## Seeks $50,000 For Loss Of Finger

DETROIT (CP) — A 17-year-old high school girl who lost part of a finger because hospital aides forgot to remove a rubber band tourniquet has filed suit for $50,000 damages.

A second suit was filed by the girl's mother for $10,000.

Florence Buzzell brought action against Dr. Joseph Keith, hospital interne and other hospital attendants. The first joint of the finger was removed June 22 when gangrene set in.

The girl came to the hospital to have a cut treated. Apparently the bandage was placed over the rubber band used to stop the flow of blood and it was forgotten. Hospital officials said the doctor erred. Miss Buzzell is a pianist and plays the clarinet.

## Report Rust Threat Serious On Prairies

WINNIPEG, (PC) —High winds that whistled across the prairie grain belt early in June did some spectacular damage but they may have hidden their heaviest blow in tiny spores of plant disease, invisible to the naked eye.

The disease is rust, a fungus which attacks growing wheat plants. Scientists have found its spores in varying amounts roughly along a line from Bradon, Man., to North Battleford, Sask. They say the spores were probably picked up from infected plants and bushes in central Kansas and Nebraska and carried northward by high southeast winds around June 7.

The spores do not necessarily mean damage. Dry weather could prevent them from developing, but plant scientists say they pose a serious threat to this year's grain crop. Cold, rainy weather has delayed crop growth, giving the rust more time to develop.

**STRIKE OVER**

VICTORIA (CP) — The 14-day strike by Victoria's 250 outside workers ended Wednesday when city council voted to refer the dispute to arbitration under provisions of the new British Columbia Labor Relations Act. The strike tied up garbage collections, public works and water works maintenance.
