and PRINCE COUNTY CHRONICLE

## Western Locals

**—This column is reserved for news of local interest but advertising of a new type may be inserted at a special rate strictly payable in advance.**

**—HEAVY DUTY** auto storage batteries 11, 15, 17 and 19 plate, fresh stock, at Brace's. L-3461-4-13-21.

**—BUTLER'S** Leemings Essence for lameness in horses. Taylor Drug Co., Kensington. L-3465-4-13-21.

**—COLLARS,** pads, reins and traces in stock at Brace's. L-3465-4-13-21.

**—CEMENT,** lime, plaster, brick, corned beef, nails and all building supplies in stock at Brace's. L-3465-4-13-21.

**—SUNGLO VIXEN & PUPPY** Starter for Vixens after pups are 10 days old and until pups are weaned. This Ration is a Special Feed for starting those pups on. Buy from your nearest Sunglo Dealer. L-3580-3-28-Stff.

**—WHY FEED** imported Fox Feeds when as good and better are manufactured. In the Maritime Provinces, Sunglo is one of them at Summerside, P. E. I. L-3580-3-28-Stff.

**—TIGNISH RESIDENT DIES**—Sylvan R. Gallant of Tignish died here Sunday night in Prince County Hospital. He was 50 years old. He had been brought to hospital in critical condition during the weekend. He had been ill several weeks.

**—STRUCK BY CAR**—A fractured arm and bruises about the head were suffered by three-year-old Mary Huestis, daughter of R. Huestis, when she was struck by an automobile here. The child was taken to hospital for medical attention.

**—ESCAPES IN JURY**—Elmer Sharbell of Portage escaped uninjured when his automobile turned turtle after striking a snowdrift near Kensington. The car was badly damaged but the driver climbed out without a scratch after the accident.

**—BASEBALL MEETING THURSDAY**—The annual meeting of Summerside Baseball Association is to be held in town hall next Thursday. Plans for the coming season will be discussed and a new slate of officers will be placed at the head of the organization.

**—YOU CAN FEED** your adult foxes from Spring until November 1st, 40¢ cheaper by feeding Sunglo Fox Ration No. 2, soaked in skin or butter milk. No other ingredients, or meats necessary. Buy at your Sunglo Dealer. Tested by hundreds of ranchers, and proven infallible. L-3580-3-28-Stff.

**—SPECIAL EASTER MEETING**—A special Easter meeting of the Presbyterian Women's Missionary Society of Kensington was held in the church Sunday afternoon. The president, Mrs. W. O. Rhoad, led the meeting and after devotional exercises the following program was given: Reading, "Christ Arise," by Mrs. James Jardine; reading, "Faith, Hope and Fantasy," by Mrs. MacLean; solo, "Alone," by Miss Marjorie Kennedy; hymn, "In the Cross of Christ I Glory." A letter from Miss Fraser, Japan, was read by Mrs. Earl Kennedy. The hymn, "Jesus Keep Me Near the Cross," and the Lord's Prayer repeated in unison brought the meeting to a close. A very satisfactory offering was taken. B.

**VICAR DEFIES BISHOP**  
LEICESTER, England.—Rev. Dr. Samuel Shannon, recently released from imprisonment for contempt of court, returned to his church, interrupted a service being held by another clergyman appointed by the Bishop, and started one of his own. Authorities are considering further action.

## Kensington And Vicinity

Owing to the recent storm the main highway between Kensington and Summerside is still blocked for cars.

Miss Olive Thompson, teacher in Kensington High School was in Charlottetown attending the Annual Teacher's Federation.

Miss Lillian Pidgeon, R.N., Kensington, is visiting in Victoria the guest of her brother, Mr. Frank Pidgeon, Manager of the Bank of Nova Scotia.

Asst. Provincial Commissioner E. J. Hollett attended a meeting of the Boy Scout troop at Kensington, Friday evening, April 3rd and gave an interesting talk, advocating the soft ball league which is being formed in Prince County.

At a meeting of the Ladies' Aid of the Presbyterian Church held at the home of Mrs. James Bernard, Kensington, on Tuesday evening, a presentation of a nice shopping bag was made to Mrs. Cramp, who had been an attendant at the Aid meetings during the past few months. Mrs. Cramp has been visiting her daughter, Mrs. Coghill, of Kensington, during the winter, left on Friday morning for her home in Toronto, Ontario.

The death occurred recently in the Prince County Hospital, Summerside of Asa Williams, at the age of 65 years. Formerly a resident of Kensington, he moved to Harmony some years ago where he has since resided. About three weeks ago he was brought to the Prince County Hospital for treatment. He leaves to mourn a sorrowing widow, one daughter, Jennie, and two sons, Russel and Arthur, all at home. The funeral was held in Kensington on Monday afternoon, April 6th, from the home of Strling Hunter, to the Presbyterian Church, and was largely attended. The service was conducted by the Pastor of the Church, Rev. William O. Rhoad, assisted by Rev. B. Chalmers Sailer of the United Church. The pall-bearers were: Messrs. E. P. Yes, James Jardine, Strling Hunter, Heath Casely, Ernest Mountain and John Collicott. Interment was in the People's Cemetery, Kensington.—B.

