

Great Sale of Lace Curtains

Our great Curtain Sale is meeting with a tremendous sale. This is the best snap ever offered in the City on brand new stock.

S. A. McDonald

FOR SALE

The subscriber offers for sale her property at Cardigan consisting of about 21 acres of land with comfortable dwelling house and good out buildings. There is on the property a large orchard in full bearing and a variety of smaller fruits. The land is in a good state of cultivation. This property is situated on the South Shore of Cardigan River and within a few minutes walk of Railway Station, schools and churches. For further particulars apply to D. C. Morson, Cardigan, or to Mrs. A. McDonald, 162 Richmond St., Charlottetown.

Thanks

We wish to thank our customers for their liberal patronage during the year 1908 and trust by our best attention to their requirements to merit a continuance of same for 1909. We also extend our best wishes for a Bright and prosperous New Year.

ENGLISH MAMMOTH LATE RED CLOVER

Imported direct from LONDON, ENGLAND. Just arrived a shipment of this BEST OF ALL CLOVERS. Many farmers have asked us why we cannot procure the OLD ENGLISH MAMMOTH CLOVER that used to produce such large crops years ago. Well we find it difficult to get a real good sample of the GENUINE MAMMOTH variety. Two years ago we imported a nice lot that sold readily and gave excellent results. Last year we could not get a pound of Choice Seed as the ENGLISH crop was very poor and the Seed could not be recommended. A lot of CHILIAN RED Clover Seed has been sent to Canada in recent years and sold as ENGLISH CLOVER. No farmer should sow this variety; it is not at all suitable for this country. A guarantee that we have the GENUINE OLD ENGLISH MAMMOTH LATE RED CLOVER SEED is—that a sworn statement to that effect accompanies the shipment. The Seed is large, plump, and very free from Weed Seeds. It is the finest quality of this variety that we have ever seen. Costs a little more than the Canadian variety, but the cost of the Seed is small compared with the increased yield of nutritious Hay produced. Only a limited quantity to offer. Write us for Samples and Prices.

AN ALL ROUND CHANGE

At New Wonderland To-night. New Singer, New Pianist, New Vaudeville.

Tonight sees the inauguration of new faces at New Wonderland. The former pianist, it will be regretted has been called away to Boston, and her place will be supplied by Miss Mildred Dudley, of Augusta Maine, a pianist of much ability, and formerly of the Happy Half Hour, in St. John. Then Mrs. Tufts of St. John is to make her first appearance this evening as the illustrated song singer, and she is a singer of merit, having made good everywhere she has been. She has a fine, clear, sweet voice, and this feature alone is worth going especially for. Geo. Donaldson, singer and Comedian, will also hold the boards, and last night proved his great capabilities for doing so. Coffman and Carrol, singers, dancers and Comedians make their appearance also, and they are one of the best acts on the road. It's a big bill of new faces, and new talents; do not miss it. Pictures are:— Waterproof Willie, For the Motherland, The Turkey and the Feud.

PROBLEM.

A wine merchant has in his cellar 21 casks. Seven are full of wine; seven half full, and seven empty. How can he divide them (without transferring any portion of the liquid from cask to cask) among his three sons—Dick, Tom and Harry, so that each shall have not only an equal quantity of wine, but an equal number of casks? A new problem every night this week. Grand entertainment too, come and see personally.

inclined railway, through which are drawn the supplies of coal and iron. The cupola's melting capacity is seven tons of iron an hour, and frequent tests of melt are made by analysis to ensure the castings turned out being smooth and tough, which means in the finished stove durability and beauty. The stage or charging floor surrounding the cupola is made of reinforced concrete.

Next to the moulding shop is a room 50 feet square which is known as the mounting shop. Here the castings from the moulding shop are put into heavy revolving cylinders which remove the sand and thoroughly clean each piece. When the castings are taken from the mills, all defective pieces are rejected and the perfect ones are then ground off and are ready for mounting.

In the mounting and finishing shops, which are 150x70 feet, the process of making the complete and perfect stove is further advanced, each piece being carefully fitted and bolted into its proper place.

