P. E. I. Juniors Take Part In Judging Contest

Among the top scorers in the Junior Judging Competition sponsored by the Holstein-Friesian Association of Canada in connection with the selection of All-Canadian Holsteins was Hazel A. Gardiner, Freetown, a member of the Nor-boro Maple Leaf Club. Hazel had a score of 136 points out of a possible 150. She thus stood eleventh amongst the girls in the competition. A score of 132 points was recorded by Douglas Jardine, Freetown, also a member of the Nor-boro Maple Leaf Club.

Three contestants made perfect scores of 150 points. They were, thirteen-year-old Vernon Butcher, Allison, Ont., fourteen-year-old John Burton, Vars, Ont., and twenty-year-old Floyd Hunsberger, Baden, Ont. In view of this unusual three-way tie it has been decided to give three first prizes, one to each. Tied for fourth with 148 points were thirteen-year-old Charlie Weaver, Belmont, Ont., and eighteen-year-old Peter Dickie, Truro, N.S. Peter had previously tied for first in the contest in 1949, with his brother Vaughan. The next highest score was 146 points shared by four competitors and including the top girl of the competition, fifteen-year-old Betty Storey, Searford, Ont. The others were Jimmy McDowell, Oxford Centre, Ont., Garth Hadlock, Iron Hill, Que., and Vaughan Dickie, Truro, N.S. The next two contestants with scores of 144 points were Bessie Horton, Lansdowne, Ont., and Gaiety Tousignant, Fortierville, Que. Sixteen-year-old Bessie was second and top girl in last year's contest.

331 boys and girls from 4-H Clubs throughout the Dominion took part in the competition which is sponsored by the Holstein-Friesian Association of Canada. The first 100 receive prizes.

TRINITY EVENING AUXILIARY

The February meeting of the Mary Millar auxiliary was held in the social hall. The vice-president, Miss Dorothy Auld, presided during the business meeting. The decision, in charge of Mrs. Fulton Coffin and Miss Vera Simpson, was on the theme of "Prayer". The study committee, — Miss Margaret Mallett, Mrs. Fulton Coffin, Miss Vera Simpson and Mrs. George Adams — presented the subject of "Healing and Health". They told of the extensive work being done in Angola at the United Church mission stations in Cam-undongo, Chissamba and Dond.

Australia's population is estimated at more than 8,500,000, including 3,358,000 in the state of New South Wales.

Parkdale Women's Institute Meeting

Twenty-three members and three visitors attended the regular monthly meeting of Parkdale Women's Institute held in their hall on Feb. 2. In the usual course of business, correspondence was read dealing with delegates to the A.C. W.W. to be held this year in Canada. Five delegates were chosen. An appeal for the March of Dimes was responded to by voting ten dollars to this very worthwhile cause.

Reports for the various committees showed that all had been very active and conscientious in their work. The committee in charge of the weekly card parties brought in a very encouraging report. The hall convenor, Mrs. Dollar, reported that the hall had been rented on several occasions and that the missing chairs had been located and that several repairs and extra equipment had been added to the kitchen. Thank-you letters were read from some who had been remembered during illness. The school committee brought back a report on the proposed radio-grammer to be bought for the school, and also recommended the purchase of a draft deflector for one of the classrooms.

Those in charge of the Guides and Brownies reported on a very interesting Parents' Night when three Brownies flew up to Guides in a very picturesque ceremony, and nine Guides entered the Guides, six had received ten-foot badges, seven Child's Nurse, ten the Hostess Badge, one Skat-er's badge, and four their Second Class. This certainly speaks most highly of the work done by these leaders. There was also an interesting report of work among the Cubs.

A committee had been appointed to pack woolens, and they certainly had their hands full when they packed one hundred and nineteen bundles for blankets. The treasurer then presented her report which showed a very encouraging month's results financially.

The new committees are: School: Mrs. Harold MacInnis, Mrs. Leslie MacKay, Mrs. Charles Small. Sick: Mrs. Warren Burns, Mrs. Hudson, Mrs. Ivan Vesey. Lunch: Mrs. Cummins, Mrs. Compton, Mrs. Clay, Mrs. Douglas, Mrs. Dollar.

The new business was solely discussions on catering to several dinners and a wedding reception. Committees were appointed as follows: Lions Club Dinner: Mrs. Cook, Mrs. Burns, Mrs. Seaman. Agricultural Council: Mrs. Rodd, Mrs. McAskill, Mrs. Fred Gallant. Wedding Reception: Mrs. Ross, Mrs. Clay, Mrs. Dollar. Mrs. Warren Burns presented a very pleasing report on the dinner she and her committee served the Ayrshire Breeders Association on Jan. 27.

