A smart Boy wanted to learn the business.

JOHN NEWSON.

December 24, 1866.

THE MOST RELIABLE FRIEND!

Holloway's Ointment.

Its Searching & Healing Properties are known and recognized throughout the World.

The number of years this invaluable Ointment has stood the test of public opinion, (and the longer known the better appreciated) is a testimony of itself more convincing than anything that could be written in praise of its truly wonderful healing properties. In the cure of bad legs, bad breasts, sores, wounds, and ulcers, its effect is marvellous. For ring-worm, scald head, scrofula, and diseases of the skin generally, there is no remedy to be compared to it. When assiduously rubbed upon the skin (previously well bathed in warm water) this Ointment is quickly absorbed into the system, and cleanses, in its passage, every part to which it is applied.

Glandular Swellings, Mumps, Bronchitis, Quinsey, Sore Throats and Diptheria.

In any of the above diseases, immediate and permanent relief is obtained by effectually rubbing this detergent Ointment, twice a day, upon the neck, chest and back. Its acts upon the very mainsprings of life; for through the glands pass all new matter required for the body's reparation and all old particles detrimental to its preservation. The Ointment, used conjointly with Holloway's Pills, will act so searchingly and certainly as to effect cures in the most hopeless cases.

Rheumatism, Lumbago, Contracted and Stiff Joints.

Many thousands of martyrs from the above complaints have found life almost unsupportable; yet, if Holloway's Ointment be briskly and perseveringly rubbed upon the parts affected, ease may be safely guaranteed, especially if the pores of the skin be previously opened by fomentations with warm water. The gross humors require expulsion from the system; it is therefore necessary to have recourse to Holloway's admirable Pills, which, by purifying and strengthening the system, greatly assist the operation of the Ointment and facilitate and confirm the cure.

Bad Legs, Bad Breasts, and Ulcerations of all kinds.

There is no medicinal preparation in the world which may be so thoroughly relied upon, in the treatment of the above ailments, as Holloway's Ointment. Nothing can be so simple or safe as the manner in which it is applied, or its action on the body, both locally and constitutionally. The Ointment, rubbed around the part affected, enters the pores just as salt enters meat. It quickly penetrates to the source of the evil and drives it from the system.

Erysipelas and Scrofulous Sores.

In all irritations of the skin, sores, ulcers, burns or scrofulous enlargements of any kind, Holloway's Ointment presents a ready and easy means of cure. It manifests a peculiar power in restraining inflammation, removing stagnation, cooling the heated blood, and checking all acrimonious and unhealthy discharge.

Diseases attendant on Childhood.

Diseases incident to early life fall more under the management of the mother than the medical man. Holloway's Ointment should therefore be regarded by her as a "Household Treasure," as it never fails in bringing out the rash in measles and scarlatina; and for the removal of all skin diseases its effect is miraculous. In cases of whooping cough and croup, this invaluable Ointment should be rubbed twice a day upon the throat and chest, and the youngest invalid will derive therefrom the most soothing relief. Two or three of Holloway's famous Pills, reduced to a powder, will augment the curative powers of the Unguent.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Corns (soft)	Rheumatism
Bad Breasts	Cancers	Scald Heads
Burns	Contracted and	Sore Nipples
Bunions	Stiff Joints	Sore Throats
Bite of Mosche-	Elephantiasis	Skin Diseases
toes and Sand	Fistulas	Scurvy
Flies	Gout	Sore Heads
Coco bay	Glandular Swel-	Tumours
Chigo-foot	lings	Ulcers
Chilblains	Lumbago	Wounds
Chapped Hands	Piles	Yaws

Sold at the Establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s 1½d, 2s 9d, 4s 6d, 11s, 22s, and 33s each Pot.

*** There is a considerable saving by taking the larger size.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

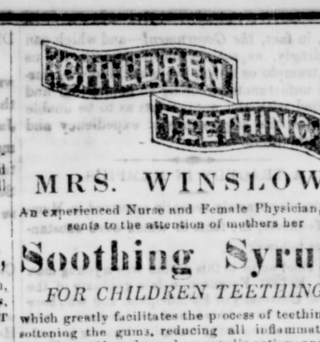
Charlottetown, Oct. 31, 1864.



MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers her

Soothing Syrup,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over thirty years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it; on the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after thirty years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most **experienced** and **skilful nurses** in New England, and has been used with **never-failing success** in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcomes convulsions, which, if not speedily remedied, end in death. We believe it the **best and surest remedy in the world,** in all cases of **Dysentery and Diarrhœa in Children,** whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints **—do not let your prejudices, nor the prejudices of others,** stand between your suffering child and the relief that will be sure—yes, **absolutely sure**—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

☞ Sold by Druggists throughout the world.

Principal Office, No. 48, Dey Street, N. Y.

Price only 35 Cents per Bottle.

October 15, 1866.

DR. LA'MERT
ON
SELF-PRESERVATION.

PRICE WITH ENGRAVINGS AND CASES, 1s. 6d, BY POST, 3s. CURRENCY.

SELF-PRESERVATION: A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence, by DR. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secrecy and safety to any address.

"SELF-PRESERVATION" may be had of the undermentioned Agents, price 1s 6d; free by post, 3s currency:—Halifax, N. S, Mr. Johnson, Chemist Yarmouth, N. S., Messrs Young & Baker, Booksellers. Sydney, C. B, Mr. J. P. Ward, *News* Office. St John, N. B., Messrs H. Chubb & Co., *Courier* Office. Charlottetown, P. E. I, Mr. John Ings, *Islander* Office.

Charlottetown, Nov. 9, 1863. 1y

Harte's Saponifier,
OR
CONCENTRATED LYE,
Warranted to make Soap without Lime and with little or no trouble.

A large supply of the above valuable article has been just received from the Manufacturer's, at Montreal, and is now on Sale at the Drug and Dispensary Store of Dr. G. W. SUTHERLAND, Corner of Kent and Great George Street. Housekeepers will find it a most valuable requisite.

Charlottetown, Oct. 1, 1866. tf.

Judson's Pills.

HORSES.
CARLTON'S CONDITION POWDERS FOR HORSES, COWS, SHEEP, & ALL STOCK.

FATTENING STOCK.

FARMERS will find it a saving to them of many dollars by using these Powders. When fattening stock, by mixing a little of these Powders with the food, you will find that they will fatten quicker, and the flesh will be firmer and better in every respect.

The many

DISEASES OF HORSES

can almost all be PREVENTED or CURED by these Powders.

ONE POWDER drives out Worms.
ONE POWDER cures Bots.
ONE POWDER puts a Horse in condition.
ONE POWDER makes a Horse shed his coat.
ONE POWDER gives a soft and glossy appearance to the hair.
ONE POWDER cures the Horn Distemper in Cattle.

CARLEON'S CONDITION POWDERS,

given according to directions, are the best thing in the world to strengthen a horse and to restore him to health and vigor after severe exposure or hard driving.

The Powders cause a healthy action of the digestive organs, and purify the blood of animals, thereby equalizing the circulation of the blood and imparting vigor to the whole frame. This soon demonstrates itself by an improvement in the appearance in the coat, for it is a certain fact that no animal can be in perfect health if the coat be rough and unthrifty.

CARLTON'S CONDITION POWDERS

will be found a perfect TONIC and RESTORER after attacks of any acute diseases such as Influenza, Strangles, Inflammation of the Lungs, Nasal Gleet, etc.

Every one who owns Stock

of any kind should use this medicine. It is always beneficial and is so harmless that it can always be given without fear.

Farmers who are fattening their stock should use these CONDITION POWDERS. They will keep all kinds of stock healthy and in good heart, and make them fatten much easier and quicker than they otherwise would. Find the signature of *J. Carlton Comstock,*

in full on the wrapper of each package. This is the only test of the

True Carlton's Condition Powders.

Take no Counterfeits got up on the reputation of these Powders. Sold by all dealers.

Get "B. L. Judson & Co's Almanac."

Carlton's
Condition Powders!

