the Saskatchewan, Hudson's Bay Territory, British Columbia and the Provinces of Ontario and Quebec. Those missions number 40, and employ 29 missionaries, 12 local assistant missionaries, 17 interpreters and 19 teachers.

3. Missions to the French and German populations of Ontario and Quebec. Of these eight are amongst the French, employing six missionaries among the Germans. In this latter department of our work, a paper is published in the German language and has a large circulation through the mission.

4. Foreign missions, the field being Japan. Two of the best men that the Canada Conference could select for this work, have been for about two years laboring in that interesting empire, and have laid the foundation of what promises to be a successful and growing mission. Already, a considerable number of Japanese have embraced the Christian religion, and united themselves with our Church. They find that the peculiar institution of Methodism has played an important part in the history of our church; the class meeting is also a very precious means of grace in the Empire of Japan. Several of these converted Japanese are men of culture and position and promise to be, in due time, of great help to the work of the Mission.

On the Missions, there are 31 day schools and 31 teachers, 25 interpreters, 5 ministers on circuits, supplying small bands of Indians, making a paid agencey in this department of the work, exclusive of the Maritime Provinces, amounting to 320, sowing the seed of life from Metis and Gaspe to the borders of Alaska, and in the densely populated Islands of Japan.

The Income of this Auxiliary for the year just closed is as follows:—

St. John District,	$3,713.05
Fredericton "	1,134.40
Sackville "	893.00
St. Stephen "	259.68
P. E. Island	3,296.21
Total	$8,296.34

Being an increase on the amount raised last year for Home Foreign Missions by the circuits now constituting the conference, of $718.74.

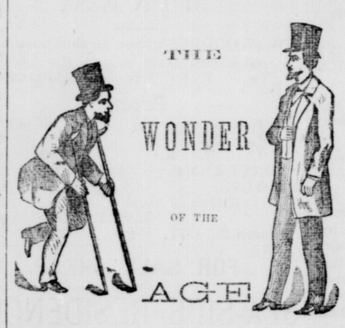
The total income of the society this year will approximate the sum of $200,000.

In reviewing the work of the year and the efforts made by our congregation to sustain this great and growing enterprise of the church, your committee feel that there exists cause of hearty gratitude to God, and of confidence and hope. They commend this great work anew to the sympathy, the prayers and the liberality of our people, and pray that upon all our wide field of improving labor, the gracious and reviving influence of the spirit may come down, making the wilderness and the solitary places glad, and the desert to rejoice and blossom as the rose.

The stations in the Prince Edward Island District will this year be filled as follows:—

Charlottetown—D. D. Currie, R. S. Crisp, F. Smallwood, J. V. Jost.
Cornwall—George O. Huestis.
Pownal—John S. Allan.
Bedeque—James Allen.
Tryon—H. P. Coperthwaite.
Margate—A. Lucas,
Summerside—C. W. Hamilton.
Egmont—
Murray Harbor—A. E. LePage.
Georgetown—Wm. Penna.
Souris—
Alberton—Henry J. Clarke.

NO FAILURE!



Physicians Cornered.

PROBABLY there are few circumstances under which a physician labors with more real sympathy for his patient than when called upon to administer relief to an acute sufferer with Chronic Rheumatism.

Rheumatism is a disease of the blood, and no substantial relief can be obtained without cleaning the blood from the fibrim substances which obstruct the circulation, causing inflammation and pain.

The greatest success of the DIAMOND RHEUMATIC CURE in curing this disease is owing to its power of converting the blood from its diseased condition to a healthy circulation. It also regulates the bowels, which is very essential in this complaint, and no one will read the following statement, from a well-known Dartmouth gentleman, with more interest and pleasure than those physicians who have a real desire to benefit their suffering patients:

Dartmouth, Sept. 14, 1874.

Forsyth & Co.,

Gentlemen:—For the two past years I have been severely troubled with Rheumatism. I have suffered the most acute pain, and at times I have been rendered perfectly helpless—being unable to walk, sleep or even sit up. I have tried many physicians and used numerous patent medicines, but I still continued to grow worse. It is now about four days since I commenced taking the DIAMOND RHEUMATIC CURE, and the pain has all left me, and the use of my limbs is rapidly returning. I bless the day that the Diamond Rheumatic Cure was called to my attention.

Gratefully yours,
Wm. BRODIE

FURTHER PROOF.

Halifax, Sept, 19, 1874.

Forsyth & Co.,

Gentlemen:—I wish to make known to all sufferers from Rheumatism in Halifax, that I, the undersigned, suffered the most terrible pains possible to imagine, for two years past. I have tried several physicians in this city, and paid them most of my means for prescriptions, but all of no avail. I have now taken the DIAMOND RHEUMATIC CURE for a week past, and I can truthfully say that it has done me more good than anything I have ever taken. I cordially recommend it to all afflicted humanity.

Truly yours,
ALAM HANNIGAN,
Lower Water Street.

NOW OPEN
"International Hotel,"
Central Street,
Summerside, P. E. Island.

I wish to inform the public that I have now opened one of the best as well as one of the most commodious Hotels on this Island. I am prepared to accommodate the travelling public with a first-class table, sleeping apartments, and good stabling, sheds, &c., where their horses will be thoroughly attended to.
Also, in connection with the House, are Liquors of the very best quality,—all at moderate prices to suit the times.
A call from the public will be thankfully received.

W. J. S. GLOVER,
Proprietor.