After refreshments had been served, Mrs. H. M. Stewart gave a very complete and instructive demonstration on making a braided rug, and displayed one of very pleasing color and design. Meeting then adjourned.

accused came to the door with a gun in his hand and a braided rug, and displayed one of very pleasing color and design. Meeting then adjourned.

Describes Injuries

He then went home with his daughter Rose driving the mare and his wife called Dr. Burden of St. Peter's. The R. C. M. Police also came to the house. Afterwards he went by ambulance to Souris and later that night to the P. E. I. Hospital, Charlottetown. Describing his injuries he said his elbow was shot off and shot was taken from his hip. He said they came from the gun fired by Brown who was standing on his steps in a position higher than the wagon in which the witness was sitting.

Although he had seen the accused many times, the last occasion on which he was talking to him had been in the Fall. He had bought some lumber from the accused who later worked for him. At the end of the employment he asked accused how much he owed him for his labour.

Under cross-examination by defence counsel O'Donnell he said he bought the 183 acre farm at a tax sale. He got the money to purchase it from selling a cow and denied that Brown paid any part of the purchase price or that his wife gave any family allowance cheques for the purpose.

He said that Brown had worked for him as a carpenter, but no deal was made as to wages. He had not been at Brown's home between November 1 and the time of the shooting.

Questioned later by Mr. Heslian he identified pictures introduced as being of his wagon and Brown's house.

Margaret Rose Blaisdell, 13, said she attended Fortune Bridge School and had gone to Grade 4. She had been with her father the day of the shooting. She saw a gun in Brown's hand but did not see him fire it as her head was turned at the time. She saw blood on her father's sleeve. She took the reins and drove home.

R. C. M. P. Testimony
Cpl. Don Davis, R.C.M.P., Montague, said he received a call to

go to the scene and was accompanied there by Constables Gutteridge and Gelsler. He apprehended the prisoner who offered no resistance. The Corporal saw a 12-gauge shotgun and an expended shell. He identified a gun in court as the one he had seen and said it showed indications of recent usage. The accused although receiving the customary statutory warning talked freely about the affair. Later, after being taken to the R. C. M. P. barracks in Souris, he voluntarily signed a statement which was read by Cpl. Davis.

In the statement the accused said he had visited his parents at their nearby farm on the day of the shooting. He returned and was alone in the house so took off his clothes and went to bed. He heard his wife coming home at 4.30 that afternoon. He went to the door and saw those present and told his father-in-law to get out of the yard. He made no move.

He went into his pantry and got the gun. He pointed it under the wagon and fired it then went into the house again. His reason for firing it was "I got tired telling him to stay away from my place." He said in the statement read that they had not been friends for years.

Other witnesses heard briefly in corroborating testimony included Cst. Meurant, Souris, and Cpl. A. M. Johnston, R.C.M.P. photographic expert of the Charlottetown Detachment.

FELTHAM, England (OP)—Street trader Maurice Pearce was fined for obstructing a footpath while selling toys to children. "Every time I go out I get fined," he complained. He said it was his 500th fine since 1932.

Lions Club Holds Ladies' Night

A large gathering of members of the Charlottetown Lions Club, their wives and friends attended a ladies night at Parkdale Hall last evening to witness the presentation of a talking machine to Mr. Clive R. White, field secretary for the Canadian National Institute for the Blind.

The program started with a sing-song. Following this a turkey dinner was served by the Parkdale Women's Institute. Entertainment by Dick Turpin followed. He gave several readings and delighted the audience with a couple of songs.

To live the party two tail-twisters imposed fines for various infractions. The chairman, Lion Stu Johnston, next called on Lion Jack Stevenson, chairman of the sight conservation committee, and also of the recent project—sale of Christmas trees—which made possible the presentation of the talking machine to the C.N.I.B.

Mr. White, field secretary of the C. N. I. B. accepted the machine and spoke briefly on its operation. He said he was honored and deeply grateful on receiving it on behalf of the C.N.I.B.

Col. K. S. Rogers, who is on the advisory board of the C.N.I.B., was a special guest. He praised the work Mr. White is doing for the blind in P. E. I. He also stated that with this object in view the Charlottetown Lions Club has made its club a worthy one and wished the club every success.
