

\$445,800 In Farm Loans For P.E. Island Last Year

More loans were approved by the Canadian Farm Loan Board in Prince Edward Island last year than for the two provinces of New Brunswick and Nova Scotia combined, and the total amount of the loans approved was almost as much as the other two, it is revealed in the annual report of the Board which has been released here by J.A. Lawson, Branch manager.

136 loans were approved in the Province in the fiscal year ending March 31, 1957. This compares with 60 loans approved in New Brunswick and 47 in Nova Scotia.

The total value of the loans approved in this Province by the Board in the year was \$445,800. This compares with \$234,050 in New Brunswick and \$221,350 in Nova Scotia.

In Canada as a whole the Board approved 2,921 loans for a total value of \$13,978,700, an increase of more than 860 loans and more than five million dollars over the totals for the preceding year.

A press release indicates also that although last year was a record one, the business in the first six months of the current fiscal year shows an increase of 60 percent in loans approved as compared with the corresponding period in 1956-57.

The Board is an agency of the Government of Canada, established for the purpose of making long-term first mortgage loans to Canadian farmers for all general farm purposes. Funds for lending are borrowed from the Government of Canada at current interest rates and are lent to farmers for periods up to thirty years at a rate sufficient to provide for administration costs and the cost of funds. The present interest rate is 5 percent.

EVANGELIST

Local Dispute Settlement Story Termed Premature

A Canadian Press story quoting Labor Minister Starr in Ottawa to the effect that a local labor union has reached a settlement in a dispute with a local company, was termed premature by both union and company spokesmen here last night.

The Ottawa story said "The Laborers' Protective Union of Charlottetown and Island Fertilizers Inc. of Charlottetown, P.E.I. have reached a settlement in a dispute involving 70 longshoremen, Labor Minister Starr announced Thursday. The terms of settlement include a general wage increase of 30 cents an hour."

Ian Rankin, manager of the fertilizer plant here, emphasized that the story was premature and added that part of it was inaccurate.

Lemuel Rush, president of the L.P.U., told The Guardian last night: "We have only agreed to date in two contentious clauses. They involved wages and working hours. A conciliation officer was brought in to negotiate on those two clauses. However there are a dozen or more other clauses in the contract which have not been settled. And when we, (the executive) do agree to the remaining clauses, we have to take the whole contract back to our Union membership for their approval and signature."

Local U. W. C. Hears Talk On History Behind Little Rock

Mr. Bruce Hodgins, head of the History Dept. of Prince of Wales College, was guest speaker at the October meeting of the Charlottetown University Women's Club. He traced the events in past history leading up to the integration problem at Little Rock, Arkansas.

Although there was a feeling of love and security often being master and slave, it was still a matter of white superiority as far back as three hundred and fifty years ago. As time went on there were some men with vision enough to realize that the institution of slavery would have to be abolished. The argument of mutual benefit for slave and master was emphasized. In the final analysis, the war was fought over the question of states' rights, with the South insisting that the North had no right to interfere with their way of life.

When the North was victorious it sent an army to the South to enforce a regime that put the Aristocracy at the bottom of society and the uneducated negro at the top in charge of government; with the result that public affairs became corrupt, and a deep racial hatred was created. Later on the whites regained their superiority and they began a program of racial segregation and discrimination against the negro, including separate schools.

Then a few years ago, the Federal Government decided that these schools should be integrated over the next few years. Instead of enforcing this law, Gov. Faubus called out troops to oppose it. Hence the present situation of Federal Troops in Little Rock to see that

Local Y's Men Discuss Projects

President Roy Smallman presided at the weekly super meeting of the Alpha Y's Men's Club in the Y.M.C.A. last evening. Discussion of Club projects and activities took up the attention of the club members.

Y's Reuel LePage discussed the operation of the Y.M.C.A. bowling alleys for the coming season and assigned supervisory duties to club members who operate the Y alleys as a club project.

The Y's Men's bowling league under the chairmanship of George Craig was organized into four teams and later rolled the first games of their fall schedule.

