STOCK QUOTATIONS

Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, May 25—No important news developed over the week end. Sterling and French francs are about the same as they were on Saturday. Magazine Steel reports operations off two points to 66 1-2 per cent. Supreme Court meets at one o'clock today. It is next to the last meeting before recessing for the summer. According to the Wall Street Journal the courts may hand down a ruling on the New York State Minimum Wage Law for women and children. A decision on this case is expected to help clear up the matter of state regulations of hours and wages. Dividend meetings scheduled for today are Brigeport Brass, Johns Manville, St. Joseph Lead and Briggs and Stratton. The action of the market on Saturday was rather good and believe there is a good chance it will improve further today.

MONTREAL, May 25—Brazilian Traction reports net earnings for April 1936 at $1,381,331 against $1,307,947 for April of last year. First gain in monthly net since June 1935. Production of iron and steel in Canada during April showed moderate increase over March but sharp gain over output for April of last year.

MONTREAL, May 25—Thompson Cadillac. In drift on the 150 foot level, the company has recovered over $8,000 in high grade ore which now awaits shipment to the mint. Several specimens of high grade showing free gold remain in place in the drifts. Over the week end Brig. General McCuaig and John McFetrick both of Montreal sponsors of the property, visited the property and examined the underground workings in the company with Andrew Walz, Vice President and consultant.

Markets At A Glance

All Canadian stock and commodity markets closed.

New York—Stocks closed unchanged.

New York—Cotton higher; sugar lower.

GRAIN

(Canadian Press)

CHICAGO, May 25—Disturbed because May wheat accounts involving about 10,000,000 bushels, an usually large total, are awaiting settlement tomorrow, wheat soared 2 1-4 cents a bushel today.

With tomorrow the last chance for open market pit transactions in the May delivery, traders were uneasy over the circumstance that but a relatively small amount of wheat is in storage here available as a basis for settlement.

Wheat closed flurried at the day's top point, 1-8 to 2 1-4 cents above Saturday's finish, May 95 1-4 to 1-2, July 85 3-8 to 1-2, Sept 85 1-8 to 1-4, corn 3-4 to 1 1-4 up, May 63 1-8, July 59 5-8 to 3-4, Sept 57 7-8 to 58, oats at 1-4 decline to 1-8 advance, July 24 3-4, and rye showing 1-8 to 3-8 gain, July 53 5-8. In provisions, the outcome varied from 17 cents setback to a rise of 30 cents.

Corn and rye averaged higher, responsive more or less to wheat strength. Smallness of stocks of corn here was a bullish factor. Oats prices touched new season low records.

TROPHIES STOLEN

LONDON — (C. P.) — Trophies worth $4,500 won by Miss Betty Carstairs, British woman motorboat racer, were stolen from her Chelsea home. Miss Carstairs is now living in the Bahamas.

THE BAPTIST CHURCH

The Rev. H. L. Denton in his morning sermon at the Baptist Church yesterday spoke on "When man meets man" giving therein an eloquent and thoughtful study of the incidence of the Golden Rule upon human relationship. "Whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets" said our Lord as reported in Matthew 7:12.

Perhaps there never was a time in history when the problems of man's relation with man was more acute than today, and never a time when we should seek more earnestly for these principles of guidance that should bring these problems to solution to the end that in this whole world we should find peace, happiness and content.

"East is East and West is West and never the twain shall meet" says Kipling but we sing today Oxenham's hymn "In Christ there is no East nor West, in him no North or South, but one wide fellowship of love." And still we bow to the rule of gold rather than to the golden rule while in trust and hope we ask consideration of what might well happen if this rule of Jesus were applied internationally.

Still in our world we have economic dissatisfaction, disorders, discontents and resentments. Perhaps for us of this time it is ours to seek the way that this golden rule may be brought into effectual operation to meet the problems of economics and the differences between those who do the world's work and those who control the world's wealth.

Dare we set any lesser ideal? Is any lower standard adequate? This is the law of Jesus, let us be led by it on all our way and let us be assured that by this standard shall we be judged.

Miss Pearle Burns, contralto, sang very expressively "The Lord is My Shepherd."

At the evening service Mr. Denton spoke on "The Church in thy house" with earnest application to the higher standards of family life and vital religion therein.

The evening anthem was "Sun of My Soul." Congregations at both services were large and the attendance at Sunday School also excellent.