- Grade I-B—1. Marjorie Mann, 2. Jimmie MacNeill, 3. Betty Pendleton.—B.

## GIRL COP SMILES ON CAR SPOONERS

(By The Canadian Press)  
CHARDON, O., April 13—Ohio's only woman constable has little use for her "old maid" fellow officers who prey on young couples taking advantage of secluded roads on moonlight nights.

"Most constables forget the mystic influence of the moon and hazy evenings," says Miss Pauline Hunt, aged 24.

They seek to force their officiousness on couples who are often wont to park, wrapped in the spell of love, on the secluded highways. But not me. Of course, if I thought their car was endangering traffic, I might pleasantly tell them to move the car to a less-dangerous spot, give them a smile and then depart," she said. "Some of these old constables forget they were ever young."

Miss Hunt won her badge without campaigning. Her name was mentioned at a township caucus, she consented to act, and that was that.

## Dead Revived After Heart Stops

(A. P. By Guardian's Special Wire)  
LONDON, April 13.—Another case of a patient who "died" on the operating table, only to be brought back to life again by heart massage and injections of adrenalin, is described in the current issue of the British Medical Journal.

The patient, Ernest Hinsley, about 45, of Waterloo, Ashton, is now normal again, but has no memory of having been in the operating theatre.

His heart, said Dr. J. V. Fiddian, stopped without warning and Hinsley ceased to breathe.

After two or three minutes Dr. Fiddian resorted to cardiac massage, and continued this for two minutes without feeling any spontaneous movement of the heart. He then injected intracardiac adrenalin into the ventricle.

"The effect," he writes, "was immediate and almost magical. With each squeeze that followed the heart was felt to be enlarging and suddenly it began to beat wildly."

In the evening the great hope of

## Easter Services At Kensington

The Easter services in the Presbyterian Church at Kensington on Sunday were well attended, considering the inclemency of the weather and road conditions. The impressive sermons by the Pastor, Rev. William O. Rhoad, the special music by the choir and the hymns sung were all in keeping with the sacred season of Easter, the commemoration of our Lord's triumph over death and the tomb. The Anthems sung by the choir were "Seeking Jesus," "Easter Bells," and "Proclaim His Triumph." It is very likely that, when Christ died on the cross, all his followers believed in the survival of his spirit. The great problem for the followers of Jesus was not the immortality of the soul, but rather the problem of why Christ suffered physical death. In spite of the fact that Christ had taught them of his death and resurrection, they were not believers in the resurrection.

John first tells us how Mary Magdalene came to the tomb very early when it was yet dark. She came in sorrow. She came to weep by the tomb of her Lord whose dead body she confidently believed was still in the tomb. To her great amazement she sees that the stone is rolled away from the tomb. To her that means but one thing. It means that some one has carried away the dead body of Jesus and has placed it in some other tomb. Her sorrow is increased. She does not even know the grave in which the body of her Lord lies. She runs to find some one to whom she can make known this startling news. She meets Peter and John and tells them, "They have taken away the Lord out of the sepulchre, and we know not where they have laid him."

Peter and John run to the tomb. Possibly John was younger than Peter for he outran Peter and came first to the tomb. John stooped and looked into the tomb and Peter came in behind him. Peter saw the linen cloths lying. John saw the towel which had been used to wipe the feet of Jesus. John did not believe. Only that the tomb was empty. They thought that Jesus was lying in some other grave. The story of Mary Magdalene was correct but their sorrow had not abated.

Mary Magdalene however remained by the tomb. She could not tear herself away from that place where her Lord had lain. Possibly she was hoping against hope that she might find some clue as to the present whereabouts of her Lord's body. She looks again into the tomb. She sees there two angels. They ask her, "Woman why weepest thou?" She replies, "Because they have taken away my Lord, and I know not where they have laid him." She turns around and through her tears she sees a man standing in back of her. She does not recognize the man but supposes that this man is the gardener. Possibly he is the one who removed the body of Jesus. At least he knows where the body of Jesus is. The man says, "Woman why weepest thou?" She says, "Sir, if thou hast borne him hence, tell me where thou hast laid him and I will take him away." He replies but one word, "Mary." She recognizes him and calls him "Rabboni." He commands her to tell to his brethren. And she tells the disciples that she has seen the Lord.

