DANGER! TIME WORKING
How is Time treating your Will? Do you know for a fact that events since you signed your Will have not had the effect of re-writing it?
Failure to keep a Will up-to-date is the most common cause of wrecked estate plans. We suggest that you check yours at the beginning of this new year. CAUTION: If changes are necessary have your legal adviser make them. Home-made revisions are as dangerous as a home-made original Will. We shall be glad to discuss with you the new factors that should be considered when changes are indicated.