The remainder of the meeting was given over to discussion of arrangements for the forthcoming Prince Edward Island old time fiddling and step dancing contests sponsored annually by the Y's Men. Committee Chairman Loran McLellan reported to the Club that he had been successful in securing the talented T.V. and radio performers King Ganham and Tommy Hunter who will appear in this year's contests.

Spoke On Central Christian Truths

In his third address in a series of ten, Rev. Keith Hobson said that one of the central truths of the Christian faith is that God forgives.

Mr. Hobson was speaking at a series of evangelistic services being held in the North River United Baptist Church.

One of the mistakes the people are making the speaker said was that they thought God would forgive over and over again; that is—that they could come to Him, confess and repent and then go out and do the same thing over again. The error in this Mr. Hobson said is that when anyone ceases trying to do what is right, God ceases forgiving.

The preacher went on to say that ministers condemn sin in a general way. However the Apostle Paul never fell into this error; rather he enumerated the sins which threatened to destroy the souls of men and women.

Mrs. Leigh Warren of Charlottetown sang the hymn "The Ninety and Nine." She was accompanied on the organ by Mrs. Frank Willis. The series continues this evening at 8 o'clock.

Good Response In Poppy Sales

At the regular monthly meeting of the Ladies' Auxiliary of the Canadian Legion held last evening the members were notified that the Poppy Campaign had started and to date the response had been as good or better than the previous year. Plans were made for Remembrance Day and it was decided to serve the usual refreshments to the Veterans after the parade to the Cenotaph.

Someone once said that golf is a sport in which the ball usually lies poorly but the player well. But Mark Twain had his own version of golf, he said "golf is a good walk spoiled". Here is still another version of golf (probably a fisherman) "A golfer has at least one advantage over the fisherman, he doesn't have to show anything to prove his feat". Last but not least "A golf ball leaves the head of a club at about the same speed with which a golfer leaves the office". And for par or handicap golfers Henderson & Cudmore has a nice selection of Towne Hall suits for those fireside evenings when scores and games are discussed. Nice slacks are also available at par values. Come in now while the selections are better than average.

PARKDALE W. I. ANNIVERSARY

Last night the ladies of Parkdale Women's Institute celebrated their twentieth anniversary with a hot turkey dinner held in the Spring Park Women's Institute Hall. The Spring Park W.I. did the catering. Cutting the cake in the above photo is Mrs. Edwin Cook, first president of the Parkdale women's group. At her left is Mrs. Hilbert Frizell, first treasurer. Grouped around them are three members of the present executive: left to right, Mrs. Arthur Seaman, treasurer; Mrs. Henry Douglas, president, and Mrs. John Hogan, secretary. Guardian Photo

Jaycee's Fall Conference Opens In Charlottetown

The annual Jaycee fall conference of the Atlantic Provinces will be held this evening and tomorrow at the Charlottetown Hotel here. Some sixty delegates are expected to attend.

Registration gets underway this evening at 6 p.m. and business session is scheduled for 8 p.m. Walt Wheeler is president of the Charlottetown Junior Board of Trade and Henry MacWilliam is the conference chairman.

The business session tonight will be followed by a smoker for the men and a bridge party for the ladies.

Another business session is slated for Saturday forenoon and business clinics are scheduled for the afternoon.

A reception is slated for 6:30 p.m. the conference dinner is at 7:30 p.m. and Dr. Frank MacKinnon, Principal of Prince of Wales College, is the guest speaker. He will speak on the Atlantic Provinces Economic Council.

A tour of Charlottetown is planned for the ladies in Saturday afternoon. A dance is on the entertainment menu for Saturday night following the dinner.

Will Litchy, National Executive vice-president from Elmira, Ontario will be at the conference.

Dr. M. Donald Harlow of Woodstock, national vice-president, will also be present. Chairman of the business sessions is the regional president, Don LeBlanc from Halifax.

Dr. Harlow is in charge of contagious disease control for the Federal Department of Agriculture along the New Brunswick-Maine border. He was born in India and took his professional training at Toronto University, Orono, Ontario and Detroit, Michigan.

He was chairman of the community betterment committee for the Moncton Jaycees in 1951. He has since been vice-president of the Woodstock, N.B. Junior Chamber of Commerce and chairman of their traffic safety committee for two years. In 1956 he was president of Region Twelve.