Mary Magdalene is convinced that Jesus has arisen. The disciples are convinced that the tomb is empty but they do not believe that he has arisen. On the evening of that Easter Day, they were gathered together in sorrow and fear that the enemies of Jesus would come upon them next. Jesus stands in the midst. He says, "Peace be unto you." He shows them His hands and His side. The disciples' sorrow was turned to joy. They were convinced that it was Jesus and that he had arisen from the grave.

"There was one apostle who was not present. He was Thomas. When he was told by the other apostles that he had seen the Lord, he was still skeptical. He would not believe until he not only saw but could also place his finger in the nail prints and his hand in the side. One week after the first appearance of Jesus to his disciples, he appears to them again. Thomas is present. He asks Thomas to put his finger in the nail prints and his hand in the side. Thomas is convinced. He cries, 'My Lord and my God.'

"The disciples and other followers of Jesus were not expecting the resurrection of Jesus. They were forced to believe in the resurrection of Jesus because of an indisputable fact. They had seen the risen Lord. They had touched Him. They had spoken to Him. So convinced were they of the resurrection of Jesus that they were willing to risk their lives on the basis of this fact."

## When Poisons Clog KIDNEYS and Irritate Bladder

Go to your druggist today and get this safe, swift and harmless diuretic and stimulant—ask for Gold Medal Hamlet Oil Capsules and start at once. It cleans kidneys of waste matter, saturates with salts and poisons, that's the way to bring about healthy kidney activity and stop that bladder irritation which often causes scanty passage with smarting and burning as well as restless night.

Remember, the kidneys often need flushing well after a cold, and some symptoms of kidney weakness are: Getting up once or twice during the night—puffy eyes—stomps in legs—backache and moist palms. But be sure and get GOLD MEDAL Hamlet Oil Capsules the original and genuine—right from Hamlet in Holland—the price is small (40 cents), the good results will fulfill your expectations.

## Sunderland Wins Football Championship

(C.P. Cable By Guardian's Special Wire)

LONDON, April 13.—Sunderland made sure of its sixth English Football League championship today despite the fact that the season has three weeks to run. The strong northern club clinched the title by trouncing Birmingham 7-2 on its own ground.

Holiday games were featured by Luton Town's amazing 12-0 victory over Bristol Rovers in which J. Payne created a new league goal-scoring record by raming home 10 of his team's counters. The southern section, third division match marked Payne's fourth appearance in first-class football making his feat all the more noteworthy. He is a centre-forward. The previous best goal scoring achievement was made on Dec. 26 by R. G. Bell of Tranmere Rovers who obtained nine in a runaway match when the northern section team swamped Oldham Athletic 13-4.

Previous to Bell's great effort a one-goal record by James McCarty, veteran centre-forward of Celtic in the Scottish League, had stood since 1928. Ted Drake, Arsenal's crack international scored all the goals for the Gunners when they outplayed Aston Villa, Dec. 14, to win 7-1.

With a lead of eight points, Sunderland cannot be overtaken by Derby County, its nearest rival for championship honors. The new champions have not finished at the top of the table since 1913, although last season they concluded the campaign as runners-up to Arsenal. In earlier days Sunderland won the title two years in succession—1892 and 1893. The team again achieved the honor two years later and won its fourth championship in 1902.

The struggle at the bottom of the first division by clubs threatened with relegation to the second league is intense. Blackburn Rovers appear doomed, but above them are several clubs locked in a close battle to retain senior status. The Rovers were beaten 4-1 by Liverpool. Sheffield Wednesday and West Bromwich Albion are bracketed in 20th place, five points ahead of Blackburn but the Wednesday has two games in hand. West Bromwich gained a creditable 1-0 victory over Arsenal while Sheffield lost 5-0 to Middlesbrough.

## Alberta Considering Bi-Provincial Bank

(C. P. By Guardian's Special Wire)  
EDMONTON, April 13.—The Alberta Government is considering proposals for establishment of a bi-provincial bank with the British Columbia Government but so far definite steps have not been taken.

Disclosure of the project was suggested came Saturday from Premier Aberhart. "It might be an idea but we haven't done anything about it yet, anyway," the Premier said.

A resolution approving establishment of an Alberta provincial bank was read at the session of the Legislature which prorogued last week. The Social Credit government was authorized to apply to the Dominion government for establishment of the bank. Creation of the bank is not contemplated for a year.

It was generally expected here that a joint bank is established with British Columbia, a straight Alberta bank would not be created.

## Human Dynamos Produce Spark of Life

By Howard W. Blakeslee, Associated Press Science Editor (By Guardian's Special Wire)  
KANSAS CITY, April 13.—Discovery of billion of previously unknown electrical charges in the human body showing the "spark of life" is essentially something electrical was reported to the American Chemical Society here tonight on the eve of its 91st meeting.

The discovery, made at Harvard Medical School, is significantly into other recent revelations of science that include thought and emotions in a network of electrical phenomena which appear to underlie body chemistry and structure of living matter.

