JULY 18, 1878.

A False Liberal.

The Patriot professes to be Liberal. It professes to admire the Liberal Acts of Coles and Whelan. But when the great monumental work of Coles and Whelan—manhood suffrage—is attacked and in danger of destruction, the Patriot regards the spoliation with cold indifference, and tacitly—silently—but with all its power—supports and abets the spoliators.

The Patriot is not yet, apparently, aware that Judge Alley has given a decision disfranchising hundreds of electors—hundreds of men who, relying upon the strength of the charter of freedom and equal rights, obtained for them by Coles and Whelan, headed not the difficulties placed in their way by the Taxing Fraternity—and, so, have suffered. An organ of the "Liberal Party" should not be idle now. But the Patriot is idle. And no more conclusive proof could possibly be given of the hollow and insincerity of its "Liberal" professions. The Patriot is false to Liberalism, as the Local Government is false.

The Railway Picnic.

The third annual picnic of the railway employes was held at Marie yesterday. It was one of the most successful and enjoyable picnics we had the pleasure of attending for some time. At 8.30 a. m. a train of fourteen cars, crowded with excursionists, left this city for the grounds. It was conducted by Mr. Frank Kelly, one of the most obliging and efficient conductors on the line. [By the way, we may here remark that Mr. K. has just returned from his wedding tour. We tender to him our hearty congratulations.] The place where the picnic was held is a narrow belt of land below the railway track and the south shore of St. Peter's Bay. It is pleasantly situated; affords a magnificent view of the harbor and adjacent country; and, we dare say, cannot be surpassed as a ground on which to hold picnics or witness boating. Shortly after the excursionists landed, the Tighish train arrived with a large number of excursionists from the West. The train from Souris also brought a large number from the east. At one o'clock no less than 1,500 people were present. Among those we noticed the Rev. Father Gillis, Rev. R. W. Dyer, Dr. Muttart, Dr. McLeod, J. F. Campion, Esq., Henry Lawson, Esq., of the Patriot, J. H. Fletcher, Esq., of the Argus, and P. R. Bowers, Esq., of the New Era. There were also present a large number of the yeomanry of the districts surrounding Marie; and we noticed that politics were rife for the greater portion of the day. On the grounds were erected dancing and refreshment booths. These were well attended, and their occupants were kept in constant motion from the arrival to the departure of the train. The refreshments were provided by the Livingstone Brothers, who deserve much credit for the manner in which they superintended their business. In their booth a splendid dinner was provided for a thousand people at a very moderate price. At 11.30 a. m. boat racing was commenced. The races were conducted by Mr. McKechnie and Mr. Cunningham, both of whom, we noticed, took a lively interest in the picnic and were anxious that every employe and those present should enjoy themselves heartily. The races were sent off from the Marie wharf in a northeasterly direction. Some of the races were well contested, and on the finish created a light breeze of excitement. The result will be seen below:—

An Invention.

THE GOVERNMENT PRESS state that the bad feeling existing in Montreal was fomented previous to the twelfth, by Liberal-Conservatives who hoped to reap political capital out of a riot. The tone of the Liberal-Conservative press, and the speeches of Liberal-Conservative statesmen, attest that this is a slanderous invention.

Another Invention.

An inventive reporter of a Grit sheet of bad character, published where Major Walker thrives, has reported that Sir John McDonald, in the course of a recent speech, said he thought "a general tariff of 35 per cent. would meet the requirements of Canada." Neither the Globe or Mail have so reported Sir John McDonald; and the present writer heard Sir John McDonald say in Parliament that it would "not be necessary to increase the volume of taxation" in order to carry out the National Policy. Under these circumstances, the St. John Telegraph and Patriot will retail the invention in vain.

Supreme Court—Grand Jury Presentment.

THE following presentment is highly creditable to King's County:—
GRAND JURY ROOM, KING'S COUNTY, July Term, 1878.

We, the Grand Jury of King's County, desire to thank your Lordship for your address, particularly for the valuable suggestions contained in reference to the temperance movement. We fully concur with your Lordship in your earnest desire for the repression of the great evil of intemperance, and we are happy to know that the great temperance cause has so far happily succeeded as to enable us to state that there is, to our knowledge, no spirituous liquors sold illicitly in our various localities.

For self and fellows,

The McCarthy Murder.

A PANEL OF 200 JURORS FROM WHICH TO SELECT A JURY.

DORCHESTER, N. B., July 16.

There is a large attendance of visitors from the suburban districts and also from adjacent counties, attracted by the Osborne trial, some as witnesses and others as spectators, and Sheriff Botsford has made ample arrangements for the press. After court opens a special panel of 150 or 200 jurors will be ordered from which to select the special jury for the Osbornes, in case the Grand Jury find a bill of indictment, as the regular panel of twenty-one will be exhausted before many jurors are secured. D. L. Hannington will assist Dr. Tuck for the Crown in the McCarthy case.

Annie Parker arrived by noon train. She looks in good health, and was received with great interest. Dr. Tuck, Dr. Allison and Dr. Scott also arrived by the same train.

The Osbornes, when seen this morning, were all well except Eliza, who is in rather poor health. Harry looks better than when in Shediac.