A COMMON SENSE VIEW
OF THE
Mode in which
HOSTETTER'S
STOMACH BITTERS
ACT UPON THE
HUMAN SYSTEM.

This is an age of inquiry. People want to know the why and wherefore of all statements submitted to them as facts, and as far as this

GREAT PROTECTIVE AND INVIGORANT

is concerned, it is proposed to gratify them.

All the physicians admit that the greatest difficulty they encounter in their practice is in conveying to the seat of a disease the medicament that will counteract and neutralize it. Electricity has been tried for this purpose, but it is now generally admitted that the electric fluid is too subtle an agent to be made the vehicle of medication. It shocks the nerves, but cannot distribute through the system anything except itself. Medicated electricity is, in short, an exploded humbug. But a liquid stimulant, as everybody knows, can be charged with the essential properties of any and every substance in the *Materia Medica*, and there is no herbal extract which it will not hold in solution with all its preventive and curative virtues unimpaired.

Now, the pure liquid stimulant of which

HOSTETTER'S BITTERS.

are in part composed, is charged with invaluable vegetable remedies, and these, by reason of its powerful diffusive principle, it conveys to every organ and introduces into the circulation. To use a common expression, it goes to the spot, taking with it just what is wanted there. The *essence of ivy* would undoubtedly diffuse itself through the organization as swiftly, if administered pure and simple, as if mixed with the juices of tonic and alterative roots, barks and herbs. But of what use would it be without their healing strengthening, life-sustaining balm? It would merely excite. It could neither *protect* nor *cure*. And herein lies the essential difference between the effect of the purest stimulant, when given *alone*, and the same stimulant, when administered in the medicinal form of

HOSTETTER'S STOMACH BITTERS.

Good Monongahela spirit is doubtless the mildest and most innocuous of all the varieties of liquor, but it only becomes a *healthful medicine* when impregnated with the vegetable elements employed in the preparation of the Bitters.

TO DYSPEPTIC SUFFERERS.

Under the general head of Dyspepsia may be classed all the varieties of indigestion. Its symptoms are so various, and differ so much in different individuals, that it is almost impossible to classify them. In fact, some of them are utterly indescribable. It may be safely asserted, however, that half of the diseases of mankind spring from a disordered state of the stomach; and that the other half, whatever their origin, react upon that sensitive and important organ. Among the ordinary indications of Dyspepsia or flatulence, a bloated and full feeling about the stomach and abdomen immediately after eating, a gnawing sensation, or a sense of hollowness at the pit of the stomach, between meals, a heavy dull feeling in the head, feeble or unsteady appetite, occasional nausea, a restless dull feeling during the night, and a weary, unrefreshed feeling on rising in the morning, palpitation of the heart, depression of mind, sometimes amounting to monomania, loss of memory, confusion of thought, sour stomach, with rising of food, and a choking sensation in the throat, dimness of the eye, pain in the diaphragm, feebleness and disinclination for exertion, and sometimes enunciation and a corpse-like palor. These are a few of the *direct* signs of Dyspepsia, but it is generally complicated with specific affections of the bowels, the liver, and the nerves; its victims have many additional torments which are technically attributed to other causes.

The best advice that can be given to any one who has the slightest predisposition to Dyspepsia, is to fortify his or her digestive organs by the daily use of

HOSTETTER'S BITTERS.

The disease proceeds from a lack of vigor in the stomach, and this vitalizing preparation will tone and renovate that organ. If the gastric apparatus is in good working order, and can perfectly dissolve and thoroughly assimilate the food submitted to its operation, there will be no dyspepsia. If it cannot do this, it *requires reinforcement*, and the best of all reinforcing agents should be forthwith resorted to. The stomach is the commissary of the system. It supplies the elements of life to the whole body. In it is prepared the material of blood, muscle, bone and fibre, and if it fails to purvey that material in sufficient quantity, and of a proper kind, the whole body suffers, and with it the mental faculties. Therefore protect the "Commissary Department." Don't let the enemy obtain possession of it. It is easier to prevent disease from getting into an organ than to expel it