The newly found electrical charges are on the giant protein molecules, the body's so-called "building blocks," hitherto considered electrically neutral. In effect the Harvard men discovered billions of molecule-size dynamos which exist in every human being.

The findings result from 10 years research under the direction of Dr. Edwin J. Cohn, Professor of Biological Chemistry at Harvard.

## Run Off in Manitoba and Northwestern Ontario

OTTAWA, April 13.—The Dominion Water Power and Hydrometric Bureau of the Department of the Interior reports that the average February temperature in Manitoba and northwestern Ontario were the lowest on record and that consequently there was no increment of river flow due to melting snow. Snowfall was substantially below average in the north but elsewhere varied between above and below normal. Run-off, based upon the records of the Assiniboine river, in southwestern Manitoba was 21 per cent below normal whilst in the area south of Winnipeg, records of the Red river indicate run-off only 12 per cent of the February average. Run-off in northwestern Ontario, as derived from the records of the English river, was 20 per cent above the normal; run-off from this area has persisted above the average for nearly two years. Outflow from the lake of the Woods was again increased in order to lower the lake level to provide storage to accommodate spring inflow. Outflow averaged 23 per cent greater than during January and the level of the lake was lowered about 2 1-4 inches. Outflow from lac Seul averaged about 30 per cent less than during the previous month and the lake level lowered 4 1-2 inches. The mean flow of the Winnipeg river in Manitoba was about the same as in January. During February the level of lake Winnipeg fell about 2 inches but was still about 4 3-4 inches higher than one year ago. The levels of lakes Manitoba and Winnipegosis held constant during the month.

## Airman Williams To Visit New York

(C. P. Cable)

GEORGETOWN, British Guiana, April 13.—Arthur J. Williams, airman who flew the first solo flight in Brazilian jungles last December and January, said today he planned to go to New York this summer.

While there he will meet Doctor Frederick Redfern, father of the first child to be born on an airplane, Miss Rio De Janeiro.

"The primary object of my visit is to get a new plane but I will take the opportunity of placing what information I have gathered at the disposal of Dr. Redfern," the former United States army flier said.

Dr. Redfern was undecided, he said, and depends on a management he has with the British section of a boundary commission marking off British Guiana, Dutch Guiana and Brazil. Operator of an air taxi service, he has been freighting supplies to a base camp at the foot of the Hinterland.

Williams was a member of an expedition searching for Redfern at the turn of the year. The party included Harry Wendt, his co-pilot, Edward Hill, Georgetown merchant, and an Indian guide.

## Turkey Wants New Agreement

(A. P. By Guardian's Special Wire)  
WASHINGTON, April 13.—On the ground that the present European situation is a potential menace to its security, Turkey has asked the consent of the other Lausanne Treaty powers to a rearming of the Dardanelles Straits.

Its note, made public textually today by the Turkish embassy, complained that existing machinery for collective guarantee of security was "too slow" and invited the other signatories to a consultation on a new agreement abolishing the fortifications status quo in the Straits.

Otherwise, Foreign Minister Tefik Rustu Aras said, his government might be compelled to adopt its own measures to meet the exigency.

The note was dispatched to Great Britain, France, Italy, Japan, Soviet Russia, Rumania, Bulgaria, Greece and Yugoslavia, which assumed in the Lausanne Pact of 1933 responsibility for guaranteeing the security of Turkey under a demilitarized Dardanelles Straits.

Perfect attendance: Viola Trainor, Ella May Beagan, Mary White, Lloyd and Wendell Horton, John and Joseph Murnaghan. C. Helen Chandler, teacher.

## Turkey Wants Reduction in N.S. Unemployment Relief

(C. P. By Guardian's Special Wire)  
HALIFAX, April 13.—A reduction of 27.7 per cent in payments for unemployment relief in Nova Scotia during the year ended Nov. 30, 1935, was shown in a report submitted to the Legislature by Hon. Michael Dwyer, Minister of Public Works, Mines and Labor.

Payments were discontinued in New Glasgow, Trenton, Windsor, Dartmouth, Truro and Bridgewater, and reductions were shown in Amherst, Halifax and Sydney. The scale of allowances remained unchanged.

Indications toward "a return to personal responsibility of the individual" were noted.

"The province generally is in better shape in as far as unemployment is concerned, than it has been for the past few years," R. H. MacKay, supervisor of relief, reported.

"But we still have a large number of unemployed who, for some reason or another, are unable to secure employment in any of the industries. Also, a large number of young men between the ages of 18 and 25 are unable to secure employment, most of whom are willing and anxious to work. This class of citizen is our most serious problem."

## BRITAIN NEEDS RADIUM

LONDON.—The sixth annual report of the National Radium Commission says Britain's radium is running out and more is badly needed to carry on the treatment of cancer.
