IT is reported (and the report seems not unlikely) that several prominent Oppositionists have lately procured magnifying spectacles, and are searching for objects of public benefit upon which their junior candidate for the city has bestowed a portion of the "independent means" to which their organ has called attention. Report also says that their search has so far been in vain.

THE St. John *Telegraph* says that during a heavy storm of thunder and lightning which passed over Amherst on Monday afternoon the house of James R. Carter on the Amherst Point road was struck by lightning. The chimney was torn down and large holes cut through the roof. Mr. Carter, who was sitting near the stove at the time, was struck below the knee, the fluid burning through his pants, passing down his leg and out through the sole of his boot, burning his leg badly. His servant was knocked down but not injured.

A FACT which even political economists are apt to forget is that a manufacturer's rate of profit is not the only essential element of success; the aggregate profit at the end of the year is of far greater importance, and this in most cases is greater out of a low rate of profit than out of a high rate, because of the increased business, which the low price gives rise to. It was on this principle that Messrs. Tuckett & Son acted in introducing their now famous "Myrtle Navy" tobacco, and to this principle they have ever since adhered. This is one of the reasons why the people of Canada are smoking the best tobacco which can be produced, at a cheaper price than other people can buy a similar article.

[SPECIAL DESPATCHES TO THE EXAMINER.]

The President's Marriage Quiet Wedding at the White House Democratic Simplicity.

WASHINGTON, D. C., June 2.

President Cleveland and Miss Folsom were very quietly married this morning. The guests were received by Miss Cleveland, and comprised Secretary Lamar; Rev. Dr. Sutherland, the officiating clergyman and wife; Postmaster General Vilas and wife; Wilson C. Bissel (the President's law partner); Secretary and Mrs. Endicott; Secretary Bayard; Secretary Whitney and wife; and Secretary and Mrs. Manning.

Conversation was quickly suspended at 7.15 a.m., when the band struck up the strains of the wedding march from Mendelssohn's, "Midsummer Night's Dream," and all eyes were turned to catch a first glimpse of the coming Bride and Groom. The President came slowly down the staircase with the bride leaning upon his arm. They were unaccompanied—even the bride's mother awaiting her with the other guests.

The bride and groom entered the Blue Room and took a position near the southern wall, which was completely hidden from sight by a mass of nodding palms, tropical grasses, and an endless variety of the choicest flowers. The delicate shade of the bride's wedding gown found an exquisite setting in a mass of crimson roses immediately beyond. The President appeared in full evening dress, with a turn-down collar, white lawn necktie, and white enamel studs.

A hush fell upon the assemblage as Dr. Sutherland stepped forward to his position, fronting the wedding couple; with the Rev. Wm. Cleveland, the President's brother, at his left hand. Dr. Sutherland then read the marriage service and, after the responses had been given pronounced them man and wife. A collation was then served to the small, but brilliant company. All the ladies were exquisitely dressed and the decorations of the mansion were of the most elegant description.

During the progress of the collation the bride and bridegroom slipped quietly out of the room, changed their attire for travelling customs, and at 8.30 were driven to the depot, where they took a special train.

The bridal couple will spend a week in the cottage at Deer Park, but their movements thereafter are unknown.

A Presidential salute was fired by a Battery of Artillery and all the bells of the city rang out in joyous peals.

Closing of Parliament.

OTTAWA, June 3.

Parliament was prorogued to-day.

The speech from the throne referred to the eminently practical legislation of the session, which cannot fail to aid materially in the promotion of the progress of the country, and congratulated the country upon the completion of the C. P. R., and the repayment of the $20,000,000 loan. Its future prosperity and enterprise, with marvellous benefits to Canada, are assured. The experimental farms to be established will be greatly appreciated by our agricultural population. The public works and railways of the eastern provinces are now engaging the attention of the Government.

Our National Defences.

OTTAWA, June 3.
