

# Beaver Expected For Pageantry

FREDERICTON (CP) — On Lord Beaverbrook's 80th birthday next Monday he is expected to attend a colorful military pageant here, the first of its kind in Canadian Army history.

The publisher-philanthropist is scheduled to arrive here Friday for another visit to the province of his youth. Sunday he will see a special parade of the Lord Beaverbrook No. 333 Air Cadet Squadron, to be held in honor of his birthday.

Proceeds of the pageant will be divided between the University of New Brunswick building fund and RODE projects. The building fund amount raised by public contributions will be matched by the provincial government. Lord Beaverbrook is honorary life chancellor of UNB.

The military pageant entitled "Soldiers of the Queen" is to be

presented in the Lady Beaverbrook rink Friday, Saturday and Monday evenings by about 60 personnel of the 3rd Canadian Infantry Brigade Group from near Camp Gagetown. All units of the brigade group, commanded by Brig. Robert W. Moncel of Montreal, are contributing to the event, planned in conjunction with Saturday's Army Day.

Scenes from the struggle between the French and English for supremacy in Eastern Canada are being directed by Capt. Arthur J. Beemer of Sault Ste. Marie and Kingston.

The main character is that of Joseph Robineau de Villebon, soldier-diplomat and military governor of Acadia. The army has re-created Fort Nashwaak, which he built in 1691 at the junction of the St. John and Nashwaak rivers near Fredericton.

# Canadian Jet Engines May See French Use

By DAVE McINTOSH  
Canadian Press Staff Writer  
OTTAWA (CP) — A French plane with a Canadian jet engine is a possibility for the RCAF Air Division in Europe, it was learned Wednesday.

The air force has had a close look at the French Mirage Mark III and is considering it, along with British and American planes, as a replacement for its Sabre and CF-100 jet fighters in the 12-squadron air division.

The French air ministry last fall showed interest in acquiring the Canadian Iroquois jet engine for use in the Mirage but apparently passed it over when the Canadian government cancelled the Iroquois and Arrow jet interceptor programs Feb. 20.

The single-seat, delta-wing Mirage, made by the Dassault Company of Paris and now in service with the French air force, travels at more than twice the speed of sound and can be used as a high-level interceptor or low-level attack plane.

The government has not yet made any decision about re-equipping the air division and there is no indication that a decision is near.

The RCAF has checked some 20 aircraft for the air division role. Those still said to be in the running besides the Mirage are the British Blackburn NA-39 and three American types: The Grumman Super Tiger, the Republic F-105 and the Northrop 156.

The RCAF is reported to regard the Blackburn as too heavy and slow. It is only in the development stage and likely won't be available until 1965. The Northrop plane, though relatively cheap, is not highly regarded by the air force.

### END AUTO STRIKE

BIRMINGHAM, England. (Reuters) — Sixty automobile workers Wednesday night ended a six-day strike over the transfer of a shop steward that made idle another 5,000. The striking Mossis plant men make parts needed by an Austin car factory, which had to send 5,000 workers home Wednesday because of a parts shortage. Both plants were due to resume normal operations today.

## MISCOUCHE

Flight Cadet Patricia Poirier, daughter of Mr. and Mrs. John C. Poirier, Miscouche, left on Thursday for North Bay, Ontario, where she will be employed for the summer months in the reserved Airforce. Miss Poirier has successfully completed her sophomore year at St. Dunstan's University, Charlottetown.

Gerald Veno recently spent a week in Halifax as guest of her sister, Mrs. Harris Johnson.

Justin McNeill recently arrived at his home in Miscouche to spend the summer months. Justin is a student at St. Dunstan's University, Charlottetown.

Maurice Gaudet who in the R.C.M.P. returned to his duties at Grand Falls, Newfoundland after having spent the past several weeks in Miscouche at the home of his parents, Mr. and Mrs. Cyril Gaudet.

Several High School students and sisters of Marian Academy, Miscouche, attended the vocation rally which took place at St. Dunstan's University, Charlottetown, on Sunday.

Armand DesRoches recently arrived at his home in Miscouche after having spent a week in Ottawa, where he attended the annual adventure in Citizenship, which was sponsored by the Rotary Club.

The annual meeting of the Miscouche Home and School Association took place on Tuesday evening in the Convent auditorium. Mrs. Ben DesRoches presided.

Fred Mallett, Miscouche, is home again, after having spent the past several weeks in the Prince County Hospital, Summerside where he received treatment.

The people of Miscouche are welcoming Mr. and Mrs. Charles Monty and family who have recently taken up residence here. Mr. and Mrs. Monty are the proprietors of Helens Dress Shop, Summerside.

Congratulations are extended to Erma Gallant, Miscouche, who recently graduated from the Charlottetown Hospital School of Nursing.

Sympathy is extended to the family and relatives of Arthur Gaudet, Miscouche, Mr. Gaudet passed away at the Prince County Hospital on Saturday, and the funeral took place on Tuesday morning at St. John The Baptist Church, Miscouche. The

palbearers were Patrick Martha, D.H. Gallant, Gabriel Arsenault, Gordon Cutcliffe, Frank Arsenault and Emmanuel Richard.

Stone quarry owner rates Chevrolet the toughest truck going

## "Put a Chevy out there and it stays!"

'At the Snyder Stone Quarry, you see Chevrolet trucks of all ages. "They get better and better every year," Mr. R. G. Snyder says. "My '59's keep going with no downtime at all for major service . . . moving more material at less cost per mile than any other make of truck I've had". The grades are steep from quarry to crushing mill, the loads are big and punishing. That's why Mr. Snyder specifies Chevrolet. "Put a Chevy out there and it stays," he says.

That kind of performance is a specialty of the house. Chevrolet turns out heavy-duty trucks that keep their poise no matter what you put in them. They're beating the big, oversized rigs at their own game, showing that precision-engineered chassis components and super-efficient V8 power make up for a locomotive-looking build any day of the week.

Cuts gas costs by 20% on multi-stop schedule! This bakery firm is sold on Chevrolet's "easy driving and fuel economy". Their Chevies keep at it 10 hours a day, averaging 78 stops, covering about 3,500 miles a month!

"You never do wear one out. You just get tired of looking at it and get a new one".  
The truck you see up above is taking on a mountain of a payload — yet Mr. Snyder states, "It moves over the road like a light truck".

Today you sure can't assume that because a truck is trim-lined and good looking it doesn't work every bit as hard as those old-styled steam rollers. Put a Chevy on your run and see what a little pure efficiency can do. Your Chevrolet dealer will arrange the details.

## No job's too tough for a Chevrolet truck!