In this department also is the machinery for constructing the well-known Enterprise Monarch Steel Ranges. The steel sheets are cut, bent, punched and riveted, all by heavy machines, no heat being used at any stage of the process. The necessary copper and tin-work are also carried on here, so that altogether it is a very interesting department to visit. At this point, too, is the inspection department, where each part is examined to see that it is perfect in workmanship, fit and finish, before continuing on its forward course.

Next in the chain of buildings comes the plating room, 50x50 feet where amid the whirl of wheels for cleaning, grinding, polishing and processes of washing, and plating, the platers take the plain black castings in hand; and after many immersions in the different tanks and baths, produce that brilliant plated work which has done so much to make Enterprise stoves and ranges recognized among the best produced in this country. Then comes the final process of cleaning and crafting, which is done in a building 50x25 feet, before removal to the warehouse where the completed stoves are stored until required for shipment. The warehouses are two story, to give greater capacity for storage, and the various entrances open out on a siding of the railway which runs into the works; so that the raw materials are deposited and the finished product loaded directly on the cars for shipment.

On the whole the plant is a model one, as complete and up-to-date as any on the continent. Every known idea which makes for increased efficiency, lightening labor and reduc-

ing cost of product has been adopted and the result is a stove foundry which is a credit to the company, to Sackville and to all of Eastern Canada. Enterprise products are well known and have been freely sold for many years in every town and village in the Maritime Provinces. In addition to the large business done by the Company in the East, they have depots in Montreal, Toronto and Saskatoon. This latter has just been opened in connection with the Enterprise Hardware Co., of that city.

D. S. Campbell who is well known in Prince Edward Island, is the Maritime representative. The officers of the Enterprise Foundry Co. are W. S. Fisher, President, R. B. Emerson, vice-president, Fred A. Fisher, manager, and A. E. Jubien, secretary; and to them and their staff The Guardian extends congratulations on the opening of one of the finest stove manufacturing plants in Canada.

GRAND NEWS FOR OLD FOLKS

What Dodd's Kidney Pills did for Hiram Brown.

His Aches and Pains and Gave Him Restful Slumber—Known as the Old Folks' Friend.

EAST MAPLETON, Cumberland Co., N. S., April 19.—(Special).—Though well past the allotted span of life Mr. Hiram Brown of this place is still one of the grandest sights in life, a hale and hearty old gentleman. And like many another Canadian veteran he gives Dodd's Kidney Pills the credit for his abundant health.

"I am seventy-two years of age," Mr. Brown said in an interview, "and I want to say that Dodd's Kidney Pills cured me of Gravel and Kidney Trouble. I was troubled with Backache, Headache and Dizziness, Cramps in the Muscles and Stiffness of the Joints. My sleep was broken and at times my limbs would swell.

"But since taking Dodd's Kidney Pills, all these troubles have gone. I consider Dodd's Kidney Pills a wonderful medicine."

The aged man or woman who has healthy Kidneys can afford to laugh at the ills of life. For healthy Kidneys keep the blood pure and ensure good restful sleep. Dodd's Kidney Pills always make healthy Kidneys. That is why they are known as the Old Folks' Best Friend.

BIG MASSACRE OF 2000 PERSONS.

ST. PETERSBURG, April 19.—Advices from Teheran report a massacre of 2,000 persons, including women and children, by the Turcoman tribesmen at Astrabad. The Russian Government is sending troops to that place.

SHIPPING NEWS.

Cleared—April 19, Eva May, Davies, Pictou.

"Chamois Lined Vests are the proper thing for winter wear—Light as feathers yet keep the cold and wind and the price would hardly pay for the pockets in a fur coat.—For ladies and gentlemen. See them at 'The Two Mac's Druggists.'"

What A Horseman

Told us over our counter and without our asking.—I have followed horses for the past twenty years and the best condition powder I ever fed was the Island Condition Powder—gave the best results.

As a blood purifier and tonic it has no equal.