Profit-taking Reverses Trend On Wall Street

(By Frank MacMillen)

(Associated Press Financial Writer)
(A.P. By Guardian's Special Wire)

NEW YORK, May 25—The buying side in today's stock market contest had a little the best of it during the greater part of the session, but the finish was a bit indecisive.

The list put a rather fast foot forward at the opening, many of the leaders getting up fractions to two or more points. The waiting profit takers then appeared and quoted values slipped back for losses in many instances.

The turnover for the day amounted to 699,730 shares. The Associated Press average of 60 stocks was unchanged at 60.7. In fact, for the first time since Sept. 28, last year, the composites of the industrials, rails and utilities were the same as their previous closing.

The lower steel output rate of 1 1-2 percentage points was not discouraging to the magazine "steel" which said that demand was comparatively well sustained through orders from the heavy equipment centers as well as from farm machinery and allied manufacturers.

The consensus in the steel field was that steel operations may continue to slip until well into July, although the recession, barring untoward events, may be less than seasonal.

Stocks that emerged with gains of fractions to a point or so included United States Steel at 59, Bethlehem at 52, Westinghouse at 114 1-4, American Type Founders at 11 1-4, Southern Railway preferred at 25 1-2. Sears Roebuck at 72, Douglas Aircraft at 57, Electric Power and Light preferred at 69 1-4, American Telephone at 1 2 1-2, American Bank Note at 46 1-8, J. I. Case at 157 1-4 and Great Northern preferred at 36 1-2.

General Motors and Chrysler were about where they left off Saturday, and losers up to a point or more included Greyhound Corp. at 58 1-4, which gave ground on application of the bus company for lower rates to meet the new reduced rail fares; United States Smelting at 89 1-2, Dome at 56 1-2, Auburn at 29 1-2, Western Union at 80 and United States Industrial Alcohol at 38 5-8.

New Building To Room Quintuplets Hospital Staff

(C.P. By Guardian's Special Wire)

CALLANDER, Ont., May 25 — While the parents of the Dionne quintuplets still refuse to accept a home built from their children's earnings, an eight-roomed house will be erected shortly for the hospital staff who care for the youngsters now approaching their second birthday.

Dr. Allan Roy Dafoe, physician and guardian to the quints, announced plans for the house today as preparations were made to celebrate the babies' second birthday May 28. Repeated offers of the guardians to build a home for Oliva and Elzire Dionne and their five other children have been refused.

The staff house will be built from quintuplet funds on ground the government expropriated some months ago to keep hot-dog stands and gasoline stations from the immediate vicinity of the hospital. It probably will be located on a rise of ground a short distance from the Dafoe hospital.

Dr. Dafoe explained the 13-room building the quints now occupy is small for the quints and the staff of two nurses, two guards, a cook and a laundress. A separate building is preferred to further additions to the hospital.

CENTRAL ROYALTY W. I.

The members of Central Royalty Women's Institute met at the home of Mrs. Cecil Jenkins for the May meeting.

The President Mrs. Cecil Wood presided. Meeting opened by singing Ode and repeating Creed.

Minutes of last meeting read and approved.

One new member was added to the list making a total of sixteen members. Reports of committees were given and correspondence read. $10.00 was voted for prizes to the pupils at the end of June.

New committees appointed were: School, Mrs. Ward and Mrs. W. Wood; Sick, Mrs. W. C. McLeod and Mrs. F. McKay. Mrs. W. Wood extended an invitation for June meeting. Roll call to be "Hints for Hot Weather Meals."

Mrs. H. Gillespie and Mrs. W. Wood had charge of program. Questionnaires on "Canadianization and National Events" and "Education and Better Schools" were both filled in.

Miss McKay read Prof. H. H. Shaw's "Radio Address."

Meeting adjourned and the hostess served a dainty lunch.

Feeding Your Foxes Right

Once the young foxes are past the puppy stage feed them with an eye to the pelts. You want what the trade wants—clear colour and rich sheen in the fur. You want fur that brings a profitable price. There's no money in mediocre quality. Try for top grade.

You started your pups right when you weaned them on R-M Puppy Meal, gradually working them on to R-M Vita-Crumbla (Reg'd) "B". Add fresh vegetables, milk and two or three ounces of fresh meat daily. If you have chickens on the place feed eggs at the rate of one per day to every three or four pups.

Keep your young foxes on R-M Vita-Crumbla (Reg'd) "B" until the middle of July. You should have healthy thriving young foxes by then and a good foundation on which to grow quality fur.

Write for the R-M Feeding Schedule if you want the latest information on feeding foxes.