It was 2.30 p.m. when His Honor the Chief Justice entered the court room and took his seat. The court having been duly opened the Grand Jury elected William Cochran their foreman.

His Honor then opened his

ADDRESS TO THE JURY.

He said the Sheriff's calendar covered five prisoners, four of whom were charged with a capital offence, and remarked that their duties were as important as those of any previous grand jury ever called in the Province. He said he referred, of course, to the Osbornes now in jail. The facts of the case had been before the public for six months. There had been two investigations into the circumstances—one at Moncton, the other at Shediac, and the facts were so generally known to all who read the papers, and he presumed, as everyone did, that it was not necessary for him, he thought to go at all fully into the facts of the case. After reciting the main facts briefly, His Honor said that the principal witness,

THE YOUNG WOMAN PARKER

would be sent before the jury. If her story of the murder was true, three of the prisoners were guilty of murder, but John Osborne was an accessory after the fact. His Honor then pointed out what made a person an accessory either before or after the fact. He said there could be no reasonable doubt that McCarthy came to an untimely death; that his body had been found floating in the Scadouc, and while it was true that the clothing on the body did not agree with the chief witness' story, this might be explained by further evidence. She had

TOLD HOW HE WAS KILLED,

and how the body had been disposed of, and he did not see how there could be a particle of doubt in the jury's mind as to there being evidence enough to justify them in finding a true bill against three of the prisoners for wilful murder, and against John Osborne for being an accessory after the fact. He pointed out that the prisoners when on their trial would have full opportunity for defence, and that twelve of the grand jury must agree to find a true bill.

THE business of the United States is in a flourishing way. The eleven months ended 31st May, 1878, as compared with the corresponding period of the previous fiscal year, show the following result:—

	1877-78.	1876-77.
Exports	\$647,948,788	\$559,575,301
Imports	401,420,666	403,797,522
Balance	\$246,528,122	\$155,777,779

The Beaconsfield Coup: How They View It Across the Border.

The Russo-philic journals in the United States have been thrown into a state of mind by the revelation of the brilliant coup of Beaconsfield in the matter of Cyprus and the Turkish Asiatic Protectorate. Sorely displeased at the turn things finally took in the settlement of the Eastern question, these journals can not but admire the masterly manner in which the British Premier played his cards in the great international game. Indeed, the New York Tribune, the most rabid, perhaps, of them all, has a remarkable article on the subject in which it asserts that Beaconsfield's masterpiece has dazzled Europe and sent merrie England into a craze of excitement; that Beaconsfield has won more by diplomacy than Palmerston did by war, and that he has won for England a prestige not enjoyed by her since Waterloo. It affirms that this restoration of British influence is altogether good, and that, in effect, nothing but good can come out of it. Through it the benefits of Western civilization are to stream over Asiatic Turkey in full flow. Nevertheless, the Tribune is staggered by the questions whether England, already laden with such tremendous responsibilities, can afford to take upon her shoulders the additional ones involved in the assumption of an Asiatic-Turkish Protectorate, and whether or not it was wise for Beaconsfield to double England's heavy load without first consulting her or her Parliament. However, the Tribune evidently admires the great Hebrew statesman for his sublime audacity in matter.—St. John News.

SYDNEY COAL.

REDUCTION IN PRICE!

NOTICE TO THE PUBLIC!

THE GENERAL MINING ASSOCIATION (Limited) beg to intimate to the Public that the price of SYDNEY COAL has been

Reduced to \$2 per ton of 2240 lbs., a price which it is hoped will place it within the reach of all consumers.

The opening of the new winning at "THE SYDNEY MINES" and the fact that the SYDNEY COAL now being shipped is all from the DEEP taken in connection with recent improvements in the process of screening, affords purchasers a positive guarantee of the very superior quality and condition of the SYDNEY COAL now offered for sale.

It is a well-known fact that for many years past the prices of other Cape Breton coals have been regulated by the rates fixed for SYDNEY COAL; but while it is true that other coals, to get a sale at all, have been pressed on the market at various prices under the current rate of SYDNEY COAL, it is no less true that, taking into account the superior lasting qualities of SYDNEY COAL when compared with other Cape Breton coals, the advantage, both as to economy and convenience, is in favor of SYDNEY COAL, even at a much higher price.

The General Mining Association (Limited) regret that they should again have to caution the Public against the attempts being made from time to time to induce them to buy inferior coals purporting to be "EQUAL TO SYDNEY," "SUPERIOR TO SYDNEY," etc., etc., while some yet more unscrupulous vendors have not hesitated to advertise their coals as SYDNEY COAL (from some designated locality). All these efforts to sell coal by such means are only so many admissions on the part of those who make them of the STANDARD character of SYDNEY COAL.

It has come to the knowledge of the Association that in frequent instances parties giving orders to truckmen and others for SYDNEY COAL have been furnished with other and inferior coal. The Public are cautioned against permitting themselves to be imposed upon in this way.

Every vessel loaded at the SYDNEY MINES is furnished with a certificate of her cargo being Sydney Coal. Parties purchasing should satisfy themselves by demanding the production of this certificate.

The "Sydney Coal" is registered under the laws of the Dominion, and unauthorized parties using the Trade Mark "SYDNEY COAL" are liable to prosecution.
